His and Hers Pamela Bauer,1995 **Stitching Freedom** Gary Tyler,2025-10-07 In the tradition of books by Albert Woodfox and Angela Davis this gripping memoir of a wrongful conviction and time spent on death row in Angola prison shows how incarcerated people care for each other and fight for justice In 1975 seventeen year old Gary Tyler was sent to Angola prison to die A year earlier he had been wrongfully charged with the killing of a white teenager and found guilty by an all white jury making Gary the youngest prisoner on death row in the United States Following his conviction Amnesty International and investigative reporters documented the brutal treatment fabricated evidence recanted testimony and repeated injustices that led to his sentencing Three times Gary was recommended for a pardon three times Louisiana governors refused to accept the political risk After more than four decades in prison Tyler was released in 2016 but he was never exonerated This is not a story of mistaken identity or circumstantial evidence but one of systemic injustice from an institution hard wired into a legacy of slavery in effect this was a legal lynching While detailing the injustice Gary s memoir is also a remarkable story of pride forgiveness community and triumph With insight and heart he shows how he learned to reject bitterness and fight for freedom helped by activists such as Albert Woodfox and Herman Wallace on the inside and relentless support from a mass movement on the outside *Stitching Freedom* is the page turning narrative with which Gary reclaims his power *The Journal of Arizona History* ,1965 **Rituals and Traditional Events in the Modern World**

Jennifer Laing,Warwick Frost,2014-10-30 Many events have evolved over centuries drawing on local customs and conditions However as the world becomes increasingly globalised traditional events and the identities they support are increasingly being challenged and rituals may be lost Reacting against this trend towards homogeneity communities strive to preserve and even recreate their traditional events which may require rituals to be resurrected or reinvented for a new audience The aim of this book is to explore the role of traditional events and rituals in the modern world The 16 chapters cover a range of case studies of the performance of ritual through events including their historical antecedents and development over time as well as their role in society link with identities both seemingly fixed and fluid and their continued relevance The cases examined are not museum pieces but rather vibrant festivals and events that continue to persist Drawing on the power of history and cultural tradition they are manifestations of heritage existing in three temporalities celebrating the past occurring in the present and aiming to continue into and influence the future Iconic events including Chinese New Year

Hogmanay and the New Orleans Mardi Gras are examined and examples are drawn from a diverse range of countries such as South Korea China Laos the United States Scotland Italy India and Haiti This volume provides a deep understanding upon the role of tradition and ritual within events from a global perspective and will be valuable reading for students researchers and academics interested in events heritage and culture *Ethnology*, 2004 **The History of Men** Michael S.

Kimmel, 2012-02-01 In this collection one of the world's leading scholars in the field of masculinity studies explores the historical construction of American and British masculinities Tracing the emergence of American and British masculinities the forms they have taken and their development over time Michael S Kimmel analyzes the various ways that the ideology of masculinity the cultural meaning of manhood has been shaped by the course of historical events and in turn how ideas about masculinity have also served to shape those historical events He also considers newly emerging voices of previously marginalized groups such as women the working class people of color gay men and lesbians to explore the marginalized and de centered notions of masculinity and the political processes and dynamics that have enabled this marginalization to occur
