Reading the Ruins Leo Mellor, 2011-09-15 From fires to ghosts and from flowers to surrealist apparitions the bombsites of London were both unsettling and inspiring terrains Yet throughout the years prior to the Second World War British culture was already filled with ruins and fragments They appeared as content with visions of tottering towers and scraps of paper and also as form in the shapes of broken poetics But from the outbreak of the Second World War what had been an aesthetic mode began to resemble a proleptic template During that conflict many modernist writers such as Graham Greene Louis MacNeice David Jones J F Hendry Elizabeth Bowen T S Eliot and Rose Macaulay engaged with devastated cityscapes and the altered lives of a nation at war To understand the potency of the bombsites both in the Second World War and after *Reading the Ruins* brings together poetry novels and short stories as well as film and visual art *Chiang Yee and His Circle* Paul

Bevan, Anne Witchard, Da Zheng, 2022-04-13 This book *Chiang Yee and His Circle* Chinese Artistic and Intellectual Life in Britain 1930 1950 celebrates the life and work of Chiang Yee 1903 1977 a Chinese writer poet and painter who made his home in London England during the 1930s and 1940s It examines Chiang's relationship with his circle of friends and colleagues in the English capital and assesses the work he produced during his sojourn there This edited volume with contributions from eleven distinguished scholars tells a story of a Chinese intellectual community in London that up to now has been largely overlooked It portrays a dynamic picture of the London based migr life during the years that led up to the war and during the conflict that was the catalyst for many of them moving on In addition the book broadens our understanding of cultural interactions between China and the West in Hampstead one of the most vibrant artistic communities in London The collected essays convey a striking portrait of a community of Chinese intellectuals in England during World War II and how it interacted with cultural elites in London and elsewhere both as artists and as anti fascist activists As a whole the volume makes significant points about how people claim status as authentic interpreters of a cultural tradition a process that can pit friends against each other Kristin Stapleton The University at Buffalo SUNY In this delightful collection of essays a team of experts in literature history and the arts bring to light a world of literary interconnectedness and wartime collaboration seldom explored in scholarship The perfect resource for anyone who values the humanistic common ground between the East and the West Jenny H Day Skidmore College

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and
