Rocky Mountain Rendezvous Charles Lewis Camp, **Finding Rendezvous** Rory J. Becker,2010 The general locations of the Rocky Mountain Rendezvous have been known to historians through documentary evidence since the mid to late 1800s While the approximate locations of the rendezvous sites provided through historic documents have sufficed for the placement of signs and markers commemorating these annual events archaeologists seeking to learn more about the yearly gathering of mountain men and native peoples through excavations need a more precise area to begin their search on the landscape The exact locations of the Rocky Mountain Rendezvous are yet unknown in the sense of an archaeologist visiting a rendezvous site trowel in hand and hoping to unearth a small portion of fur trade history In this study I present a method for moving from the approximate locations for the Rocky Mountain Rendezvous sites provided by historic documents to identifying specific rendezvous archaeological sites through use of historic documents geophysical survey and GIS modeling The first paper in this dissertation examines the demographics of the rendezvous By use of historic documents I present a method for estimating the number of people who may have been present at the rendezvous and winter camps from 1825 through 1829 By using this method for estimating people at the rendezvous it becomes clear more native people were in attendance at the rendezvous and winter camps than trappers and traders of European descent Once armed with the knowledge a rendezvous site should more closely resemble the archaeological signature of a Protohistoric native camp than a historic Euroamerican archaeological site the search for a Protohistoric native camp to be mapped with geophysical survey instruments can begin During this study such a search resulted in the successful mapping of a portion of the camp surrounding a fur trading post on the banks of Powder River in east central Wyoming The final section in the dissertation will address the issue of where and how to focus a geophysical survey in hopes of finding the Protohistoric camp signature within the potential rendezvous locations identified in the historic documents The study focuses on identifying potential survey areas along the Green River in western Wyoming considered highly probable to contain intact buried archaeological deposits dating to at least the early 1800s A systematic survey is proposed focusing on areas not only identified through historic documentary research as being locations for the rendezvous but also containing sediments holding intact deposits dating to the time of the fur trade Wyeth's Oregon...and Townsend's narrative of a journey across the Rocky Mountains...v.22-25, Travels in the interior of North America; by Maximilian, prince of Wied...v.26, Flagg's The far West...pt.1 Reuben Gold Thwaites,1905 *Rocky Mountain Rendezvous* National Genealogical Society. Conference in the States,National Genealogical Society,Colorado Council of Genealogical Societies,1998 **South Pass** Will Bagley,2014-05-01 Wallace Stegner called South Pass one of the most deceptive and impressive places in the West Nowhere can travelers cross the Rockies so easily as through this high treeless valley in Wyoming immediately south of the Wind River Mountains South Pass has received much attention in lore and memory but attracted no serious book length study until now In this narrative award

winning author Will Bagley explains the significance of South Pass to the nation's history and to the development of the American West. Fur traders first saw South Pass in 1812. From the early 1840s until the completion of the Union Pacific and Central Pacific Railroads almost forty years later, emigrants on the Oregon, California, and Mormon Trails used South Pass in transforming the American West in a single generation. Bagley traces the peopling of the region by the earliest inhabitants and adventurers including Indian peoples, trappers, and fur traders; missionaries and government commissioned explorers; Later California gold rushers; Latter day Saints and families seeking new lives; went through this singular gap in the Rockies. Without South Pass, overland wagons beginning their journey far to the east along the Missouri River could not have reached their destinations in a single season and western settlement might have been delayed for decades. The story of South Pass offers a rich history. The Overland Stage, Pony Express, and first transcontinental telegraph all came through the region. Nearly a century later, President Dwight D. Eisenhower designated South Pass as one of America's first National Historic Landmarks. An American place so rich in historical significance, Bagley argues, deserves the best of historical preservation efforts.

Sacagawea's Child Susan M. Colby, 2014-10-22 *Sacagawea's Child* follows the life of Jean Baptiste Charbonneau, a boy born at the forefront of westward expansion in the early nineteenth century. Author Susan M. Colby details Charbonneau family history, analyzing the characters and cultures of Jean Baptiste's father, Toussaint, a French fur trader, and Sacagawea, his Shoshoni and Hidatsa mother. By turns a mountain man, interpreter, guide, hotel operator, and gold miner, Pomp remained on the western frontier nearly all of his life. This first complete biography offers historians and general readers a thought provoking study of this unique American and the cultures and times that molded him.

The World of the American West Gordon Morris Bakken, 2016-12-12 Addressing everything from the details of everyday life to recreation and warfare, this two volume work examines the social, political, intellectual, and material culture of the American Old West from the California Gold Rush of 1849 to the end of the 19th century. What was life really like for ordinary people in the Old West? What did they eat, wear, and think? How did they raise their children? How did they interact with government? What did they do for fun? This encyclopedia provides readers with an engaging and detailed portrayal of the Old West through the examination of social, cultural, and material history. Supported by the most current research, the multivolume set explores various aspects of social history: family, politics, religion, economics, and recreation, to illuminate aspects of a society's emotional life, interactions, opinions, views, beliefs, intimate relationships, and connections between the individual and the greater world. Readers will be exposed to both objective reality and subjective views of a particular culture; as a result, they can create a cohesive, accurate impression of life in the Old West during the second half of the 1800s.

Explorers of the American West Jay H. Buckley, Jeffery D. Nokes, 2016-03-28 With original primary source documents, this anthology brings readers into the vast, unknown 19th century American West through the eyes of the explorers who saw it for the first time. This volume brings together book excerpts, maps, and illustrations from 12 explorers from the 19th century, highlighting their lives and

contributions Arranged chronologically the 10 chapters focus on individual explorers with biographies and background information about and document excerpts from each person The chapters offer analyses of each document s relevance to the historical period geographic knowledge and cultural perspective This guide shares the important contributions from explorers like Lewis and Clark Zebulon Pike Jedediah Smith James P Beckwourth John C Fremont Susan Magoffin and John Wesley Powell It also nurtures readers historical literacy by modeling historians methods of analyzing primary sources Readers will see new and familiar events from different perspectives including that of a woman traveling along the Santa Fe Trail one of the most famous African American mountain men and a Civil War veteran among many others *Jim Bridger* Jerry Enzler,2021-04-29 Even among iconic frontiersmen like John C Fr mont Kit Carson and Jedediah Smith Jim Bridger stands out A mountain man of the American West straddling the fur trade era and the age of exploration he lived the life legends are made of His adventures are fit for remaking into the tall tales Bridger himself liked to tell Here in a biography that finally gives this outsize character his due Jerry Enzler takes this frontiersman s full measure for the first time and tells a story that would do Jim Bridger proud Born in 1804 and orphaned at thirteen Bridger made his first western foray in 1822 traveling up the Missouri River with Mike Fink and a hundred enterprising young men to trap beaver At twenty he discovered the Great Salt Lake At twenty one he was the first to paddle the Bighorn River s Bad Pass At twenty two he explored the wonders of Yellowstone In the following years he led trapping brigades into Blackfeet territory guided expeditions of Smithsonian scientists topographical engineers and army leaders and though he could neither read nor write mapped the tribal boundaries for the Great Indian Treaty of 1851 Enzler charts Bridger s path from the fort he built on the Oregon Trail to the route he blazed for Montana gold miners to avert war with Red Cloud and his Lakota coalition Along the way he married into the Flathead Ute and Shoshone tribes and produced seven children Tapping sources uncovered in the six decades since the last documented Bridger biography Enzler s book fully conveys the drama and details of the larger than life history of the King of the Mountain Men This is the definitive story of an extraordinary life **The Oxford Handbook of Community Singing** Esther M.
