This book looks at social representations of romantic love as portrayed in films and interpreted by their audiences using cinema as a means for analysing the state of romantic love today and the touchpoints and disconnects between its representation on screen and the lived experiences of film audiences Through a media sociology lens the book draws on analysis of five contemporary romantic films and the meanings brought to and made from them by socially and economically diverse audiences Employing both textual analysis and primary interviews the book contests overly pessimistic perspectives on modern intimacy while acknowledging and exploring some of the challenges woes and changes that romantic love is experiencing in late capitalism Concerns and debates over monogamy the teleology romantic love and the division of labour in relationships percolate in this book s examination of how audiences responses to these films reflect their attitudes and expectations regarding romantic love This book will have great resonance for scholars and students of not just film studies and media studies but also audience studies media sociology philosophy gender and sexuality Fluid Gender, Fluid Love Deirdre Byrne,Wernmei Yong Ade,2018-10-16 Gender and love are so intimately interconnected that it sometimes seems as though they bring each other into being But their relationship is shifting as human society develops new understandings of identity gender and the self The chapters in this volume explore the convoluted and ever changing nature of love gender and identity from a variety of disciplines and perspectives bearing testimony to the perennial appeal of this field of inquiry There are chapters on the historical constructions of love and gender the philosophical aspects the faultlines in twenty first century heteronormativity and the challenges of love from and within the margins Gender and love are interdisciplinary and this volume will appeal to scholars from all disciplinary protocols **Strange Gods** Timothy L. Carens,2021-11-28 Despite frequent declarations of the sanctity of love and marriage British Protestant culture nurtured the fear that human affection might easily slip into idolatry Throughout the nineteenth century theological essays sermons hymns and didactic fiction and poetry urged the faithful to maintain a constant watch over their hearts lest they become engrossed by human love guilty of worshipping the creature rather than the Creator Strange Gods Love and Idolatry in the Victorian Novel traces the concerns produced in Protestant culture by this broad interpretation of idolatry In chapters focusing on Charles Kingsley and Charlotte Bront Mary Elizabeth Braddon George Eliot Oscar Wilde and Thomas Hardy this volume shows that even supposedly secular novels obsessively reenact an ideological clash between Protestant faith and human love Anxiety about adoring humans more than God frequently overshadows and sometimes derails the progress of romance in Victorian novels By probing this anxiety

and its narrative effects *Strange Gods* uncovers how a central Protestant belief exerts its influence over stories about love and marriage
