Gordon McConville, 2000-06-30 The Deuteronomistic or more properly Deuteronomistic History is a modern theoretical construct which holds that the books of Deuteronomy Joshua Judges Samuel and Kings constitute a single work unified by a basic homogeneity in language style and content This construct owes much to the influence of Martin Noth's classic study of the Deuteronomistic History contained in his larger *Überlieferungsgeschichtliche Studien* According to Noth the Deuteronomist incorporated the deuteronomistic law into the beginning of his work framing it with speeches by Moses The Deuteronomist then added other sources such as tales of conquest and settlement prophetic narratives and speeches official annals and records While this larger thesis has stood the test of time there is much disagreement among contemporary scholars about a wide variety of issues The present collection attempts to provide readers with an understanding of the important developments methodologies and points of view in the ongoing debate Both current essays and some older classic essays that have shaped the larger debate are included Ten are newly translated into English Each essay is prefaced by a detailed foreword by one of the editors that summarizes and places the essay in its appropriate context making the volume ideal for use in seminars or courses as well as for individuals wishing to become familiar with the state of discussion on the Deuteronomistic History *Reconsidering the Institutions of Canadian Federalism* J. Culhane, 2010-11-08 This book approaches a variety of social and political issues that have become highly polarized and resistant to compromise by examining them through a population based public health perspective The topics included are some of the most contentious abortion and reproductive rights end of life issues including the right to die and the treatment of pain the connection between racism and poor health outcomes for African Americans the right of same sex couples to marry the toll of gun violence and how to reduce it domestic violence and how the criminal justice model fails to deal with it effectively and how tort compensation and punitive damages can further public health goals People at every point along the political spectrum will find the book enlightening and informative Written by eight authors all of whom have cross disciplinary expertise this book shifts the focus away from the point of view of rights politics or morality and examines the effect of laws and policies from the perspective of public health and welfare Bladder Pain Syndrome Jørgen Nordling, Jean Jacques Wyndaele, Joop P. van de Merwe, Pierre Bouchelouche, Mauro Cervigni, Magnus Fall, 2012-11-14 Bladder Pain Syndrome A Guide for Clinicians

provides a comprehensive update in the pathophysiology epidemiology terminology evaluation and treatment of patients with pelvic pain perceived to be related to the urinary bladder The volume covers the tremendous evolution during the last decade in our understanding of pain syndromes and their diagnosis and treatment It is now clear that Bladder Pain Syndrome belongs to the family of pain syndromes and therefore treatment has moved from the treatment of the bladder to the treatment of a pain syndrome with the special problems this presents when the pain syndrome involves urinary symptoms Interstitial Cystitis was poorly defined and the interpretation and patient selection differed enormously around the world in many ways making exchange of information unreliable and confusing Bladder Pain Syndrome is clearly defined and the result is a much better patient selection This volume provides state of the art background for making a correct evaluation and diagnosis of patients with pelvic pain and voiding problems resulting in a more focused treatment to the benefit of the patients The volume also covers the close relationship between different pain syndromes including those outside the pelvis Bladder Pain Syndrome A Guide for Clinicians will be of great utility to urologists gynecologists and all health professionals dealing with patients with pelvic pain
