Gombrowicz in Transnational Context Silvia Dapia, 2019-06-12 Witold Gombrowicz 1904 1969 was born and lived in Poland for the first half of his life but spent twenty four years as a migrant in Argentina before returning to Europe to live in West Berlin and finally Vence France His works have always been of interest to those studying Polish or Argentinean or Latin American literature but in recent years the trend toward a transnational perspective in scholarship has brought his work to increasing prominence Indeed the complicated web of transnational contact zones where Polish Argentinean French and German cultures intersect to influence his work is now seen as the appropriate lens through which his creativity ought to be examined This volume contributes to the transnational interpretation of Gombrowicz by bringing

together a distinguished group of North American Latin American and European scholars to offer new analyses in three distinct themes of study that have not as yet been greatly explored Translation Affect and Politics How does one translate not only Gombrowicz's words into various languages but the often cultural laden meaning and the particular style and tone of his writing What is it that passes between author and reader that causes an affect How did Gombrowicz's negotiation of the turbulent political worlds of Poland and Argentina shape his writing The three divisions of this collection address these questions from multiple perspectives thereby adding significantly to little known aspects of his work **Philip Roth** Ira
