Leigey,2015-05-08 Today there are approximately fifty thousand prisoners in American prisons serving life without parole having been found guilty of crimes ranging from murder and rape to burglary carjacking and drug offences In The Forgotten Men criminologist Margaret E Leigey provides an insightful account of a group of aging inmates imprisoned for at least twenty years with virtually no chance of release These men make up one of the most marginalized segments of the contemporary U S prison population

Considered too dangerous for rehabilitation ignored by prison administrators and overlooked by courts disinclined to review such sentences these prisoners grow increasingly cut off from family and the outside world Drawing on in depth interviews with twenty five such prisoners Leigey gives voice to these extremely marginalized inmates and offers a look at how they struggle to cope She reveals for instance that the men believe that permanent incarceration is as inhumane as capital punishment calling life without parole the hard death penalty Indeed after serving two decades in prison some wished that they had received the death penalty instead Leigey also recounts the ways in which the prisoners attempt to construct meaningful lives inside the bleak environment where they will almost certainly live out their lives Every state in the union except Alaska has the life without parole sentencing option despite its controversial nature and its staggering cost to the taxpayer The Forgotten Men provides a much needed analysis of the policies behind life without parole sentencing arguing that such sentences are overused and lead to serious financial and ethical dilemmas The Second Half of Marriage Leader's Guide David Arp, Claudia Arp, 2000-08-18 Your children are gone or leaving soon It s time to focus once again on your own future and your marriage What s in store for the second half David and Claudia Arp provide answers and practical help in this groundbreaking book Drawing on their national survey of hundreds of second half couples the Arps reveal eight marital challenges every long term marriage faces and they offer strategies and exercises for meeting each of them The Second Half of Marriage will challenge you to create a vision for the rest of your life together and inspire you to make that vision a reality The second half of marriage can be a time of fulfillment no matter what challenges a couple previously faced Couples can rediscover each other and build a more mature satisfying and romantic life together The Second Half of Marriage Zondervan Groupware is a unique resource designed to facilitate this rediscovery and rebuilding A Delinquent's Detour Roy A.
