Rock Video Strikes Again:

Rock Video Strikes Again Barbara Adams, 1986 Minnie O Reilly tries to persuade rock star Simon Gear to perform despite the fact that the band's equipment, costumes and promoters are missing A Sea of Upturned Faces Winifred

Ragsdale, 1989 Authors, librarians and critics from Pacific Rim countries share national and universal aspects of children's literature in the third of a series **The History of Rock** Rita Nabais, Joana Raimundo, 2019-09-24 The History of Rock For Big Fans and Little Punks is a magical mystery tour through popular music history featuring trailblazing acts from the 1950s to the present. Colorful, stylish illustrations bring to life artists like Jimi Hendrix, David Bowie, Joan Jett and Madonna, plus bands such as The Beatles, The Clash, Beastie Boys and Pearl Jam, all of whom have inspired countless boys and girls to become musicians over the past seventy years. Included throughout the book are hand-picked recommendations from every time period forming an extended playlist of over 1,000 songs that pay tribute to the genre and its many sounds. Divided into thirty-five different chapters including *Pioneers Of Rock*, *Women At The Helm*, *Smash It* and *Hard As Rock*, this vivid collection also covers the artistic movements that influenced rock or were influenced by it, such as blues, jazz, soul and hip hop. What began as a successful Kickstarter campaign is now a must-have for rockers of all ages *I Love Rock 'n' Roll (Except When I Hate It)* Brian Boone, 2011-08-02 Music breeds duality. We enjoy the music we love, listening to it, talking about it, reading about it. But it's just as fun to passionately revel in mocking the music we hate. Fortunately, musicians make this two-lane path very easy to follow. Half the time they're creating timeless works of art that speak to the soul; the other half they're recording ridiculous concept albums about robots. *I Love Rock n Roll Except When I Hate It* covers both sides. It celebrates the music world's flashes of genius, the creation of masterpieces and the little-known stories, as well as the entertainingly bad ideas. Armed with a healthy dose of Brian Boone's humorous asides and lively commentary, you'll learn extremely important stuff like how bands got their stupid names. All alternative rock bands directly descend from Pixies. The most metal facts of metal in the history of metal. The secret lives of one-hit wonders. The story behind Layla and other assorted love songs about George Harrison's wife. What is quite possibly the worst song in rock history. Boone also reveals terribly useful information like chart trivia, the rules of music lists and many more origins, meanings and stories about everyone's most loved and loathed musicians.

The 100 Most Popular Young Adult Authors Bernard A. Drew, 1997-10-15 The book focuses on individuals writing in the 90s but also includes 12 classic authors, e.g. Mark Twain, Louisa May Alcott, J.R.R. Tolkien, who are still widely read by teens. It also covers some authors known primarily for adult literature, e.g. Stephen King, and some who write mainly for middle readers but are also popular among young adults, e.g. Betsy Byars. An affordable alternative to multivolume publications, this book makes a great collection, development tool and resource for author studies. It will also help readers find other books by and about their favorite writers.
