Rocky V:

National Pastimes Katharina Bonzel, 2020-01-01 Sports have long fascinated filmmakers from Hollywood and beyond from Bend It Like Beckham to Chariots of Fire to Rocky Though sports films are diverse in their approach style and storytelling modes National Pastimes discloses the common emotional and visual cues that belie each sports film s underlying nationalistic impulses Katharina Bonzel unravels the delicate matrix of national identity sports and emotion through the lens of popular sports films in comparative national contexts demonstrating in the process how popular culture provides a powerful vehicle for the development and maintenance of identities of place across a range of national cinemas As films reflect the ways in which myths of nation and national belonging change over time they are implicated in important historical moments from Cold War America to the class dynamics of 1980s Thatcherite Britain to the fragmented sense of nation in post unification Germany Bonzel shows how sports films provide a means for renegotiating the boundaries of national identity in an accessible engaging form National Pastimes opens up new ways of understanding how films appeal to the emotions using myth like constructions of the past to cultivate spectators engagement with historical events **Catalog of Captioned**

Each MGM movie is a tiny piece of a large colorful although often black and white quilt with threads tying it into all of the rest of that studio s product going forward yes but also backward and horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962 s *How the West Was Won* to Director Alfred Hitchcock s near extortion of the profits from the 1959 hit thriller *North by Northwest* And there are the studio s on screen self shoutouts to its own past or stars in films like *Party Girl* 1958 the That s Entertainment series *Garbo Talks* 1984 *Rain Man* 1955 and *De Lovely* 2004 or the studio s acquisition of other successful franchises such as James Bond But fear not what we consider MGM s classic films all get their due here often with a touch of irony or fascinating anecdote *Singin in the Rain* 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned *The Wizard of Oz* 1939 cost almost as much to make as *Gone With the Wind* also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series *The Movies that Made Us* this is a fascinating look behind the scenes of the greatest and at times notorious films ever made [Introduction to Sylvester Stallone](#) Gilad James, PhD, 2016-10 Sylvester Stallone is a renowned American actor screenwriter film director and producer He was born on July 6 1946 in New York City USA He

Blood, Guns, and Testosterone Barna William Donovan,2009-11-02 Since the early days of film the representation of masculinity has changed considerably In the beginning men instinctively knew right from wrong They rode to the rescue and saved the day in the nick of time to the admiration and gratitude of society But over the decades heroes have evolved from being larger than life and infallible to being cynical washed up unwanted outsiders Violent content in these films also evolved from fistfights and gunplay to brutal attacks and nuclear explosions repeatedly ramping up in frequency intensity and graphic depictions But there is more to a violent film genre than violence and Blood Guns and Testosterone Action Films Audiences and a Thirst for Violence brings an entirely new understanding to the nature of such entertainment In this book Barna William Donovan examines masculinity and violence in action and adventure films and discusses how the most ardent fans of the genre incorporate this controversial form of entertainment into their lives Donovan argues that far from becoming violent the fans of the action film look at the genre as an artistic rumination on the nature of violence good and evil and the ever changing

definitions of manhood At their very best or most interesting at least these films may even reflect on the nature of violence on human nature on aggression and how a self reflexive moral society can deal with violence And since so much of the violence of the world has always been perpetrated by men action films more often than not are contemplations of the complicated meaning of manhood In addition to fans of the genre Blood Guns and Testosterone will appeal to scholars of film history popular culture gender studies and audience research The 100 Greatest Christmas Movies Scott Speed,2022-12-04 The book that follows contains one hundred Christmas themed movies and television specials that you should certainly consider watching during the festive season The qualification for entry here is that each film should at least contain a Christmas scene or be set at Christmas There are many perennial Christmas viewing staples like The Wizard of Oz and Willy Wonka and the Chocolate Factory but films like this don t qualify for our book because they aren t set at Christmas Films like On Her Majesty s Secret Service and Night of the Hunter DO qualify though because they have references to Christmas That s how our list works You ll find a very eclectic mix in the book that follows Beloved television cartoons comedy specials obscure horror films art house movies action classics stop motion animation anthology segments and even a few bizarre or cheesy guilty pleasures The list that follows is truly a case of the sublime and the ridiculous at times The connective tissue though is always Christmas So put another log on the fire get yourself a mince pie and prepare to dive into the 100 Greatest Christmas Movies **The Boxing Filmography** Frederick V. Romano,2004-09-10 The love affair between boxing and Hollywood began with the dawn of film As early as the days of Chaplin the boxing film had assumed its place as a subgenre and over the decades it has taken the forms of biographies dramas romances comedies and even musicals and westerns Such well known pictures as The Champ Body and Soul Don King Only in America Girl Fight The Irish in Us The Kid from Brooklyn Somebody Up There Likes Me Raging Bull each of the Rocky movies and When We Were Kings are just a few examples of the feature films included in this filmography Thoroughly researched this work examines 98 boxing films from the 1920s through 2003 Each entry provides basic filmographic data the film s studio its genre its length cast and credits a detailed synopsis of the film illuminating commentary on the boxing sequences and excerpts from contemporary reviews Most entries also summarize the making of the film with particular attention to the training of the actors for the boxing scenes The filmography also includes information on studio publicity releases and advertisements press books and exhibitor campaign materials for each film Catalog of Educational Captioned Films/videos for the Deaf , *Encyclopedia of Sports Films* K Edgington,Thomas Erskine,James M. Sports Films In this volume more than 200 fictional feature length movies released between 1925 and 2010 are described including comedies dramas and biopics While the focus is on Hollywood productions independent films and foreign releases are also represented Though boxing and baseball films have tended to dominate the genre many other sports are also included here including skiing curling and cricket Arranged alphabetically by title each main entry contains a synopsis of the film principal production information and a critical analysis In addition to the main entries credits and brief descriptions for more than 200 films are also provided DVD and VHS distributors are included if available Appendixes include made for television movies documentaries and films based on or inspired by true events and persons For teachers who wish to incorporate films into their lesson plans as well as librarians ordering titles for their patrons Encyclopedia of Sports Films will be a valuable resource
