## **Role Of Religious Organizations In Social Movements:**

The Role of Religious Organizations in Social Movements Barbara M. Yarnold,1991-08-30 This collection of essays analyzes the impact of religious organizations on social movements in the United States The contributors detail religious support for political sanctuary gay and lesbian rights peace and moral majority themes emphasizing how religious institutions help communicate the core ideas of these movements Among their findings religious organizations become significant communication vehicles for certain movements whose ideologies are consistent with their religious tenets Drawing from cultural pluralism and communications theory these essays focus on communications networks and how they facilitate the spread of core ideas of social movements Two questions are examined why do religious organizations become involved in particular social movements and what are the implications of this involvement The authors find that movements experience a significant increase in legitimacy and endurance when they are supported by the communications resources of religious groups This book is valuable to scholars of social movements government and religion     Social Movements in an Organizational Society Mayer N. Zald,2017-09-29 First Published in 2017 This book is concerned with the carriers and fate of social movements in modern America It presents an argument that in an organizational society the shape of social movements is closely tied to the technologies forms opportunities and targets created by that society     **The Blackwell Companion to Sociology of Religion** Richard K. Fenn,2008-04-15 The Blackwell Companion to Sociology of Religion is presented in three comprehensive parts Written by a range of outstanding academics the volume explores the current status of the sociology of religion and how it might look in future Explores the current status of the sociology of religion and how it might look at the beginning of the next millennium Traces the boundaries between sociology and other closely related disciplines such as theology and social anthropology Edited by one of the best known and most widely respected sociologists of religion Accessibly presented in three comprehensive parts     Disruptive Religion Christian Smith,2014-07-16 Religion has long played a central role in many social and political movements Solidarity in Poland anti apartheid in South Africa Operation Rescue in the United States each of these movements is driven by the energy and sustained by the commitment of many individuals and organizations whose ideologies are shaped and powered by religious faith In many cases religious resources and motives serve as crucial variables explaining the emergence of entire social movements Despite the crucial role of religion in most societies this religious activism remains largely uninvestigated Disruptive Religion intends to fill this void by analyzing contemporary social movements which are driven by people and organizations of faith Upon a firm base of empirical evidence these essays also address many theoretical issues arising in the study of social movements and disruptive politics     **The Politics and Anti-Politics of Social Movements** Marian Burchardt,Amy Patterson,Louise Mubanda Rasmussen,2017-10-02 This book explores the nature significance and consequences of the religious activism surrounding AIDS in Africa While African religion was relatively marginal in inspiring or contributing to AIDS activism during the early

days of the epidemic this situation has changed dramatically In order to account for these changes contributors provide answers to pressing questions How does the entrance of religion into public debates about AIDS affect policymaking and implementation church state relations and religion itself How do religious actors draw on and reconfigure forms of transnational connectivity How do resource flows from development and humanitarian aid that religious actors may access then affect relationships of power and authority in African societies How does religious mobilization on AIDS reflect contestation over identity cultural membership theology political participation and citizenship Addressing these questions the authors draw on social movement theories to explore the role of religious identities action frames political opportunity structures and resource mobilization in African religions reaction to the AIDS epidemic The book s findings are rooted in fieldwork conducted in Tanzania Uganda Zambia Zimbabwe Ghana and Mozambique among a variety of religious organizations This book was originally published as a special issue of the Canadian Journal of African Studies

*Social Movement to Address Climate Change* Danielle Endres, Leah M. Sprain, Tarla Rai Peterson, 2009 Deniers of climate change have benefited from political strategies developed by conservative think tanks and public relations experts paid handsomely by the energy industry With this book environmental activists can benefit from some scholarly attention turned to their efforts This book exhibits the best that public scholarship has to offer Its authors utilize sophisticated rhetorical theory and criticism to uncover the intentional constraints and possibilities for participants at various sites of the Step It Up day of climate activism What makes this book especially valuable is that it is not only directed to fellow communication scholars but is written in a clear and accessible style to bring the insights of an academic field to a broader public of activists committed to building an environmental social movement Prof Leah Ceccarelli University of Washington This is an unusually interesting volume grounded in a sustained and coordinated analysis of the Step It Up campaign Generating a multifaceted and shared archive for analyzing the SIU campaign on global warming the volume s multiple authors critically examine intersecting dimensions of the SIU campaign its persuasive strategies organizational dynamics and political practices for everyday citizens with an eye on implications for enhancing the larger environmental movement Readers with a practical and theoretical interest in social and political movements will find this book engaging and leavened with heuristic value Professor Robert L Ivie Indiana University Bloomington

**Foundations of Sociological Theory** Neeraj Venkataraman, 2025-02-20 Foundations of Sociological Theory offers a comprehensive exploration of sociological thought providing a nuanced understanding of key theoretical traditions concepts and debates Written by leading experts this handbook covers a wide range of perspectives from classical works to contemporary developments Structured thematically we delve into major theoretical frameworks including structural functionalism conflict theory symbolic interactionism feminism postmodernism and more Each chapter offers a deep dive into specific areas of sociological theory examining historical roots core concepts empirical applications and critical debates We also explore intersections with psychology economics anthropology and

political science highlighting sociology's interdisciplinary nature. Designed for students, scholars, and enthusiasts, this handbook is a valuable resource for understanding social life's complexities and analyzing human behavior, social interactions, and institutional arrangements. By engaging with diverse perspectives and methodologies, readers are encouraged to critically interrogate the social world, challenge conventional wisdom, and contribute to discussions on society and social change. With comprehensive coverage, insightful analysis, and an interdisciplinary approach, *Foundations of Sociological Theory* is essential for anyone seeking to deepen their understanding of sociological theory and its contemporary applications. Whether you're a seasoned scholar or a newcomer, this handbook offers a rich overview of sociological thought.

**Understanding Social Movements** Greg Martin, 2015-05-01. This book offers a new and fresh approach to understanding social movements. It provides interdisciplinary perspectives on social and cultural protest and contentious politics. It considers major theories and concepts which are presented in an accessible and engaging format. Historical and contemporary case studies and examples from a variety of different countries are provided throughout, including the American civil rights movement, Greenpeace, Pussy Riot, indigenous peoples' movements, liberation theology, Occupy, Tea Party, and the Arab Spring. The book presents specific chapters outlining the early origins of social movement studies and more recent theoretical and conceptual developments. It considers key ideas from resource mobilization theory, the political process model, and new social movement approaches. It provides an expansive commentary on the role of culture in social protest and looks at substantive areas in chapters dedicated to religious movements, geography and struggles over space, media and movements, and global activism. *Understanding Social Movements* will be a useful resource for undergraduate and postgraduate students across disciplines wanting to be introduced to or extend their knowledge of the field. The book will also prove invaluable for lecturers and academic researchers interested in studying social movements.

**States and Social Movements** Hank Johnston, 2013-05-20. Since the late eighteenth century, politics, protest, and the state have evolved together, each shaping the other in significant ways. This engaging and succinct treatment of protest-state interaction shows how the modern national state developed in tandem with social movement mobilization, arguing that to understand the state fully, you cannot ignore the role of political protest. Today, social movements are an integral part of politics; modern democratic states are, in reality, social movement societies, and protest mobilization permeates how politics is regularly accomplished. *States and Social Movements* presents a balanced and comprehensive assessment of various theories of social movements, engaging both state-centered approaches and cultural and agency-based perspectives. Hank Johnston takes a broad view, analyzing democratic transitions and revolutions, how protest occurs in repressive states, and concluding with an exploration of the emerging repertoire of global social movements, where these movements come from, and if they spell the end of the modern state as we know it. *States and Social Movements* cuts to the core of how social movements interact with all types of state system to produce variable outcomes such as democracy, policy reform, repression, insurrection, and revolution. As such, it is

essential reading for students and scholars of sociology and political science interested in the important research area of contentious politics

**Popular Intellectuals and Social Movements** Michiel Baud, Rosanne Rutten, 2004 All forms of popular protest include a category of popular intellectuals who reflect on social reality speak in the name of popular classes and who articulate ideas that inspire collective action This volume focuses on these individuals from an original angle it looks at the experiences of popular intellectuals in non western societies who operate within social movement networks that link local regional and international arenas and connect to a global flow of ideas Eight case studies on different societies in twentieth century Asia Africa and Latin America highlight specific activist intellectuals

**Social Movements** David S. Meyer, Nancy Whittier, Belinda Robnett, 2002-06-27 Why do social movements take the forms they do How do activists efforts and beliefs interact with the cultural and political contexts in which they work Why do activists take particular strategic paths and how do their strategies affect the course and impact of the movement Social Movements aims to bridge the gap between political opportunities theorists who look at the circumstances and effects of social movement efforts and collective identity theorists who focus on the reconstruction of meaning and identity through collective action The volume brings together scholars from a variety of perspectives to consider the intersections of opportunities and identities structures and cultures in social movements Representing a new generation of social movement theory the contributors build bridges between political opportunities and collective identity paradigms between analyses of movements internal dynamics and their external contexts between approaches that emphasize structure and those that emphasize culture They cover a wide range of case studies from both the U S and Western Europe as well as from less developed countries Movements include feminist organizing in the U S and India lesbian gay movements revolutionary movements in Burma the Philippines and Indonesia labor campaigns in England and South Africa civil rights movements community organizing political party organizing in Canada student movements of the left and right and the Religious Right Many chapters also pay explicit attention to the dynamics of gender race and class in social movements Combining a variety of perspectives on a wide range of topics the contributors synthetic approach shifts the field of social movements forward in important new directions

*Social Movements in China and Hong Kong* Khun Eng Kuah, Gilles Guiheux, 2009 Het uitgangspunt van dit boek is dat Chinese individuen van hun eigen inzet uit moeten kunnen gaan ongeacht de beperkingen die hen door de staat worden opgelegd Om hun belangen beter te kunnen verdedigen sluiten sommige individuen zich aan bij sociale bewegingen die tot sociale protesten kunnen leiden

**South Korean Social Movements** Gi-Wook Shin, Paul Y Chang, 2011-06-01 This book explores the evolution of social movements in South Korea by focusing on how they have become institutionalized and diffused in the democratic period The contributors explore the transformation of Korean social movements from the democracy campaigns of the 1970s and 1980s to the rise of civil society struggles after 1987 South Korea was ruled by successive authoritarian regimes from 1948 to 1987 when the government decided to re establish direct presidential elections The book contends that

the transition to a democratic government was motivated in part by the pressure from social movement groups that fought the state to bring about such democracy After the transition however the movement groups found themselves in a qualitatively different political context which in turn galvanized the evolution of the social movement sector Including an impressive array of case studies ranging from the women s movement to environmental NGOs and from cultural production to law the contributors to this book enrich our understanding of the democratization process in Korea and show that the social movement sector remains an important player in Korean politics today This book will appeal to students and scholars of Korean studies Asian politics political history and social movements

**Essentials of Human Behavior** Elizabeth D. Hutchison, Leanne Wood, 2025-07-08 Essentials of Human Behavior by Elizabeth D Hutchison and Leanne Wood integrates the key framework of time person and environment into a single streamlined text The Fourth Edition is updated to address equity and inclusion trauma and resilience environmental justice and gender identity and expression

Religion in Today's World Melissa M. Wilcox, 2013-12-19 Religion is a major force in contemporary society It is also one of the least understood social and political influences on individuals and communities In this innovative collection of original essays and classic readings experts explore the significance of contemporary religiosity as a source of meaning and motivation how it unites and divides us and how it is used politically and culturally Readers will be introduced to the broad debates in ways that will equip them to analyze discuss and make their own judgments about religion and society This book should be read by anyone interested in understanding religion as a central source of meaning and politics and is ideally suited for undergraduate teaching on religion and social issues and from a global perspective

The Blackwell Companion to Social Movements David A. Snow, Sarah A. Soule, Hanspeter Kriesi, 2008-04-15 The Blackwell Companion to Social Movements is a compilation of original state of the art essays by internationally recognized scholars on an array of topics in the field of social movement studies Contains original state of the art essays by internationally recognized scholars Covers a wide array of topics in the field of social movement studies Features a valuable introduction by the editors which maps the field and helps situate the study of social movements within other disciplines Includes coverage of historical political and cultural contexts leadership organizational dynamics social networks and participation consequences and outcomes and case studies of major social movements Offers the most comprehensive discussion of social movements available

Religion and Progressive Activism Ruth Braunstein, Todd Nicholas Fuist, Rhys H. Williams, 2017-06-13 New stories about religiously motivated progressive activism challenge common understandings of the American political landscape To many mainstream media saturated Americans the terms progressive and religious may not seem to go hand in hand As religion is usually tied to conservatism an important way in which religion and politics intersect is being overlooked Religion and Progressive Activism focuses on this significant intersection revealing that progressive religious activists are a driving force in American public life involved in almost every political issue or area of public concern This volume brings together leading experts who dissect and analyze

the inner worlds and public strategies of progressive religious activists from the local to the transnational level It provides insight into documented trends reviews overlooked case studies and assesses the varied ways in which progressive religion forces us to deconstruct common political binaries such as right left and progress tradition In a coherent and accessible way this book engages and rethinks long accepted theories of religion of social movements and of the role of faith in democratic politics and civic life Moreover by challenging common perceptions of religiously motivated activism it offers a more grounded and nuanced understanding of religion and the American political landscape *International Encyclopedia of Civil Society* Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field [Encyclopedia of American Social Movements](#) Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice **The Making Of Social Movements In Latin America** Arturo Escobar, 2018-02-19 This book paying attention to the axes of identity strategy and democracy grew out of the authors shared and growing interest in contemporary social movements and the vast theoretical literature on these movements produced during the 1980s particularly in Latin America and Western Europe

## Whispering the Secrets of Language: An Mental Journey through **Role Of Religious Organizations In Social Movements**
