Black Rodeo in the Texas Gulf Coast Region Demetrius W. Pearson, 2021-05-11 Black Rodeo in the Texas Gulf Coast Region Charcoal in the Ashes provides an in depth sociocultural and historical analysis of the genesis and contemporary state of affairs regarding African American rodeo cowboys in southeast Texas whose ancestors were instrumental in the development of the most celebrated livestock management industry in the world The author painstakingly chronicles the origin of the Texas cattle industry from its Mexican roots to Austin s Colony better known as the George Plantation Ranch where African Americans were intimately involved in the livestock management industry since its inception Although enslaved before during and after the Republic of Texas was established they were early stakeholders in the expansion of the western frontier and an indispensable source of labor that facilitated the burgeoning cattle industry Yet as the author maintains American history wantonly trivialized marginalized and blatantly omitted their contributions This book sheds light on these early cowboys and their descendants who have participated in America s most prominent prole sport with little to no media exposure The author dubbed them Shadow Riders of the Subterranean Circuit and even though American sports are integrated African American rodeo cowboys may be metaphorically seen as bits of charcoal spread among ashes The Mystery of Misty Canyon Carolyn Keene, 2013-08-06 Unless Nancy can win the money in the Independence Day Rodeo she ll lose her beloved ranch Before the rodeo Tammy Calloway is thrown from her horse in what appears to Nancy to be a set up Determined to find out who wants Tammy out of the race Nancy gets in deep as the West gets even wilder **African American Consciousness** Jr. Conyers, 2017-07-12 African American Consciousness focuses on ideas of culture race and class within the interdisciplinary matrix of Africana Studies Even more important it uses a methodology that emphasizes interpretation and the necessity of interdisciplinary research and writing in a global society Worldview culture analytic
