Five Years Ahead of My Time Seth Bovey, 2019-06-10 Five Years Ahead of My Time Garage Rock from the 1950s to the

Present tells of a musical phenomenon whose continuing influence on global popular culture is immeasurable The story begins in 1950s America when classic rock n roll was reaching middle age and teenaged musicians kept its primal rawness going with rough hewn instrumentals practicing guitar riffs in their parents garages In the mid 1960s came the Beatles and the British Invasion and soon every neighborhood had its own garage band Groups like the Sonics and 13th Floor Elevators burnt brightly but briefly only to be rediscovered by a new generation of connoisseurs in the 1970s Numerous compilation albums followed spearheaded by Lenny Kaye s iconic Nuggets which resulted in garage rock s rebirth during the 1980s and 90s Be it the White Stripes or the Black Keys bands have consistently found inspiration in the simplicity and energy of garage rock It is a revitalizing force looking back to the past to forge the future of rock n roll And this for the first time is its story

When Ziggy Played Guitar Dylan Jones,2012-06-28 And then there was David Bowie the uber freak with the mismatched pupils the low tech space face from the planet Sparkle This was Bowie s third appearance on TOTP but this was the one that properly resonated with its audience the one that would go on to cause a seismic shift in the Zeitgeist This is the performance that turned Bowie into a star embedding his Ziggy Stardust persona into the nation s consciousness With a tall flame orange cockade quiff stolen from a Kansai Yamamoto model on the cover of Honey lavishly applied make up white nail polish and wearing a multi coloured jump suit that looked as though it were made from fluorescent fish skin chosen by Ziggy co shaper the designer Freddie Burretti and carrying a brand spanking new blue acoustic guitar a bone thin Bowie appeared not so much as a pop singer but rather as some sort of benevolent alien a concept helped along by the provocative

appearance of his guitarist the chicken headed Mick Ronson with both of them unapologetically sporting knee length patent leather wrestler s boots Bowie s were red Most people are scared of colour Bowie said later Their lives are built up in shades of grey It doesn t matter how straight the style is make it brightly coloured material and everyone starts acting weird Suddenly Bowie a man called alias had the world at his nail varnished fingertips and in no time at all he would be the biggest star in the world

American Bandstand John Jackson,1999-06-03 I don t make culture I sell it Dick Clark once remarked Indeed the man who reigned as host of American Bandstand for nearly four decades may not have invented rock n roll but he sold it to the American public better than anyone before or since Before Clark rock n roll was the step child of radio which took to playing records as a cost saving measure after television siphoned off radios most lucrative sponsors But it was network television and specifically Clarks Bandstand that ultimately legitimized what was then viewed by most adults as vulgar low class music broadcasting a sanitized vision of rock n roll straight into Americas living rooms five afternoons a week Here is the first book to tell the full story of what happened in front of and behind the cameras on Dick Clark s American Bandstand providing both a history of this landmark show and of the changing styles of rock n roll over four decades Based on extensive interviews with music business figures recording stars and Clark himself and featuring dozens of rare or never before published photographs this is a riveting and uncensored account of a show that managed to survive countless revolutions in popular music Jackson describes Bandstands humble beginnings in Philadelphias blue collar south side the sex scandal that scuttled the first host of Bandstand and enabled Clark to launch his career the glory days when an appearance on Bandstand was one of the most prized gigs in the music business and when teenagers lined up for blocks hoping to enter the studio and memorable Bandstand appearances by rock n roll royalty from Chubby Checker and Frankie Avalon to Jerry Lee Lewis and Jefferson Airplane to Pink Floyd and Madonna Here as well is a candid look at the backstage financial maneuvering that allowed Clark to launch a video and entertainment empire worth nearly 200 million dollars today Voted Most Likely To Sell The Brooklyn Bridge by his high school classmates Clark emerges as a cunning business impresario determined to make millions Readers learn how Clark decided which eager young singers would appear on the show how he managed to survive a 1959 Congressional payola investigation that destroyed the careers of many other popular disc jockeys how much money he earned from his personal financial investments in many of the songs played on Bandstand and his importance to ABC in its fledgling days as a national television network As entertaining as it is eye opening Dick Clark s American Bandstand will bring back a flood of memories to everyone who lived through that era It will fascinate everyone interested in popular American culture or in rock n roll history
