interpretation of the operation of identifying fact on the one hand and identifying the meaning of a text on the other All philosophies of law recognize themselves in the analysis they propose for this interpretation and we too shall seek in this volume to furnish a few elements of use for this analysis We wish however to make it clear that our endeavour is addressed not only to legal philosophers the nature of the interpretive act in legal science is a matter of interest to the legal practitioner too He will find in these pages we believe elements that will serve him in reflection on his daily work Comparative Law Yearbook of International Business Cumulative Index Dennis Campbell, 1939-,2006-11-27 This publication is an index of all articles published in the yearbook from its first year 1977 to 2004 Yearbook of Pharmacy ,1878 Includes the proceedings of the British Pharmaceutical Conference at its 7th 64th annual meetings Lower Colorado Region Comprehensive Framework Study: Append. 7.
