Altman**

## **Rockefeller Conscience An American Family In Public And In Private:**

The Rockefeller Conscience John Ensor Harr, Peter J. Johnson, 1991 The sequel to *The Rockefeller Century* surveys the family's story from 1952 to the present revealing the public uses of the vast Rockefeller wealth as well as the private dramas that have shaped such use Authors Harr and Johnson are the only historians who have had access to previously secret family archival materials Photographs and index *Winthrop Rockefeller* John A. Kirk, 2022-03-04 Why did Winthrop Rockefeller the scion of one of the most powerful families in American history move to a mountaintop in Arkansas from New York in the 1950s In this richly researched biography of the former Arkansas governor John A Kirk delves into the historical record to fully unravel that mystery **Private Wealth and Public Life** Judith Sealander, 1997-04-21 An analysis of the role played by private philanthropic foundations in shaping public policy during the early years of this century focusing on foundation sponsored attempts to influence policy in the areas of education social welfare and public health Winner of the Outstanding Book Award from the Ohio Academy of History In *Private Wealth and Public Life* historian Judith Sealander analyzes the role played by private philanthropic foundations in shaping public policy during the early years of this century Focusing on foundation sponsored attempts to influence policy in the areas of education social welfare and public health she addresses significant misunderstandings about the place of philanthropic foundations in American life Between 1903 and 1932 fewer than a dozen philanthropic organizations controlled most of the hundreds of millions of dollars given to various causes Among these Sealander finds seven foundations attempted to influence public social policy in significant ways four were Rockefeller philanthropies joined later by the Russell Sage Rosenwald and Commonwealth Fund foundations Challenging the extreme views of foundations either as benevolent forces for social change or powerful threats to democracy Sealander offers a more subtle understanding of foundations as important players in a complex political environment The huge financial resources of some foundations bought access she argues but never complete control Occasionally a foundation's agenda became public policy often it did not Whatever the results the foundations and their efforts spurred the emergence of an American state with a significantly expanded social policy making role Drawing on a wealth of archival materials much of it unavailable or overlooked until now Sealander examines issues that remain central to American political life Her topics include vocational education policy parent education juvenile delinquency mothers pensions and public aid to impoverished children anti prostitution efforts sex research and publicly funded recreation Foundation philanthropy's legacy for domestic social policy she writes raises a point that should be emphasized repeatedly by students of the policy process Rarely is just one entity a policy's sole author almost always policies in place produced unintended consequences **The House the Rockefellers Built** Robert F. Dalzell, Lee Baldwin Dalzell, 2013-08-13 What it was like to be as rich as Rockefeller How a house gave shape and meaning to three generations of an iconic American family One hundred years ago America's richest man established a dynastic seat the granite clad Kykuit high above the Hudson River Though George Vanderbilt's 255 room

Biltmore had recently put the American country house on the money map John D Rockefeller who detested ostentation had something simple in mind at least until his son John Jr and his charming wife Abby injected a spirit of noblesse oblige into the equation Built to honor the senior Rockefeller the house would also become the place above all others that anchored the family s memories There could never be a better picture of the Rockefellers and their ambitions for the enormous fortune Senior had settled upon them The authors take us inside the house and the family to observe a century of building and rebuilding the ebb and flow of events and family feelings the architecture and furnishings the art and the gardens A complex saga The House the Rockefellers Built is alive with surprising twists and turns that reveal the tastes of a large family often sharply at odds with one another about the fortune the house symbolized **Laurance S. Rockefeller** Robin W.

Winks,2013-04-15 Despite his status as a scion of one of the wealthiest and most famous families in the United States and an enormously successful businessman in his own right Laurance S Rockefeller is unknown to all but a small circle of Americans Yet while he has been neither Vice President nor Governor nor chairman of the world s largest bank his contribution to society has been at least as great as that of his more famous brothers In Laurance S Rockefeller Catalyst for Conservation noted historian Robin W Winks brings Laurance to the forefront offering an intimate look at his life and accomplishments While Rockefeller has played a vital role in the business world as one of the most astute venture capitalists of our time providing seed money for among other endeavors Eastern Airlines Intel Corporation and Apple Computers his driving passion throughout his life has been the environment In addition to the millions of dollars he has donated and the numerous conservation organizations he has helped to found he served under five consecutive presidents in environmental advisory capacities Perhaps most significantly Rockefeller served under Presidents Eisenhower and Kennedy as chairman of the Outdoor Recreation Resources Review Commission ORRRC brilliantly orchestrating an assessment of the recreation and conservation needs and wants of the American people and the policies and programs required to meet those needs The reports issued by the Commission represent a groundbreaking achievement that laid the framework for nearly all significant environmental legislation of the following three decades Winks uses a combination of historical insight and extensive access to Rockefeller and government archives to present the first in depth examination of Laurance Rockefeller s life and work His deftly argued and gracefully written volume explains and explores Rockefeller s role in shaping the transition from traditional land conservation to a more inclusive environmentalism It should compel broader interpretation of the history of environmental protection and is essential reading for anyone concerned with the past or future of conservation in America

**The Encyclopedia of New York City** Kenneth T. Jackson,Lisa Keller,Nancy Flood,2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer

dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis

**Building the Population Bomb** Emily Klancher Merchant,2021 Building the Population Bomb carefully examines how the rise of the world s human population came to be understood as problematic by scientists and governments across the globe It challenges our assumption of population growth as inherently problematic by demonstrating how it is our anxieties over population growth and not population growth itself that have detracted from the pursuit of economic environmental and reproductive justice Philanthropic Discourse in Anglo-American Literature, 1850-1920 Frank Q. Christianson,Leslee

Thorne-Murphy,2017-10-19 Offers a clearer insight into the scope and function of philanthropy in political and private life and the impacts that women writers and activists had Edith Wharton Review From the mid nineteenth century until the rise of the modern welfare state in the early twentieth century Anglo American philanthropic giving gained an unprecedented measure of cultural authority as it changed in kind and degree Civil society took on the responsibility for confronting the adverse effects of industrialism and transnational discussions of poverty urbanization and women s work and sympathy provided a means of understanding and debating social reform While philanthropic institutions left a transactional record of money and materials philanthropic discourse yielded a rich corpus of writing that represented rationalized and shaped these rapidly industrializing societies drawing on and informing other modernizing discourses including religion economics and social science Showing the fundamentally transatlantic nature of this discourse from 1850 to 1920 the authors gather a wide variety of literary sources that crossed national and colonial borders within the Anglo American range of influence Through manifestos fundraising tracts novels letters and pamphlets they piece together the intellectual world where philanthropists reasoned through their efforts and redefined the public sector *Modern American Political Dynasties* Kathleen

Gronnerud,Scott J. Spitzer,2018-10-18 This collection offers a front seat view of the rise reign and fall of powerful modern political families and examines the effects they have had on political social and economic issues in American society *Modern American Political Dynasties A Study of Power Family and Political Influence* is a unique research resource and fascinating read that explores the dynamics and modern America s most influential political families It provides a thorough study of

approximately 20 of the best known surnames in 20th century American politics More than just a biography it highlights how these families dynamics have influenced political practice and thought providing a holistic context for the evolution of political dynasties in the United States The text includes a historically grounded examination of the crossroads of family and politics as it charts the origins development peak strength and decline of each family It is the only published volume to include biographical and contextual information on major political dynasties in addition to fascinating research on high profile personalities **Marsh-Billings National Historical Park, General Management Plan** ,1999 Global

Institutions and Development Morten Boas,Desmond McNeill,2004-03-01 This unique book explores a very broad range of ideas and institutions and provides thorough and detailed case studies in the context of broader theoretical analysis Key topics such as poverty global governance sustainable development and the environment are closely examined with detailed case studies of the World Bank the WTO the IMF Asian Development Bank UN Development Programme and the OECD s Development Assistance Committee The impact multilateral institutions such as the World Bank and IMF have on development is hotly debated but few doubt their power and influence This book examines the concepts that have powerfully influenced development policy and more broadly looks at the role of ideas in international development institutions and how they have affected current development discourse The authors analyze why some ideas are taken up by these institutions how the ideas travel within the systems and how they are translated into policy modified distorted or resisted *Focus On:*

*100 Most Popular American Autobiographers* Wikipedia contributors, **Problem of Great Importance** Karl Ittmann,2013-09-29 This volume examines the significant role population science played in British colonial policy in the twentieth century as the imperial state attempted to control colonial populations using new agricultural and public health policies private family planning initiatives and by imposing limits over migration and settlement A Problem of Great Importance traces British imperial efforts to engage metropolitan activists who could improve its knowledge of colonial demography and design programs to influence colonial population trends While imperial population control failed to achieve its goals British institutions and experts would be central to the development of postcolonial population programs Researchers scholars and historians of British history will gain greater perspective into the effects of demography on imperial governance and colonial and postcolonial British views of their place in the world **Genealogies Cataloged by**

**the Library of Congress Since 1986** Library of Congress,1991 The bibliographic holdings of family histories at the Library of Congress Entries are arranged alphabetically of the works of those involved in Genealogy and also items available through the Library of Congress **Philanthropic Foundations in the Twentieth Century** Joseph C. Kiger,2000-01-30 In a

readable coherent and succinct account Kiger surveys the changes that have taken place in U S foundations in the 20th century and describes our foundations as they exist today Opening with historical information on the emergence of large foundations at the beginning of the century the book discusses the major characteristics of foundations emphasizing that

they are organized to give away rather than make money and identifies and discusses the major changes since 1950 In considering those changes the book considers such topics as growth and expansion diversification in the makeup of trustees and staff and governmental oversight and supervision In the increasing movement of foundations into the international sphere the book covers their international activities and the formation and operation of international centers and groups associated with them Philanthropic Foundations in the Twentieth Century provides a useful overview of the growth development and operation of foundations

**Intended Consequences** Donald T. Critchlow, 2001-05-10 After World War II U S policy experts convinced that unchecked population growth threatened global disaster successfully lobbied bipartisan policy makers in Washington to initiate federally funded family planning In *Intended Consequences* Donald T Critchlow deftly chronicles how the government s involvement in contraception and abortion evolved into one of the most bitter partisan controversies in American political history The growth of the feminist movement in the late 1960s fundamentally altered the debate over the federal family planning movement shifting its focus from population control directed by established interests in the philanthropic community to highly polarized pro abortion and anti abortion groups mobilized at the grass roots level And when the Supreme Court granted women the Constitutional right to legal abortion in 1973 what began as a bi partisan quiet revolution during the administrations of Kennedy and Johnson exploded into a contentious argument over sexuality welfare the role of women and the breakdown of traditional family values *Intended Consequences* encompasses over four decades of political history examining everything from the aftermath of the Republican moral revolution during the Reagan and Bush years to the current culture wars concerning unwed motherhood homosexuality and the further protection of women s abortion rights Critchlow s carefully balanced appraisal of federal birth control and abortion policy reveals that despite the controversy the family planning movement has indeed accomplished much in the way of its intended goal the reduction of population growth in many parts of the world Written with authority fresh insight and impeccable research *Intended Consequences* skillfully unfolds the history of how the federal government found its way into the private bedrooms of the American family

*Patronizing the Public* William J. Buxton, 2009-08-16 *Patronizing the Public* American Philanthropy s Transformation of Culture Communication and the Humanities is the first detailed and comprehensive examination of how American philanthropic foundations have shaped numerous fields including dance drama education film film music folklore journalism local history museums radio television as well as the performing arts and the humanities in general Drawing on an impressive range of archival and secondary sources the chapters in the volume give particular attention to the period from the late 1920s to the late 1970s a crucial time for the development of philanthropic practice To this end it examines how patterns and directions of funding have been based on complex negotiations involving philanthropic family members elite networks foundation trustees and officers cultural workers academics state officials corporate interests and the general public By addressing both the contours of philanthropic power as well as the processes through which that power has been

enacted it is hoped that this collection will reinforce and amplify the critical study of philanthropy's history

**Philanthropy in America** Dwight F. Burlingame, 2004-08-19 A landmark three volume reference work documenting philanthropy and the nonprofit sector throughout American history edited by the field's most widely recognized authority Developed under the guidance of Dr Dwight Burlingame of the Indiana University Center on Philanthropy one of the nation's premier institutes for the study of philanthropy the three volume *Philanthropy in America: A Comprehensive Historical Encyclopedia* is the definitive work on philanthropic charitable and nonprofit endeavors in the United States The first section of the encyclopedia contains over 200 A-Z entries covering the lives of important philanthropists the missions and practices of key institutions and organizations and the impact of seminal events throughout the history of the nonprofit sector in America from precolonial times to the present Discussions of philanthropic traditions in ancient civilizations in Europe during colonial times and in countries around the world today provide fascinating contexts for understanding how the American philanthropic experience has developed The encyclopedia also includes a collection of primary source documents legislation foundation reports mission statements etc for convenient review and further research

**The Good Rich and What They Cost Us** Robert F. Dalzell, 2013-01-08 This timely book holds up for scrutiny a great paradox at the core of the American Dream a passionate belief in the principle of democracy combined with an equally passionate celebration of the creation of wealth Americans treasure an open equal society yet we also admire those fortunate few who amass riches on a scale that undermines social equality In today's era of vulture capitalist hedge fund managers internet fortunes and a growing concern over inequality in American life should we cling to both parts of the paradox Can we do To understand the problems that vast individual fortunes pose for democratic values Robert Dalzell turns to American history He presents an intriguing cast of wealthy individuals from colonial times to the present including George Washington one of the richest Americans of his day the robber baron John D Rockefeller and Oprah Winfrey for whom extreme wealth is inextricably tied to social concerns Dalzell uncovers the sources of contradictory attitudes toward the rich how the very rich have sought to be perceived as good rich and the facts behind the widespread notion that wealth and generosity go hand in hand In a thoughtful and balanced conclusion the author explores the cost of our longstanding attitudes toward the rich

*Good Rich* Among the case studies in America's *Good Rich* Puritan merchant Robert Keayne George Washington Manufacturers Amos Abbott Lawrence Oil magnate John D Rockefeller Bill Gates Warren Buffett Steve Jobs Oprah Winfrey

*The Rockefeller Family Home* Ann Rockefeller Roberts, Cynthia Altman, 1998-03 A warm intimate portrait of the grand family estate of six generations of Rockefellers Kykuit the country home of John D Rockefeller Sr John D Rockefeller Jr Nelson A Rockefeller and their families stands majestically atop a hill overlooking the Hudson River Built between 1906 and 1913 by architects Delano and Aldrich it has just recently been opened to the public But visitors will never see the estate in as intimate a way as it is presented in this volume To preserve the memory of what Kykuit was like when it

was a private home photographer Mary Louise Pierson granddaughter of Nelson Rockefeller spent years photographing the estate the Big House as family members call the main residence and its interiors designed by the renowned Ogden Codman the outbuildings including the Coach Barn which now houses an impressive collection of horse drawn carriages and an equally noteworthy collection of vintage cars the orangerie and the Playhouse a Tudor style mansion containing an indoor swimming pool tennis court fully equipped gym and bowling alley and the magnificent gardens from the formal gardens designed by William Welles Bosworth to the golf course to the Japanese garden and all the sculptures that three generations of Rockefellers installed on the grounds The text by Ann Rockefeller Roberts Governor Rockefeller's daughter recounts the history of the magnificent estate from its founding early in the century through its recent transfer to the National Trust focusing on how each successive generation left its stamp on the decor the gardens and the painting and sculpture collections Illustrated with dozens of historical photos ranging from the construction of the house to snapshots of family members the text includes never before published reminiscences of five generations of Rockefellers Complete with a family tree a map of the gardens and visitor information Kykuit The Rockefeller Family Home offers a deeply personal look at the country residence of one of America's most distinguished families

This is likewise one of the factors by obtaining the soft documents of this **Rockefeller Conscience An American Family In Public And In Private** by online.
