DeCosse, 2022-06-08 The United States is in a crisis of freedom Influenced by neoliberal economics the concept of freedom has become identified with an abstract radical individualism disdainful of responsibility to others and to the past Signs of this crisis crop up everywhere Some invoke freedom as justification for refusing to wear a mask in a pandemic Others argue that freedom is an empty word if it is celebrated apart from an honest engagement with the country's history of racism Created Freedom under the Sign of the Cross offers a Catholic theological response to this crisis of freedom Catholic social ethics may be better known for its emphasis on social principles like the common good and solidarity But developments in Catholic theologies of freedom in the last decades provide fertile ground from which to develop a bold creative response to this American crisis of freedom In this book theologian David DeCosse draws on thinkers ranging from philosopher Amartya Sen to Black Catholic theologian Shawn Copeland to twentieth century theological giant Karl Rahner in order to reimagine American freedom in light of classic Catholic emphases on embodiment relationship history the good and God The result is a Catholic public theology that provides a redemptive path forward in an age of crisis      American Music Nicolae Sfetcu, 2014-05-09 The music of the United States is so cool It reflects the country's multicultural population through a diverse array of styles Rock and roll hip hop country rhythm and blues and jazz are among the country's most internationally renowned genres Since the beginning of the 20th century popular recorded music from the United States has become increasingly known across the world to the point where some forms of American popular music is listened to almost everywhere A history and an introduction in the ethnic music in the United States American Indian music classical music folk music hip hop march music popular music patriotic music as well as the American pop rock barbershop music bluegrass music blues bounce music Doo wop gospel heavy metal jazz R B and the North American Western music      **Jubal Early's Raid on Washington** Benjamin Franklin Cooling, 2008-01-28 Cooling has produced what is sure to become the definitive scholarly account of the campaign Drawing on a vast array of sources including seldom used veterans accounts Cooling presents a comprehensive campaign study from origins to aftermath Not only does Cooling masterfully describe the specific movements of the opposing forces but he also never loses sight of the wider context in which the campaign was fought In fact Cooling's greatest contribution may be his clear demonstration that Grant was fooled by Early's operations and took an uncommonly long time to react to a very serious threat American Historical Review Cooling's superb account of one of the most dramatic ventures of the Civil War one that peaked with a Confederate army at the gate of the nation's capital even as powerful Union forces threatened a clamp on the capital of Rebeldom reflects most intensive research and provides a strictly objective account of the doings of both sides in the course of Early's thrust at Washington from his entry into Maryland until his withdrawal back into Virginia Journal of Military History      Writing the Range Elizabeth Jameson, Susan Hodge Armitage, 1997 In mythic sagas of the American West the wide western range offers boundless opportunity to profile a limited
