Rock A Tale Of Seventh Century Jerusalem:

The Rock Kanan Makiya, 2002 In the beginning there was a rock deemed the point of creation of the cosmos and the place of assembly on the Day of Judgement Then there was a dome built over the rock the Dome of the Rock Few sites in the world have been held as sacred or has been fought over as the Rock but whose rock is enshrined inside the golden Dome of Jerusalem The Rock of Moses or of Muhammad Makiya has gathered together the stories legends and beliefs that define the Rock the rock where Abraham attempted to sacrifice Isaac the rock on which Adam landed on his fall from Paradise the rock on which Solomon s Temple once stood and where Jesus preached a temple which was the model for the Muslim Dome that remains Jerusalem s symbol to this day The Rock Brandeis University. International Center for Ethics, Justice and Public Life, Brandeis University. Jacob and Libby Goodman Institute for the Study of Zionism and Israel, 2002 Perspectives on Early Islamic Art in Jerusalem Lawrence Nees, 2015-09-17 Through its material remains Perspectives on Early Islamic Art in Jerusalem analyzes several overlooked aspects of the earliest decades of Islamic presence in Jerusalem during the seventh century CE Focusing on the Haram al Sharif also known as the Temple Mount Lawrence Nees provides the first sustained study of the Dome of the Chain a remarkable eleven sided building standing beside the slightly later Dome of the Rock and the first study of the meaning of the columns and column capitals with figures of eagles in the Dome of the Rock He also provides a new interpretation of the earliest mosque in Jerusalem the Haram as a whole with the sacred Rock at its center

Selling Jerusalem Annabel Jane Wharton, 2006-08-15 Selling Jerusalem offers an introduction to the explosive combination of piety and capital at work in religious objects and global politics It is sure to interest students and scholars of art history economic history popular culture religion and architecture **Figuring Jerusalem** Sidra DeKoven Ezrahi, 2022-04-22 Figuring Jerusalem explores how Hebrew writers have imagined Jerusalem both from the distance of exile and from within its sacred walls For two thousand years Hebrew writers used their exile from the Holy Land as a license for invention The question at the heart of Figuring Jerusalem is this how did these writers bring their imagination home in the Zionist century Sidra DeKoven Ezrahi finds that the same diasporic conventions that Hebrew writers practiced in exile were maintained throughout the first half of the twentieth century And even after 1948 when the state of Israel was founded but East Jerusalem and its holy sites remained under Arab control Jerusalem continued to figure in the Hebrew imagination as mediated space It was only in the aftermath of the Six Day War that the temptations and dilemmas of proximity to the sacred would become acute in every area of Hebrew politics and culture Figuring Jerusalem ranges from classical texts biblical and medieval to the post 1967 writings of S Y Agnon and Yehuda Amichai Ultimately DeKoven Ezrahi shows that the wisdom Jews acquired through two thousand years of exile as inscribed in their literary imagination must be rediscovered if the diverse inhabitants of Jerusalem are to coexist *God's Crucible: Islam and the Making of Europe, 570-1215* David Levering Lewis, 2009-01-12 From the two time Pulitzer Prize winning author God s Crucible brings to life a furiously complex age New

The Faith Club Ranya Idliby, Suzanne Oliver, Priscilla Warner, 2007-06-05 Three women of different religious backgrounds share details about conversations they have had concerning what divides and unites people of Christian Jewish and Muslim faiths **The First Love Story** Bruce Feiler, 2018-03-20 An exploration of the way Adam and Eve introduced the idea of love into the world and how they continue to shape our deepest feelings about relationships family and togetherness Since antiquity Adam and Eve have stood at the center of every conversation about men and women Yet instead of celebrating them history has blamed them for bringing sin deceit and death into the world In this fresh retelling of their story Bruce Feiler travels from the Garden of Eden in Iraq to the Sistine Chapel in Rome discovering how Adam and Eve should be hailed as exemplars of a long term healthy resilient relationship At a time of discord and fear over the strength of our social fabric Feiler shows how history's first couple can again be role models for unity forgiveness and love Wealth and Poverty in Early Church and Society Susan R. Holman, 2008-06 An ecumenical roster of leading specialists approach wealth and poverty through the theology social practices and institutions of early Christianity The Genius of Islam Bryn Barnard, 2013-04-24 The Middle Ages were a period of tremendous cultural and scientific advancement in the Islamic Empire ideas and inventions that shaped our world Did you know that The numbers you use every day Arabic numerals are a Muslim invention The marching band you hear at football games has its roots in the Middle East You are drinking orange juice at breakfast today thanks to Islamic farming innovations The modern city's skyline was made possible by Islamic architecture The Muslim world has often been a bridge between East and West but many of Islam's crucial innovations are hidden within the folds of history In this important book Bryn Barnard uses short engaging text and gorgeous full color artwork to bring Islam's contributions gloriously to life Chockful of information and pictures and eminently browsable *The Genius of Islam* is the definitive guide to a fascinating topic **Jaded Tasks** Wayne Madsen, 2006-05-22 This investigative account details how America's economic and intelligence associations with Saudi Arabia and Pakistan led to the devastating September 11 attacks and illustrates the role that private military companies are playing in George W Bush's new world order Based on personal interviews never before published classified documents and extensive research this examination details the criminal forces thought to rule the

world today the Bush cartel Russian Ukrainian Israeli mafia and Wahhabist Saudi terror financiers revealing links between these groups and disastrous terrorist events

Controlling the Past, Owning the Future Ran Boytner, Lynn Swartz Dodd, Bradley J. Parker, 2010-12-15 What are the political uses and misuses of archaeology in the Middle East In answering this question the contributors to this volume lend their regional expertise to a variety of case studies including the Taliban's destruction of Buddhas in Afghanistan the commercialization of archaeology in Israel the training of Egyptian archaeology inspectors and the debate over Turkish identity sparked by the film Troy among other provocative subjects Other chapters question the ethical justifications of archaeology in places that have alternative engagements with the material past In the process they form various views of the role of the archaeologist from steward of the historical record to agent of social change The diverse contributions to this volume share a common framework in which the political use of the past is viewed as a process of social discourse According to this model political appropriations are seen as acts of social communication designed to accrue benefits to particular groups Thus the contributors pay special attention to competing social visions and the filters these impose on archaeological data But they are also attentive to the potential consequences of their own work Indeed as the editors remind us people's lives may be affected sometimes dramatically because of the material remains that surround them Rounding out this important volume are critiques by two top scholars who summarize and synthesize the preceding chapters

Seeing with Both Eyes Leonard Levin, 2008-06-25 This intellectual biography of Rabbi Ephraim Luntshitz and his contemporaries Isserles Maharal etc provides an in depth study of the philosophical interests of the major thinkers of the Polish Jewish Renaissance in the context of the European Renaissance and Reformation

100 Years of Middle East Conflict - Honorable Peace Gottfried Hutter, 2019-02-23 Only mutual compassion can bring reconciliation and lasting peace to the Middle East This conflict is about far more than just land The honor of Muslims was grossly violated when Israel was implanted next to one of the holiest sites of Islam al Haram ash Sharif in Jerusalem which in turn occupies the site of the former Jewish Temple For thirteen hundred years Jews had been able to live mostly in peace in the Muslim world because they subordinated themselves under the rule of Islam They could even attain high positions serving Caliphs With a State of their own this was no longer an

option Under such changed conditions how could there be an honorable peace Only if Muslims recollect Surat 5 48 in the holy Koran which commands a competition in virtue among the religions of the book Jews can contribute by showing awareness of how shocking their sudden takeover of part of the land must have felt for the community of all Muslims and concurrently by pleading for understanding of the deadly threat that left Jewish survivors no choice when in 1947 the UN declared the partition of Palestine Even more important the very name Israel itself sprang up in the solution of an archetypal biblical conflict between brothers one pregnant with meaning for today Christians too have their share They must contribute by helping restore one of the most fundamental values of all three religions descending from Abraham namely peace

Moon-o-theism, Volume II of II Yoel Natan, 2006 This is volume two of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin **Religion and Society in the 21st Century** Joachim Küpper, Klaus W. Hempfer, Erika Fischer-Lichte, 2014-09-04 This volume focuses on religion from a trans cultural and international perspective Its aim is to open up new perspectives on how religions might coexist peacefully within 21st century societies and simultaneously contribute to global pacification Can a religion cope peacefully with the existence of other religions without having to abandon its own claim to truth and if so what already inherent specific characteristics would have to be emphasized Or is secular culture the path to convince different religions of a shared ideal of peaceful co existence These questions are approached considering the socio political implications of religions in Asian African Latin American and European contexts This collection of essays reflects on the entire spectrum of the highly topical and complex academic discussions pertaining to the interrelation of society state and religion One example in this collection features the analysis of a secular state engaging in dialog with Muslim communities through a state moderated communication platform another article concentrates on the political impact of Christian churches on Nigerian society by means of political advertisement Moreover the different concepts of religion in Western societies are considered one essay argues that in democratic societies it is the state that must guarantee the freedom of religion and thereby provide the basis for a peaceful co existence between all religions The ^ATen Lost Tribes Zvi Ben-Dor Benite, 2009-09-04 In The Ten Lost Tribes Zvi Ben Dor Benite shows for the first time the extent to which the search for the lost tribes of Israel became over two millennia an engine for global exploration and a key mechanism for understanding the world **How to Be a Muslim** Haroon Moghul, 2017-06-06 A searing portrait of Muslim life in the West this profound and intimate memoir captures one man s struggle to forge an American Muslim identity Washington Post Haroon Moghul was thrust into the spotlight after 9 11 becoming an undergraduate leader at New York University s Islamic Center forced into appearances everywhere on TV before interfaith audiences in print Moghul was becoming a prominent voice for American Muslims even as he struggled with his relationship to Islam In high school he was barely a believer and entirely convinced he was going to hell He sometimes drank He didn t pray regularly All he wanted was a girlfriend But as he discovered it wasn t so easy to leave religion behind

To be true to himself he needed to forge a unique American Muslim identity that reflected his beliefs and personality How to Be a Muslim reveals a young man coping with the crushing pressure of a world that fears Muslims struggling with his faith and searching for intellectual forebears and suffering the onset of bipolar disorder This is the story of the second generation immigrant of what it s like to lose yourself between cultures and how to pick up the pieces **Sea of Faith** Stephen O'Shea,2009-05-26 In Sea of Faith O Shea chronicles both the meeting of minds and the collisions of armies that marked the interaction of Cross and Crescent in the Middle Ages the better to understand their apparently intractable conflict today For all the great and everlasting moments of cultural interchange and tolerance in Cordoba Palermo Constantinople the ultimate geography of belief was decided on the battlefield O Shea vividly recounts seven pivotal battles between the forces of Christianity and Islam that shaped the Mediterranean world from the loss of the Christian Middle East to the Muslims at Yarmuk Turkey in 636 to the stemming of the seemingly unstoppable Ottoman tide at Malta in 1565 In between the battles raged round the Mediterranean from Poitiers in France and Hattin in the Holy Land during the height of the Crusades to the famed contest for Constantinople in 1453 that signaled the end of Byzantium As much as the armies were motivated by belief their exploits were inspired by leaders such as Charles Martel Saladin and Mehmet II whose stirring feats were sometimes accompanied by unexpected changes of heart
