America's Songs Philip Furia, Michael Lasser, 2006-05-12 America s Songs tells the stories behind the most beloved popular songs of the last century We all have songs that have a special meaning in our lives hearing them evokes a special

time or place Little wonder that these special songs have become enduring classics Nothing brings the roarin 20s to life like Tea for Two or I m just Wild About Harry the Great Depression is evoked in all of its pain and misery in songs like Brother Can You Spare a Dime God Bless America revives the powerful hope that American democracy promised to the world during the dark days of World War II Young at Heart evokes the postwar optimism of the 50s And then there are the countless songs of love new romance and heartbreak As Time Goes By Always Am I Blue the list is endless Along with telling the stories behind these songs America s Songs suggests simply and succinctly what makes a song great The book illuminates the way each great song melds words and music sentiment and melody into a seamless whole America s Songs also traces the fascinating but mysterious process of collaboration the give and take between two craftsmen a composer and a lyricist as they combined their talents to create a song For anyone interested in the history of the songs that America loves America sSongs will make for fascinating reading
