 Dissension HB By Boris Edwards Kevin Lockwood is an average high school student who thought he had his life mapped out
 All he wanted was a date with the hot new girl He never imagined the path his life would take when his best friend ends up
 dead in a graveyard Suddenly he s part of a whole new world filled with the undead angels demons and unfathomable
 creatures But when the people he loves most are attacked Kevin will become what he hates Will he get the revenge he so
 desperately wants or will his cravings lead in another direction **Vietnam Awakening** Michael Uhl, 2014-11-29 In this
 vividly honest memoir author Michael Uhl details his experiences in Vietnam as first lieutenant of a counterintelligence team

 Sources are the raw material of History but whereas the written word has traditionally been seen as the principal source
 historians now recognize the value of sources beyond text In this new edition of History and Material Culture contributors
 consider a range of objects from an eighteenth century bed curtain to a twenty first century shopping trolley which can help
 historians develop new interpretations and new knowledge about the past Containing two new chapters on healing objects in
 East Africa and the shopping trolley in the social world this book examines a variety of material sources from around the
 globe and across centuries to assess how such sources can be used to study the distant and the recent past In a revised
 introduction Karen Harvey discusses some of the principal issues raised when historians use material culture particularly in
 the context of the material turn and suggests some initial steps for those unfamiliar with these kinds of sources While the
 sources are discussed from interdisciplinary perspectives the emphasis of the book is on what historians stand to gain from
 using material culture as well as what historians have to offer the broader study of material culture Clearly written and
 accessible this book is the ideal introduction to the opportunities and challenges of researching material culture and is
 essential reading for all students of historical theory and method *The Fifth Book of Peace* Maxine Hong
 Kingston, 2007-12-18 A long time ago in China there existed three Books of Peace that proved so threatening to the reigning
 powers that they had them burned Many years later Maxine Hong Kingston wrote a Fourth Book of Peace but it too was
 burned in the catastrophic Berkeley Oakland Hills fire of 1991 a fire that coincided with the death of her father Now in this
 visionary and redemptive work Kingston completes her interrupted labor weaving fiction and memoir into a luminous
