Shemonen Perakim A Treatise On The Soul:

משה מיימונידס, 1135-1204 .משה מיימונידס Moses Maimonides,1999 A companion volume to Maimonides study of Pirke Avot a modern commentary on Jewish ethics חיים מילר Chaim Miller,2005-05 **Reflections on the Book of Numbers** Martin Sicker,2014-12-30 Perusing this biblical book through a theopolitical prism it may be seen that another unifying theme that courses through the diverse contents of this biblical work is that of molding the diverse tribes of the children of Israel into a functioning confederacy presided over by an increasingly strong central authority For forty years Moses wrestled with the problem of retaining the tribal structure of the children of Israel as a vehicle for the transmission of traditional teachings and values from the generation of the exodus to their descendants and at the same time attempting to restructure intertribal relationships within the confederacy by the nationalization and centralization of the evolving religion focused on the Tabernacle and its rites that served as the adhesive that bound them to each other What the narrative also illustrates is the challenge of exercising the effective central leadership essential to containing the centripetal social forces that tended to impede the transition from a tribal confederacy to a unified nation a challenge that purportedly caused an eleven day trip from Mount Sinai to the Promised Land to take thirty eight years to complete **Rediscovering Judaism** Kerry M. Olitzky,Ronald H. Isaacs,1997 Study program specially geared to the group of adults becoming adult Bar Bat mitzvot

Maimonides' Cure of Souls David Bakan,Dan Merkur,David S. Weiss,2010-07-02 Is Moses Maimonides an unacknowledged ancestor of the psychoanalytic movement In this book David Bakan Dan Merkur and David S Weiss look at the great medieval Jewish philosopher s prescription for the cure of souls and its psychological significance In the Guide of the Perplexed Maimonides who was also a physician describes the soul s illness when sinners rationalize evil as good they limit their capacities to reason imagine and behave well which also produces physical symptoms The cure depends on repentance in love and fear of God that is attained through philosophical knowledge the interpretation of dreams and visions and mystical contemplation The authors look at the Aristotelian background of Maimonides psychology Maimonidean mysticism his beliefs about prophecy and sexuality and what is known of Maimonides client population A final chapter discusses Maimonides and Freud noting that many distinctive features of the cure of souls are shared by Freud s original formulation of psychoanalysis Indeed the many points of convergence suggest Freud s direct or indirect contact with Maimonides legacy *Maimonidean Criticism and the Maimonidean Controversy, 1180-1240* Daniel Jeremy Silver,2012-06-30 Daniel Silver s Maimonidean Criticism constitutes a landmark in the historiography of Maimonideanism in general and of the controversy of the 1230s in particular Brill has thus brought this important book back into print for students wishing an introduction to this debate *The 13 Principles of Faith* Moses Maimonides,2009 Rambam Maimonides 1135 1204 is revered as one of the greatest Jewish scholars who ever lived Among his vast contributions to Jewish scholarship is a series of thirteen core beliefs of Judaism The brevity of this credo belies the depth of the ideas it represents

Now Kol Menachem presents an extensive work of scholarship that will elucidate these principles for all those interested in the heart of Jewish belief Organized into a sequence of user friendly lessons this series takes the reader on a journey through more than 150 traditional sources that influenced these beliefs through the ages Added to this is the Toras Menachem commentary on the Principles culled from the Lubavitcher Rebbe's extensive lectures and writings Thirteen Principles of Faith Moses Maimonides, 2007 **Hamishah Humshe Torah**, 2002 The Jews of Iran Houman M. Sarshar, 2014-09-17 Living continuously in Iran for over 2700 years Jews have played an integral role in the history of the country Frequently understood as a passive minority group and often marginalized by the Zoroastrian and succeeding Muslim hegemony the Jews of Iran are instead portrayed in this book as having had an active role in the development of Iranian history society and culture Examining ancient texts objects and art from a wide range of times and places throughout Iranian history as well as the medieval trade routes along which these would have travelled The Jews of Iran offers in depth analysis of the material and visual culture of this community Additionally an exploration of modern novels and accounts of Jewish Iranian women's experiences sheds light on the social history and transformations of the Jews of Iran from the rule of Cyrus the Great c 600 530 BCE to the Iranian Revolution of 1978 9 and onto the present day By using the examples of women writers such as Gina Barkhordar Nahai and Dalia Sofer the implications of fictional representation of the history of the Jews of Iran and the vital importance of communal memory and tradition to this community are drawn out By examining the representation of identity construction through lenses of religion gender and ethnicity the analysis of these writers work highlights how the writers undermine the popular imagining and imaging of the Jewish other in an attempt to create a new narrative integrating the Jews of Iran into the idea of what it means to be Iranian This long view of the Jewish cultural influence on Iran's social economic political and cultural development makes this book a unique contribution to the field of Judeo Iranian studies and to the study of Iranian history more broadly 2000, Jewish Virtue Ethics Geoffrey D. Claussen, Alexander Green, Alan L. Mittleman, 2023-08-01 What is good character What are the traits of a good person How should virtues be cultivated How should vices be avoided The history of Jewish literature is filled with reflection on questions of character and virtue such as these reflecting a wide range of contexts and influences Beginning with the Bible and culminating with twenty first century feminism and environmentalism Jewish Virtue Ethics explores thirty five influential Jewish approaches to character and virtue Virtue ethics has been a burgeoning field of moral inquiry among academic philosophers in the postwar period Although Jewish ethics has also flourished as an academic and practical field attention to the role of virtue in Jewish thought has been underdeveloped This volume seeks to illuminate its centrality not only for readers primarily interested in Jewish ethics but also for readers who take other approaches to virtue ethics including within the Western virtue ethics tradition The original essays written for this volume provide valuable sources for philosophical reflection *Moses Maimonides, 1135-1204* Isidore Epstein, 1935 *Jewish Philosophy in the Middle Ages* T. M. Rudavsky, 2018-06-28 T M

Rudavsky presents a new account of the development of Jewish philosophy from the tenth century to Spinoza in the seventeenth viewed as part of an ongoing dialogue with medieval Christian and Islamic thought Her aim is to provide a broad historical survey of major figures and schools within the medieval Jewish tradition focusing on the tensions between Judaism and rational thought This is reflected in particular philosophical controversies across a wide range of issues in metaphysics language cosmology and philosophical theology The book illuminates our understanding of medieval thought by offering a much richer view of the Jewish philosophical tradition informed by the considerable recent research that has been done in this area Encyclopaedia Judaica Fred Skolnik,2007 Provides an exhaustive and organized overview of Jewish life and knowledge from the Second Temple period to the contemporary State of Israel from Rabbinic to modern Yiddish literature from Kabbalah to Americana and from Zionism to the contribution of Jews to world cultures Comprehensive Dissertation Index, 1861-1972: Philosophy and religion Xerox University Microfilms,1973 **Interpretation** ,1990 Training American Orthodox Rabbis to Play a Role in Confronting Assimilation Adam S. Ferziger,2003 Rabbis as Mental Health Professionals Abner Weiss,2000 Rabbis as Mental Health Professionals is a landmark study of counseling needs and preferences of contemporary American Jews and of the effectiveness of rabbinical counseling training Located in the context of the Jewish and Christian pastoral counseling traditions this book will appeal to anyone interested in psychospiritual issues and strategies Graduate students and professors interested in psychology pastoral care theology and counseling should take special interest in this comprehensive study *Encyclopaedia Judaica: Lek-Mil* ,1996
