## **Robin's Ghost:**

**Ghost Trails of Lancashire** Clive Kristen, 2014-06-10 Popular TV ghosthunter Clive Kristen takes the reader in search of gruesome events in his home county of Lancashire. The stories are woven into their historical context and take the reader to spooktacular places. From grisly murders to wronged women to unfinished business, Lancashire has a haunting story.

Ghost Criminology Michael Fiddler, Theo Kindynis, Travis Linnemann, 2022-01-18 Bringing together prominent early contributions from this emergent perspective, the volume traces the origins, theory, and methodology of a nascent ghost criminology. From the powers of exorcism and erasure marshaled by state agents, street-level struggles over memorialization and memory to the lingering violence of crime scenes and the ghostly traces of outlaw artists, *Ghost Criminology* is a book attuned to that which is well theorized in other disciplines: the spectral, hauntological, apparitional. Each of the writers assembled here shares a fascination for the outside that which lies beyond standard perception, cognition, and experience. As such, this collection uses cutting-edge social and cultural theory to tangle with some of criminology's most stubborn revenants: the politics of criminalization, the commodification of crime and violence, the haunting power of the image as well as the unheard and disregarded cries of the dead.

Staging the Ghost Story Kelly Jones, 2025-06-29 *Staging the Ghost Story* is the first book to offer a critical appraisal of the centuries-long relationship between the ghost story and the English stage. The book balances a critical consideration of the ghost story in performance, its history, its cultural politics, and its generic conventions with practical insight regarding the valency of live representations of the supernatural, the challenges of embodiment, and the power of storytelling. Throughout, it draws upon accompanying interviews with prominent directors, playwrights, performers, and stage designers in the industry, including Mark Gatiss, Robin Herford, Michael Holt, Danny Robins, Robert Lloyd Parry, Rebecca Vaughan, Tajinder Singh Hayer, Glen Neath, Adam Z. Robinson, Richard Sutton, Paul Voodini, and Jonathan Goodwin. With a focus upon the seminal elements of theatrical performance—time, space, bodies, devices, and audience—the book invites the elusive shadows of the ghost story to take centre stage.

*The Robins* Sahana Ravi, 2022-07-21 Ghost Words and Invisible Giants Lheisa Dustin, 2021-06-29 In *Ghost Words and Invisible Giants*, Lheisa Dustin engages psychoanalytic theory to describe the language of suffering of iconic modernist authors: H. D. and Djuna Barnes, tracing disconnection, psychic splitting, and virulent thought patterns in creative works that have usually been read as intentionally enigmatic. Dustin imbricates Barnes and H. D.'s sense of tenuous psychic boundaries with others: parent figures, otherworldly and divine beings, and ambivalent or malignant love objects in their creative brilliance, suggesting that the writers' works stage and also help manage their psychic suffering in language in which signifier (the sound or image of the word) and signified (what it means) are radically disconnected. The cryptic and ineffable styles of these texts thus involve attempts to embody the meanings that cannot be expressed through language. Dustin reads two of H. D.'s later works as examples of language that does not differentiate words, thoughts, and people from one another.

and instead tries to include everything in its formulations of meaning However H D she argues also seeks an end to this mental proliferation an end that she associates with the hallucinatory return of difference as such In contrast Dustin reads two novels by Barnes as invoking and denying childhood secrets through the use of fetishized words To supplement her psychoanalytic readings Dustin considers the authors familial and romantic histories and their broader social involvements or noninvolvement for instance H D s Occultist practices and psychoanalytic sessions Barnes s fascination with spectacle and her later reclusion rendering a detailed and compelling analysis of the forces at play beneath enigmatic difficult modernist literary works Read in this light the spectral and otherworldly figures and strange patterns of expression appearing in H D s and Barnes s writing and perhaps much of our writing signal the traumatic content that it tries to negate Quakers and Cock Robins; or, Hypocrisy unmasked. To which is added a curious dialogue, between Mr. Noodle and Mr. Downright, etc Samuel DALES,1828 *The Battle of the Frogs and Fairford's Flies* NA NA,2016-04-30 **Strawberry Hill, the renowned seat of Horace Walpole. Office of Coastal Zone Management,1975 Tracings 94 54 *Lives in Play* Ryan Claycomb,2012-08-08 *Lives in Play* explores the centrality of life narratives to women s drama and performance from the 1970s to the present moment In the early days of second wave feminism the slogan was The personal is the political These autobiographical and biographical true stories have the political impact of the real and have also helped a range of feminists tease out the more complicated aspects of gender sex and sexuality in a Western culture that now imagines itself to be postfeminist The book covers a broad range of texts and performances from performance artists like Karen Finley Holly Hughes and Bobby Baker to playwrights like Suzan Lori Parks Maria Irene Fornes and Sarah Kane The book examines biography and autobiography together to link their narrative tactics and theatrical approaches and show the persistent and important uses of life writing strategies for theater artists committed to advancing women s rights and remaking women s representations *Lives in Play* argues that these writers and artists have not only responded to the vibrant conversations in feminist theory but also have anticipated and advanced these ideas theorizing gender onstage for specific ends Ryan Claycomb demonstrates how these performances work through tensions between performative identity and the essentialized

body between the truth value of life stories and the constructed nature of gender and narrative alike and between writing and performing as modes of feminist representation The book will appeal to scholars in performance studies women s studies and literature including those in the growing field of auto biography studies
