Knock, 2016-03-01 The first major biography of the 1972 U S presidential candidate and unsung champion of American liberalism The Rise of a Prairie Statesman is the first volume of a major biography of the 1972 Democratic presidential candidate who became America s most eloquent and prescient critic of the Vietnam War In this masterful book Thomas Knock traces George McGovern s life from his rustic boyhood in a South Dakota prairie town during the Depression to his rise to the pinnacle of politics at the 1968 Democratic National Convention in Chicago where police and antiwar demonstrators clashed in the city s streets Drawing extensively on McGovern s private papers and scores of in depth interviews Knock shows how McGovern s importance to the Democratic Party and American liberalism extended far beyond

his 1972 presidential campaign and how the story of postwar American politics is about more than just the rise of the New Right He vividly describes McGovern's harrowing missions over Nazi Germany as a B 24 bomber pilot and reveals how McGovern's combat experiences motivated him to earn a PhD in history and stoked his ambition to run for Congress When President Kennedy appointed him director of Food for Peace in 1961 McGovern engineered a vast expansion of the program's school lunch initiative that soon was feeding tens of millions of hungry children around the world As a senator he delivered his courageous and unrelenting critique of Lyndon Johnson's escalation in Vietnam a conflict that brought their party to disaster and caused a new generation of Democrats to turn to McGovern for leadership A stunning achievement The Rise of a Prairie Statesman ends in 1968 in the wake of the assassinations of Martin Luther King and Robert Kennedy when the Draft McGovern movement thrust him into the national spotlight and the contest for the presidential nomination culminating in his triumphal reelection to the Senate and his emergence as one of the most likely prospects for the Democratic nomination in 1972

No One's World Charles A. Kupchan, 2012-03-01 The world is on the cusp of a global turn Between 1500 and 1800 the West sprinted ahead of other centers of power in Asia and the Middle East Europe and the United States have dominated the world since But today the West's preeminence is slipping away as China India Brazil and other emerging powers rise Although most strategists recognize that the dominance of the West is on the wane they are confident that its founding ideas democracy capitalism and secular nationalism will continue to spread ensuring that the Western order will outlast its primacy In No One's World Charles A Kupchan boldly challenges this view arguing that the world is headed for political and ideological diversity emerging powers will neither defer to the West's lead nor converge toward the Western way The ascent of the West was the product of social and economic conditions unique to Europe and the United States As other regions now rise they are following their own paths to modernity and embracing their own conceptions of domestic and international order Kupchan contends that the Western order will not be displaced by a new great power or dominant political model The twenty first century will not belong to America China Asia or anyone else It will be no one's world For the first time in history an interdependent world will be without a center of gravity or global guardian More than simply diagnosing what lies ahead Kupchan provides a detailed strategy for striking a bargain between the West and the rising rest by fashioning a new consensus on issues of legitimacy sovereignty and governance Thoughtful provocative sweeping in scope this work is nothing less than a global guidebook for the 21st century
