Rojak Rebel Memoirs Of A Singapore Maverick:

Rojak Rebel, Memoirs of a Singapore Maverick Gerald De Cruz,1993 Marshall of Singapore Kevin Tan,2008
Chronicles the life times and achievements of David Marshall Singapore's Conscience This book presents the story of this extraordinary man who was for many Singapore's missionary of democracy **A History of Modern Singapore, 1819-2005** C.M. Turnbull,2009-01-01 When C M Turnbull's A History of Singapore 1819 1975 appeared in 1977 it quickly achieved recognition as the definitive history of Singapore A second edition published in 1989 brought the story up to the elections held in 1988 In this fully revised edition rewritten to take into account recent scholarship on Singapore the author has added a chapter on Goh Chok Tong's premiership 1990 2004 and the transition to a government headed by Lee Hsien Loong The book now ends in 2005 when the Republic of Singapore celebrated its 40th anniversary as an independent nation Major changes occurred in the 1990s as the generation of leaders that oversaw the transition from a colony to independence stepped aside in favour of a younger generation of leaders Their task was to shape a course that sustained the economic growth and social stability achieved by their predecessors and they would be tested towards the end of the decade when Southeast Asia experienced a severe financial crisis Many modern studies on Singapore focus on current affairs or very recent events and pay a great deal of attention to Singapore's successful transition from the developing to the developed world However younger historians are increasingly interested in other aspects of the country's past particularly social and cultural issues A History of Modern Singapore 1819 2005 provides a solid foundation and an overarching framework for this research surveying Singapore's trajectory from a small British port to a major trading and financial hub within the British Empire and finally to the modern city state that Singapore became after gaining independence in 1965 *Emergency Propaganda* Kumar Ramakrishna,2013-04-15 Sheds new light on the hitherto neglected years of the Emergency 1955 58 demonstrating how it was British propaganda which decisively ended the shooting war in December 1958 The study argues for a concept of propaganda that embraces not merely words in the form of film radio and leaflets but also deeds

Historical Dictionary of Singapore Justin Corfield,2010-12-02 In spite of Singapore's small size it has long had a major impact on the world because of its geographical location and its wealth The British initially made the island a major port for the shipping of goods and later as an airline hub for the region These factors along with a steady government have helped to contribute to the country's affluence This multicultural multiracial and multi religious island nation is the envy of many countries in the world which have tried to emulate the economic success of Singapore The new edition of the Historical Dictionary of Singapore has been completely rewritten since the first edition was released 20 years ago It relates the history of this country through a chronology an introductory essay an expansive bibliography and over 500 cross referenced dictionary entries on significant persons events places organizations and other aspects of Singapore history from the earliest times to the present **Encyclopedia of Post-Colonial Literatures in English** Eugene Benson,L.W. Conolly,2004-11-30

Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Life and Times of Gerald de Cruz** Asad-ul Iqbal Latif,2016-04-29 Gerald de Cruz s life overlapped many of the spheres of Singapore s history after World War II As a Eurasian a nationalist a communist and then a democratic socialist as a journalist and a writer he represents the insurgent energies of a truculent time when a nascent nation was seeking the basis of statehood His commitment to progressive ideas and movements reveals a man of integrity in search of himself in a better world This book seeks to portray his place in time particularly for younger Singaporeans who did not live in an era that has inaugurated the history of independent Singapore **Forgotten Wars** Christopher Alan Bayly,Timothy Norman Harper,2007 This is a panoramic account of the bitter wars of the end of empire seen not only through the eyes of the fighters but also through the personal stories of ordinary people **Inception Point: The Use Of Learning And Development To Reform The Singapore Public Service** James Low,2018-03-20 Inception Point The Use of Learning and Development to Reform the Singapore Public Service fills a gap in current literature on Singapore s modernisation While the political leadership of the late Prime Minister Lee Kuan Yew and his People s Action Party PAP government were key to Singapore s modernisation the role of policy implementation was one shouldered by the Singapore Public Service a story thus far neglected in literature Inception Point argues that the Singapore Public Service used executive development and training to introduce reforms across the bureaucracy In so doing the bureaucracy constantly adjusted itself to help modernise Singapore In the 40 years between decolonisation in 1959 and 2001 when the training arm of the bureaucracy became a statutory board training had been used firstly to socialise the bureaucracy away from its colonial era organisational culture to prepare it for the tasks of nation building Subsequently civil servants were mobilised into an economic general staff through training and development to lead the Singapore developmental state in the 1970s and the 1980s The Public Service for the 21st Century PS21 reforms in the 1990s was the epitome in harnessing development and training for reforms across the bureaucracy *The Scripting of A National History* Lysa Hong,Jianli Huang,2008-04-01 Rather than presenting another narrative of Singapore history The Scripting of a National History Singapore and Its Pasts studies the constructed nature of the history endorsed by the state which blurs the distinction between what happened in the past and how the state intends that past to be understood The People s Action Party PAP government s unbroken mandate to rule has come in no small part from the way it explains its lineage and record to Singaporeans The power vested in various aspects of Singapore s history is thus examined through a consideration of past and present politics The authors trace state discourses on Singapore history from the decision immediately after independence to recognize the nineteenth century British acquisition of the island as its founding moment to the 1980s and 1990s when an essentially Confucian heritage was

recognized under the rubric of Asian values and finally to an emphasis on the history of racial fragility and harmony in response to the threat of terrorism in the twenty first century Embedded within these discourses is the story of the PAP as the heir of the economic dynamics of the pax Britannica as an exponent of the morality and righteousness of the Chinese scholar gentleman and as the firm hand that balances the interests of the majority Chinese against those of the minority populations particularly the Malays The authors examine the underlying template of Singapore history the negotiation with its immigrant past and the popularization of history through conscription of national heroes The chapters range from considering how political leaders claim to be historians by virtue of being the makers of history to the vicissitudes undergone by two originally private homes turned into symbols of Singapore s Chinese modernity The Scripting of a National History Singapore and Its Past is highly relevant not only to academics but also for the Singapore general reader interested to see what are meant to be received wisdoms for the citizenry interrogated in a well reasoned and engaging exercise as well as for an international readership to whom Singapore has become a fascinating enigma They may well be intrigued by the anxieties of being Singaporean

In Lieu of Ideology Kee Beng Ooi, 2010 Born in Malacca in 1918 Dr Goh Keng Swee reached maturity at a time when European colonialism was breathing its last By the time this keen eyed Malayan Became self governing Singapore s first Minister of Finance in 1959 he had made a name for himself s the colony s foremost social scientist having carried out groundbreaking surveys on urban poverty and housing He immediately initiated pioneering projects that laid the ground for the island s economic success When Singapore separated from Malaysia in 1965 Dr Goh took charge of building an army from scratch
