Rolf and the First Thanksgiving Robert Wedell,1993-01-01 *Apology to Grouse Creek* Robert H Wright,2004-12

Robert Henry Wright Jr a resident of the Idaho Panhandle since 1988 has published *Apology to Grouse Creek* Book I of the Sandpoint trilogy as a novel set in the Sandpoint Idaho area Wright categorizes *Apology to Grouse Creek* as a love story an action story and as personal relations in an outdoor setting Nathaniel lives on a high mountain plateau where he has everything he wants except for a woman Esmeralda lives in a big city she needs a place to hide Esmeralda sees a personal ad for a woman in a newspaper and she responds Esmeralda and her child Chico join Nathaniel in the mountains and the three meld into a family trinity As the story unfolds the reader learns that Nathaniel is a member of The Family the most wealthy and influential family in the northern five counties of the Idaho Panhandle and that there has been a lifelong rift between Nathaniel and his parents due to him not responding to their ambitions for him The reader also learns that Esmeralda is a fugitive from a motorcycle gang at Los Angeles and that the gang s leader has revenge on his mind The antagonists Rolf and Delpha enter the story They fear that a full blown planet wide battle is inevitable between poverty and wealth Consequently Rolf installs himself and Delpha into a remote mountain location where he intends to build a fortress for defending his money and surviving the social cataclysm However Rolf soon learns that someone lives above and behind him and his paranoia compels him to banish Nathaniel and Esmeralda from the plateau by any means necessary including murder To accomplish this objective Rolf employs the forces of money he uses Esmeralda s dubious past ultimately Rolf kills Nathaniel s dog an act that Nathaniel is not capable of forgiving In addition to the primary plot there is another storyline Victoria and Stanislaus She yearns to establish and operate a cooperative art gallery to promote artwork from the local artists He is a sculptor with great promise but with a perplexing reputation for rowdiness Stanislaus and Victoria polarize the Idaho Panhandle when his statuette *The Harlot* is accepted by her gallery and offered for sale at Sandpoint for the astonishing price of one hundred and fifty thousand dollars *Apology to Grouse Creek*

War Story Rolf Margenau,2021-08-01 A fresh look at World War II through the eyes of four young people who come of age during the war years Nine year old Achim relates his experiences on the home front in New Haven Connecticut He s a canny Tom Sawyer type with a good heart and a knack for reporting the important events of the times and his adventuresome life He manages a little business goes to school supports the war effort becomes a black marketer and attempted murderer and falls in love at least twice all before the age of twelve Horst is a hardened Nazi tank commander captured by the Allies as the Afrika Korps collapses and sent to a POW camp in Mississippi His journey involves saving his Panzer crew surviving the war as a prisoner and making sense of the challenges to his core belief in the deity of Adolf Hitler Improbably his is also a love story Liesel gains her commercial pilot s license at sixteen enters psychological doldrums when she feels betrayed by Lindbergh her flying hero and finds her way to Britain where she and her sidekick Marylou become known as the Lancaster Twins and ferry British war plans for the ATA during the last two

years of the war Paul an engineering graduate from Yale joins the Army as a second lieutenant to begin an eventful career as a code breaker radar designer and rocket man He takes part in two of the war s little known but highly significant secret missions that led to America s dominance in outer space The four heroes connect in ways the reader learns as the story unfolds The author scrutinizes various forms of discrimination from misogyny to anti-Semitism and examines forgotten aspects of the war such as the incarceration of American citizens of German and Italian descent the exchange of German for American prisoners in Sweden and legacy of American POW camps And each hero has a love story to tell Reboot! Phil Burgess, 2011-08 Reboot to work retirement is a disease It s better to wear out than rust out That is the message of Reboot While American culture glamorizes the Golden Years of endless leisure and amusement Phil Burgess rejects retirement as he makes the case for returning to work in the post career years a time he calls later life Based on solid research from the social and medical sciences the author says It is better to die with your boots on fully engaged in helping others and repairing the world Reboot is partly autobiographical Indeed the author is working well into his own post career years following two failed retirements He is also convincing in his eye opening historically rooted and hope filled arguments for engaging in life long work that is productive and satisfying Reboot identifies five different types of work in kind volunteer Samaritan enrichment and paid work Booters who incorporate one or more of these types of work into their post career lifestyle will according to Burgess live longer live better and die faster avoiding boredom aimless busy ness diminished self worth and the anguish and cost of lingering death With America s 78 million boomers turning 65 at the rate of 10 000 a day for the next 18 years Reboot provides a timely and provocative alternative to the conventional idea of retirement With the promises of Social Security and Medicare about to be broken Reboot provides an upbeat and constructive way to deal with new financial realities For men and women navigating life s transitions striving to finish well Reboot provides a roadmap for living a life of meaning challenging the reader to be a booter not a retiree Burgess boldly asserts that retirement is a deadly disease and that work after a life of work is the best option for post career years that are meaningful productive healthy and satisfying See www.BooterNation.com Excerpts On retirement Not all ideas are good ideas Some are bad ideas Retirement is one of those bad ideas it makes no sense Retirement is not natural It is not historic It is not healthy It is not for most people fulfilling For many retirement is a widow maker On the value of work The social engagement and satisfaction that come from working in later life are keys to successful aging There is much work to do in this world where we are but temporary inhabitants We should find it and do it at least for as long as we re able In many ways our life depends on it On work and money Work is not only about money Even if you don t need the money and your financial situation is stable and comfortable returning to work in your post career life is the smart thing to do at least until sidelined by frailty or disability It s smart because good health and satisfaction in later life are most likely to come from working On different types of work For most of us post career work will be tailored work work customized to reflect our needs our deepest desires and the highest and best use of our gifts especially

time talent and treasure Work tailored to our gifts will be productive and satisfying *Rolf Gardiner: Folk, Nature and Culture in Interwar Britain* Mike Tyldesley, Professor Matthew Jefferies, 2013-07-28 Folk dancer forester poet and visionary Rolf Gardiner 1902-71 is both a compelling and troubling figure in the history of twentieth century Britain While he is celebrated as a pioneer of organic farming and co-founder of the Soil Association Gardiner's organicist outlook was not confined to agriculture alone Convinced that a healthy culture and society could only flourish when it was rooted in the soil Gardiner sought national regeneration too One of the most colourful and controversial figures of the interwar period Gardiner believed Britain's future lay not with its doomed empire but in ever closer union with its kin folk kin-tongued neighbours in Germany the Netherlands and Scandinavia Fascinated by the Weimar Republic's myriad youth leagues and life reform movements Gardiner became an important conduit between North Sea and Baltic Yet while an enthusiasm for hiking nudism folk dancing and voluntary labour camps must have appeared harmlessly eccentric to many in 1920s Britain by the late 1930s Gardiner's continued engagement with Germany was to have altogether darker connotations This volume which brings together seven scholars currently working on different aspects of Gardiner's life and work eschews a straightforwardly biographical approach and instead focuses on the decades when he was at his most dynamic and radical Situating Gardiner within the wider political and cultural contexts of the interwar years and exploring youth culture the origins of the organic movement Anglo-German relations and British cultural history it is an essential addition to modern history libraries **Michigan Authors**, 1993 **Sins of the Mothers** Bryan M. Why Learn History (When It's Already on Your Phone) Sam Wineburg,2018-09-17 A look at how to teach history in the age of easily accessible but not always reliable information Let's start with two truths about our era that are so inescapable as to have become clichés We are surrounded by more readily available information than ever before And a huge percent of it is inaccurate Some of the bad info is well meaning but ignorant Some of it is deliberately deceptive All of it is pernicious With the Internet at our fingertips what's a teacher of history to do In Why Learn History When It's Already on Your Phone professor Sam Wineburg has the answers beginning with this We can't stick to the same old read the chapter answer the question snoozefest If we want to educate citizens who can separate fact from fake we have to equip them with new tools Historical thinking Wineburg shows has nothing to do with the ability to memorize facts Instead it's an orientation to the world that cultivates reasoned skepticism and counters our tendency to confirm our biases Wineburg lays out a mine filled landscape but one that with care attention and awareness we can learn to navigate The future of the past may rest on our screens But its fate rests in our hands Praise for Why Learn History When It's Already on Your Phone If every K 12 teacher of history and social studies read just three chapters of this
