Daniel Strieff

Rise Of Neoconservatism Intellectuals And Foreign Affairs 1945 1994:

The Rise of Neoconservatism John Ehrman, 1995-01-01 Neoconservatism evolved in the USA from the anti communist coalition that dominated liberalism from the late 1940s to the late 1960s In this book Ehrman discusses how big an influence the group has had on American politics foreign policy in particular through the decades since then **Debating the Reagan Presidency** John Ehrman, Michael W. Flamm, 2002-09-01 The presidency of Ronald Reagan has become a Rorschach Test for politicians and citizens alike While many conservatives see the Reagan era of the 1980s as the high water mark for their movement and a time of national recovery from the difficulties of the 1970s many liberals maintain that the rosy Reagan legacy is based largely on myth and that in fact his eight years as president caused serious harm to the country John Ehrman and Michael W Flamm give due attention to the lasting controversies surrounding the Reagan record and provide a balanced view of the fortieth president's foreign and domestic policies Students are encouraged to draw their own conclusions by reading key primary documents *Cause Lawyering and the State in a Global Era* Austin Sarat, Stuart A. Scheingold, 2001 Cause lawyering is law as practised by the politically motivated and those devoted to moral activism This text examines the concept in a global context exploring ways in which it influences and is influenced by the disaggregation of state power associated with democratization and how democratization empowers lawyers who want to effect change *Energy and Empire* George A. Gonzalez, 2012-09-01 What set the United States on the path to developing commercial nuclear energy in the 1950s and what led to the seeming demise of that industry in the late 1970s Why in spite of the depletion of fossil fuels and the obvious dangers of global warming has the United States moved so slowly toward adopting alternatives In *Energy and Empire* George A Gonzalez presents a clear and concise argument demonstrating that economic elites tied their advocacy of the nuclear energy option to post 1945 American foreign policy goals At the same time these elites opposed government support for other forms of energy such as solar that cannot be dominated by one nation While researchers have blamed safety concerns and other factors as helping to arrest the expansion of domestic nuclear power plant construction Gonzalez points to an entirely different set of motivations stemming from the loss of America's domination control of the enrichment of nuclear fuel Once foreign countries could enrich their own fuel civilian nuclear power ceased to be a lever the United States could use to economically politically dominate other nations Instead it became a major concern relating to nuclear weapons proliferation **Neoconservatism and the New American Century** M. Ryan, 2010-10-25 Situated at the intersection of political history intellectual history and the history of U S foreign policy this book offers an in depth examination of the development of neoconservative foreign policy from the end of the Cold War to the election of George W Bush in 2000 *New Right, New Racism* Amy Elizabeth Ansell, 2016-07-27 New Right New Racism is a comparative analysis of the role of racialized symbols in the right turn of US and British politics in the late 1970s through to today The author argues that the symbol of race has been central to the New Right's project to redefine the cultural codes and broader social

imaginary upon which the consensus politics of the post war years was built In the process of mobilizing race as an ideological articulator of the exit from consensus politics the New Right has promoted a new form of racism qualitatively distinct from more traditional forms

Jimmy Carter and the Middle East Daniel Strieff,2015-08-05 Based on newly declassified documents this book offers a provocative new analysis of President Jimmy Carter's political role in Arab Israeli diplomacy It analyzes the reflexive relationship between domestic politics and foreign policy especially the roles played by the media public opinion and pro Israel lobby groups

A Shadow over Palestine Keith P. Feldman,2015-04-15 Winner Best Book in Humanities and Cultural Studies Literary Studies Association for Asian American Studies Upon signing the first U S arms agreement with Israel in 1962 John F Kennedy assured Golda Meir that the United States had a special relationship with Israel in the Middle East comparable only to that of the United States with Britain After more than five decades such a statement might seem incontrovertible and yet its meaning has been fiercely contested from the start A Shadow over Palestine brings a new deeply informed and transnational perspective to the decades and the cultural forces that have shaped sharply differing ideas of Israel's standing with the United States right up to the violent divisions of today Focusing on the period from 1960 to 1985 author Keith P Feldman reveals the centrality of Israel and Palestine in postwar U S imperial culture Some representations of the region were used to manufacture commonsense racial ideologies underwriting the conviction that liberal democracy must coexist with racialized conditions of segregation border policing poverty and the repression of dissent Others animated vital critiques of these conditions often forging robust if historically obscured border crossing alternatives In this rich cultural history of the period Feldman deftly analyzes how artists intellectuals and organizations from the United Nations the Black Panther Party and the Association of Arab American University Graduates to James Baldwin Daniel Patrick Moynihan Edward Said and June Jordan linked the unfulfilled promise of liberal democracy in the United States with the perpetuation of settler democracy in Israel and the possibility of Palestine's decolonization In one of his last essays published in 2003 Edward Said wrote In America Palestine and Israel are regarded as local not foreign policy matters A Shadow over Palestine maps this jagged terrain on which this came to be amid a wealth of robust alternatives and the undeterred violence at home and abroad unleashed as a result of this special relationship

The Conservative Century Gregory L. Schneider,2009-11-16 This concise history focuses on the development of American conservatism in the twentieth century up to the present Gregory L Schneider traces the course of a once reactionary movement opposed to progressive reform and the New Deal and describes how it came to advance alternative policies and programs that revolutionized the shaping of domestic politics foreign policy and economic policy Along the way he profiles such influential thinkers as William F Buckley Frank Meyer Henry Regnery and Barry Goldwater He also details how the decline of liberalism after the 1960s helped conservatives gain political power and how their energized activism and organization culminated in the election of Ronald Reagan in 1980 Schneider also describes how the years since the Reagan

Revolution have been decidedly mixed for American conservatives Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author **The Regime Change Consensus** Joseph Stieb, 2021-07-08 How the United States pivoted from containment to regime change in Iraq between the Gulf War and September 11 2001 *The Conservative Ascendancy* Donald T. Critchlow, 2011-09-07 Hailed as perhaps the best scholarly overview of the conservative movement in print American Conservative Donald Critchlow's *The Conservative Ascendancy* has depicted as no other book has the wild ride of the Republican Right Newly updated and available for the first time in paperback it continues to offer the best account of the conservative struggle to reverse the momentum of the New Deal In tracing the conservative revival Critchlow chronicles how conservative beliefs were translated into political power He shows how conservatives from think tank theorists to grassroots mobilizers gained control of the Republican party by defeating its liberal eastern wing only to find that the welfare state was not so easily dismantled Looking back at the 1964 Goldwater debacle and the scandal plagued Nixon years he then revisits the triumph of the Reagan presidency and describes how George W Bush injected into American politics a level of partisanship not seen since the nineteenth century Critchlow recounts the conflict between purity of principle and political practice for conservatives and the dilemma of maintaining an anti statist ideology in an era of mass democracy and Cold War hostilities Throughout he delineates the intellectual foundations of the Right's positions including the ongoing schism that separates social conservatives from libertarians while plumbing America's increasing ideological divide This updated edition not only features a new preface and conclusion but also boasts an entirely new chapter covering the 2008 presidential election the 2008 financial meltdown the first two years of Obama's presidency the emergence of the Tea Party the 2010 midterms and ongoing economic problems Here Critchlow foresees a new epoch in which the old conservative progressive divide is unable to address the problems caused by national debt entitlement deficits and a new global economy a new reality sure to transform both parties As conservatives continue to wave the banners of limited government individual responsibility and free enterprise Critchlow's book provides a clear guide to the country's most dynamic political movement and is essential reading for students and citizens alike as the political center continues to tack to the right **A Pact with the Devil** Tony Smith, 2012-09-10 Despite the overwhelming opposition on the left to the war in Iraq many prominent liberals supported the war on humanitarian grounds They argued that the war

would rid the world of a brutal dictator and liberate the Iraqi people from totalitarian oppression paving the way for a democratic transformation of the country In *A Pact with the Devil* Tony Smith deftly traces this undeniable drift in mainstream liberal thinking toward a more militant posture in world affairs with respect to human rights and democracy promotion Beginning with the Wilsonian quest to make the world safe for democracy right up to the present day liberal support for regime change Smith isolates leading strands of liberal internationalist thinking in order to see how the liberal hawks constructed them into a case for American and liberal imperialism in the Middle East The result is a reflection on an important aspect of the intellectual history of American foreign policy establishing how a sophisticated group of thinkers came to fashion their recommendations to Washington and working to see what role liberalism may still play in deliberations in the country on its role in world events now that the failure of these ambitions in Iraq seems clear

Professors and Their Politics Neil Gross, Solon Simmons, 2014-07-15 Offering readable rigorous analyses rather than polemics *Professors and Their Politics* yields important new insights into the nature of higher education institutions while challenging dogmas of both the left and the right

Unraveling the Gray Area Problem Luke Griffith, 2023-12-15 In *Unraveling the Gray Area Problem* Luke Griffith examines the US role in why the Intermediate Range Nuclear Forces INF Treaty took almost a decade to negotiate and then failed in just thirty years The INF Treaty enhanced Western security by prohibiting US and Russian ground based missiles with maximum ranges of 500 to 5 500 kilometers Significantly it eliminated hundreds of Soviet SS 20 missiles which could annihilate targets throughout Eurasia in minutes Through close scrutiny of US theater nuclear policy from 1977 to 1987 Griffith describes the Carter administration s masterminding of the dual track decision of December 1979 the North Atlantic Treaty Organization NATO initiative that led to the INF Treaty The Reagan administration in turn overcame bureaucratic infighting Soviet intransigence and political obstacles at home and abroad to achieve a satisfactory outcome in the INF negotiations Disagreements between the US and Russia undermined the INF Treaty and led to its dissolution in 2019 Meanwhile the US is developing a new generation of ground based INF type missiles that will have an operational value on the battlefield Griffith urges policymakers to consider the utility of INF type missiles in new arms control negotiations Understanding the scope and consistency of US arms control policy across the Carter and Reagan administrations offers important lessons for policymakers in the twenty first century

Shifting Sands Joel S. Migdal, 2014-02-04 Joel S Migdal focuses on the approach U S officials adopted toward the Middle East after World War II one that paid scant attention to tectonic shifts in the region The United States did not restrict its strategic model to the Middle East beginning with Harry S Truman American presidents applied a uniform strategy rooted in the country s Cold War experience in Europe to regions across the globe designed to project America into nearly every corner of the world while limiting costs and overreach The approach was simple find a local power that could play Great Britain s role in Europe after the war sharing the burden of exercising power and establish a security alliance along the lines of NATO Yet regional changes following the creation of

Israel the Free Officers Coup in Egypt the rise of Arab nationalism from 1948 to 1952 and later the Iranian Revolution and the Egypt Israel peace treaty in 1979 complicated this project Migdal shows how insufficient attention to these key transformations led to a series of missteps and misconceptions in the twentieth century With the Arab uprisings of 2009 2011 prompting another major shift Migdal sees an opportunity for the United States to deploy a new more workable strategy and he concludes with a plan for gaining a stable foothold

Henry Wallace's 1948 Presidential Campaign and the Future of Postwar Liberalism Thomas W. Devine, 2013-05-27 In the presidential campaign of 1948 Henry Wallace set out to challenge the conventional wisdom of his time blaming the United States instead of the Soviet Union for the Cold War denouncing the popular Marshall Plan and calling for an end to segregation In addition he argued that domestic fascism rather than international communism posed the primary threat to the nation He even welcomed Communists into his campaign admiring their commitment to peace Focusing on what Wallace himself later considered his campaign's most important aspect the troubled relationship between non Communist progressives like himself and members of the American Communist Party Thomas W Devine demonstrates that such an alliance was not only untenable but from the perspective of the American Communists undesirable Rather than romanticizing the political culture of the Popular Front Devine provides a detailed account of the Communists self destructive behavior throughout the campaign and chronicles the frustrating challenges that non Communist progressives faced in trying to sustain a movement that critiqued American Cold War policies and championed civil rights for African Americans without becoming a sounding board for pro Soviet propaganda

The Ambivalence of Good Jan Eckel, 2019-04-11 *The Ambivalence of Good* examines the genesis and evolution of international human rights politics since the 1940s Focusing on key developments such as the shaping of the UN human rights system decolonization the rise of Amnesty International the campaigns against the Pinochet dictatorship the moral politics of Western governments or dissidence in Eastern Europe the book traces how human rights profoundly if subtly transformed global affairs Moving beyond monocausal explanations and narratives prioritizing one particular decade such as the 1940s or the 1970s *The Ambivalence of Good* argues that we need a complex and nuanced interpretation if we want to understand the truly global reach of human rights and account for the hopes conflicts and interventions to which this idea gave rise Thus it portrays the story of human rights as polycentric demonstrating how actors in various locales imbued them with widely different meanings arguing that the political field evolved in a fitful and discontinuous process This process was shaped by consequential shifts that emerged from the search for a new world order during the Second World War decolonization the desire to introduce a new political morality into world affairs during the 1970s and the visions of a peaceful international order after the end of the Cold War Finally the book stresses that the projects pursued in the name of human rights nonetheless proved highly ambivalent Self interest was as strong a driving force as was the desire to help people in need and while international campaigns often improved the fate of the persecuted they were equally likely to have counterproductive

effects The Ambivalence of Good provides the first research based synopsis of the topic and one of the first synthetic studies of a transnational political field such as population health or the environment during the twentieth century Based on archival research in six countries it breaks new empirical ground concerning the history of human rights in the United Nations of human rights NGOs of far flung mobilizations and of the uses of human rights in state foreign policy **Age of Fracture** Daniel T. Rodgers,2012-09-03 In the last quarter of the twentieth century the ideas that most Americans lived by started to fragment Mid century concepts of national consensus managed markets gender and racial identities citizen obligation and historical memory became more fluid Flexible markets pushed aside Keynesian macroeconomic structures Racial and gender solidarity divided into multiple identities community responsibility shrank to smaller circles In this wide ranging narrative Daniel Rodgers shows how the collective purposes and meanings that had framed social debate became unhinged and uncertain Age of Fracture offers a powerful reinterpretation of the ways in which the decades surrounding the 1980s changed America Through a contagion of visions and metaphors on both the intellectual right and the intellectual left earlier notions of history and society that stressed solidity collective institutions and social circumstances gave way to a more individualized human nature that emphasized choice agency performance and desire On a broad canvas that includes Michel Foucault Ronald Reagan Judith Butler Charles Murray Jeffrey Sachs and many more Rodgers explains how structures of power came to seem less important than market choice and fluid selves Cutting across the social and political arenas of late twentieth century life and thought from economic theory and the culture wars to disputes over poverty color blindness and sisterhood Rodgers reveals how our categories of social reality have been fractured and destabilized As we survey the intellectual wreckage of this war of ideas we better understand the emergence of our present age of uncertainty

Vietnam's Second Front Andrew L. Johns,2010-03-12 The Vietnam War has been analyzed dissected and debated from multiple perspectives for decades but domestic considerations such as partisan politics and election year maneuvering are often overlooked as determining factors in the evolution and outcome of America's longest war In Vietnam's Second Front Domestic Politics the Republican Party and the War Andrew L Johns assesses the influence of the Republican Party its congressional leadership politicians grassroots organizations and the Nixon administration on the escalation prosecution and resolution of the Vietnam War This groundbreaking work also sheds new light on the relationship between Congress and the imperial presidency as they struggled for control over U S foreign policy Beginning his analysis in 1961 and continuing through the Paris Peace Accords of 1973 Johns argues that the Kennedy Johnson and Nixon administrations failed to achieve victory on both fronts of the Vietnam War military and political because of their preoccupation with domestic politics Johns details the machinations and political dexterity required of all three presidents and of members of Congress to maneuver between the countervailing forces of escalation and negotiation offering a provocative account of the ramifications of their decisions With clear incisive prose and extensive archival research Johns's analysis covers the broad range of the Republican

Party's impact on the Vietnam War offers a compelling reassessment of responsibility for the conflict and challenges assumptions about the roles of Congress and the president in U.S. foreign relations

Embracing the Song of Phrase: An Mental Symphony within **Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994**

In a global eaten by monitors and the ceaseless chatter of instantaneous interaction, the melodic splendor and psychological symphony developed by the prepared term frequently fade in to the back ground, eclipsed by the persistent noise and interruptions that permeate our lives. However, set within the pages of **Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994** an enchanting literary treasure full of organic emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts viewers on a psychological journey, skillfully unraveling the hidden melodies and profound impact resonating within each cautiously constructed phrase. Within the depths of this touching assessment, we will explore the book is central harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface

and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 Books

1. Where can I buy Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rise Of Neoconservatism Intellectuals And Foreign Affiars 1945 1994 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
