History of the Book in Australia Volume 3 Craig Munro,2006-07 This new volume in UQP s History of the Book in Australia series explores Australian book production and consumption from 1946 to the present day In the immediate postwar era most books were imported into a colonial market dominated by British publishers Paper Empires traces this fascinating and volatile half century using wide ranging research oral history and memoir to explore the worlds of book publishing selling and reading After 1945 Australian publishing went from a handful of fledgling businesses to the billion dollar industry of today with thousands of new titles each year and a vast array of imported books Publishing s postwar expansion began with the baby boom and the increased demand for school texts with independent houses blossoming during the 1960s and 70s followed by the current era dominated by global conglomerates All aspects of print culture are explored from authorship and editing to bookselling libraries and reading habits in the context of today s rapidly changing publishing landscape with its many technological challenges A wide range of expert contributors including book trade practitioners have produced this lively and indispensable account of our vital cultural industry *Robbery Under Arms* Rolf Boldrewood,2006 The quintessential bushranging adventure tale *Robbery Under Arms* has been an Australian classic virtually since it first appeared in book form in 1888 and its continuing appeal and popularity has seen the tale frequently adapted for stage radio film and television However over this time the novel s text has changed considerably It lost some material in early editions and these omissions were never repaired It was later abridged by its author but the publisher botched the job And as with any much reprinted work thousands of small changes gradually crept into the text This Academy Edition is the first full scale critical edition of the novel and is particularly vital given the instability of the text It presents the original text including some 29 000 words cut from later editions It allows contemporary readers and scholars for the first time to appreciate how the special qualities of the novel were partially flattened over time and to know exactly what material was omitted **The Work and The Reader in Literary Studies** Paul Eggert,2019-08-29 Reflects on and re imagines the role of the scholarly edition and its reader in the twenty first century **Henry Handel Richardson Special Issue** Laurie Hergenhan,1998 The essays on Richardson in this special issue are revised versions of a selection of those papers given at a conference entitled The Fortunes of Henry Handel Richardson held at the National Library of Australia Canberra 19 April 1997 editorial **The Australian Novel, 1830-1980** John Scheckter,1998 This volume introduces the reader to a powerful and rewarding territory the Australian novel Both drawing from and rebelling against the power of Europe Australian writers asserted from the beginning that experience down under demands thorough observation and thoughtful expression Exploration of the vast
