MBA program and swam in job opportunities from Fortune 100 companies Then the darkness came My company and my life savings disappeared quicker than I could realize My beloved mother faced an unwindable battle with a terminal illness as I helplessly watched her Shortly after my wife whom I considered my bastion and avid supporter announced our marriage was over With only my kids left to live for the final strike hit me I was diagnosed with cancer The life I envisioned for myself was destroyed and I was left with one thing and one thing only Hope This story is the recollection of my experiences and fights as I reclaimed my life and turned hope into reality As I slowly took control of my destiny I developed a newfound resilience and strength to survive and be a father for my kids I share my journey to provide you with hope and inspiration when battling an illness experiencing a loss in your life or unable to find the light at the end of the tunnel In these trying times and a rapidly changing world facing an unprecedented crisis hope is needed more than ever before I am not offering you a cure or solution I am giving you my authentic and unique experiences detailing how I overcame my struggles and how you can do the same In this book I show you one way to overcome struggles and how to live life with an optimistic and open mind If you feel hopeless defeated and alone join me on my journey and I ll help you find a new appreciation for life
