Nomadic Subjects Embodiment And Sexual Difference In Contemporary Feminist Theory

Bolette Blaagaard, Iris van der Tuin

Nomadic Subjects Embodiment And Sexual Difference In Contemporary Feminist Theory:

Nomadic Subjects Rosi Braidotti, 2011-05-24 For more than fifteen years *Nomadic Subjects* has guided discourse in continental philosophy and feminist theory exploring the constitution of contemporary subjectivity especially the concept of difference within European philosophy and political theory Rosi Braidotti's creative style vividly renders a productive crisis of modernity From a feminist perspective she recasts embodiment sexual difference and complex concepts through relations to technology historical events and popular culture This thoroughly revised and expanded edition retains all but two of Braidotti's original essays including her investigations into epistemology's relation to the woman question feminism and biomedical ethics European feminism and the possible relations between American feminism and European politics and philosophy A new piece integrates Deleuze and Guattari's concept of the becoming minoritarian more deeply into modern democratic thought and a chapter on methodology explains Braidotti's methods while engaging with her critics A new introduction muses on Braidotti's provocative legacy

Nomadic Theory Rosi Braidotti, 2012-02-07 Rosi Braidotti's nomadic theory outlines a sustainable modern subjectivity as one in flux never opposed to a dominant hierarchy yet intrinsically other always in the process of becoming and perpetually engaged in dynamic power relations both creative and restrictive Nomadic theory offers an original and powerful alternative for scholars working in cultural and social criticism and has over the past decade crept into continental philosophy queer theory and feminist postcolonial techno science media and race studies as well as into architecture history and anthropology This collection provides a core introduction to Braidotti's nomadic theory and its innovative formulations which playfully engage with Deleuze Foucault Irigaray and a host of political and cultural issues Arranged thematically essays begin with such concepts as sexual difference and embodied subjectivity and follow with explorations in technoscience feminism postsecular citizenship and the politics of affirmation Braidotti develops a distinctly positive critical theory that rejuvenates the experience of political scholarship Inspired yet not confined by Deleuzian vitalism with its commitment to the ontology of flows networks and dynamic transformations she emphasizes affects imagination and creativity and the politics of radical immanence Incorporating ideas from Nietzsche and Spinoza as well Braidotti establishes a critical theoretical framework equal parts critique and creation Ever mindful of the perils of defining difference in terms of denigration and the related tendency to subordinate sexualized racialized and naturalized others she explores the eco philosophical implications of nomadic theory feminism and the irreducibility of sexual difference and sexuality Her dialogue with technoscience is crucial to nomadic theory which deterritorializes the established understanding of what counts as human along with our relationship to animals the environment and changing notions of materialism Keeping her distance from the near obsessive focus on vulnerability trauma and melancholia in contemporary political thought Braidotti promotes a politics of affirmation that has the potential to become its own generative life force

The Subject of Rosi Braidotti Bolette Blaagaard, Iris van der Tuin, 2014-09-25 *The Subject of Rosi Braidotti* Politics and Concepts brings into focus the

diverse influence of the work of Rosi Braidotti on academic fields in the humanities and the social sciences such as the study and scholarship in among others feminist theory political theory continental philosophy philosophy of science and technology cultural studies ethnicity and race studies Inspired by Braidotti s philosophy of nomadic relations of embodied thought the volume is a mapping exercise of productive engagements and instructive interactions by a variety of international outstanding and world renowned scholars with texts and concepts developed by Braidotti throughout her immense body of work In Braidotti s work traversing themes of engagements emerge of politics and philosophy across generations and continents Therefore the edited volume invites prominent scholars at different stages of their careers and from around the world to engage with Braidotti s work in terms of concepts and or political practice

Young Children Becoming Curriculum Marg Sellers,2013-07-31 This book contests a tradition and convention in educational thinking that dichotomises children and curriculum by developing the notion of re conceiving children in curriculum By presenting an innovative research project in which she worked with children to share their understandings of the internationally renowned Te Wh riki curriculum Marg Sellers explores what the curriculum means to children and how it works as demonstrated in games they played In generating different ways for thinking the author draws upon her work with the philosophical imaginaries of Gilles Deleuze and Felix Guattari whose ideas shape both the content and the non linear structure of this book Topics covered include Rhizomes rhizo methodology and rhizoanalysis Plateaus De territorialising lines of flight Dynamic spaces The notion of empowerment This assemblage of Deleuzo Guattarian imaginaries generates ways for thinking differently about children s complex interrelationships with curriculum and opens possibilities for re conceiving both reconceiving and receiving children s understandings within adult conceptions of how curriculum works for young children This book will be of interest to early childhood students scholars and practitioners alike also appealing to those interested in philosophical theoretical and practical understandings of curriculum in general

Anthropocene Feminism Richard Grusin,2017-03-21 What does feminism have to say to the Anthropocene How does the concept of the Anthropocene impact feminism This book is a daring and provocative response to the masculinist and techno normative approach to the Anthropocene so often taken by technoscientists artists humanists and social scientists By coining and for the first time fully exploring the concept of anthropocene feminism it highlights the alternatives feminism and queer theory can offer for thinking about the Anthropocene Feminist theory has long been concerned with the anthropogenic impact of humans particularly men on nature Consequently the contributors to this volume explore not only what current interest in the Anthropocene might mean for feminism but also what it is that feminist theory can contribute to technoscientific understandings of the Anthropocene With essays from prominent environmental and feminist scholars on topics ranging from Hawaiian poetry to Foucault to shelled creatures to hypomodernity to posthuman feminism this book highlights both why we need an anthropocene feminism and why thinking about the Anthropocene must come from feminism Contributors Stacy

Embodied Research in Migration Studies Elena Vacchelli, 2018-07-04 The definition of data in qualitative research is expanding This book highlights the value of embodiment as a qualitative research tool and outlines what it means to do embodied research at various points of the research process It shows how using this non invasive approach with vulnerable research participants such as migrant refugee and asylum seeking women can help service users or research participants to be involved in the co production of services and in participatory research Drawing on both feminist and post colonial theory the author uses her own research with migrant women in London focusing specifically on collage making and digital storytelling whilst also considering other potential tools for practicing embodied research such as yoga personal diaries dance and mindfulness Situating the concept of embodiment on the map of research methodologies the book combines theoretical groundwork with actual examples of application to think pragmatically about intersectionality through embodiment

The History of Continental Philosophy Alan D. Schrift, 2013-04-12 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant s philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike

Constructive Resistance Mona Lilja, 2021-02-05 This book examines constructive resistance practices that range from street protests to the use of photographic images and displays their role in local and global political processes By building on a rich selection of interview material and other empirical research the book

elaborates on different cases of constructive resistance where close attention is paid to the productive qualities that are involved. It offers new perspectives on the undertakings of different epistemic battles that occur around current issues such as gender nationalism, climate change, migration and the right to land and explores personal narratives, artistic expressions and public statements that are utilized as means of resistance and performed in order to negotiate different established truths. More specifically, the book discusses the discursive struggles regarding migrant bodies where artifacts that pertain to the hardship are presented in Swedish museums, the Preah Vihear temple conflict between Cambodia and Thailand, the border conflict in West Sahara, the self-making of self-defined women politicians in Cambodia and climate activism communication. Through discussions on the importance of figurations, posters, narratives, photographs, artifacts and buildings in the establishing of contemporary discussions and world views, the book inquires how and why these representations are re-impacted with meaning and the effect that this has. The book does not only illustrate different forms of resistance but also contributes theoretically to our understanding of repetitions, emotions and time, which are properties that must be embarked upon in order to capture the various dimensions of resistance. Given that the type of constructive resistance that is expanded upon is about processes of signification, the time aspect, how alternative truths are repeated and thereby established over time, becomes crucial. And resistance has a temporality of its own; for example, close authorities are instantly resisted here and now while meaning-making resistance suffers from the inescapable time lag of processes of signification. In all forms of resistance, emotions prevail as an important engine of political struggles and as is displayed in this book, emotions are an important means of constructive resistance.

Women and Pilgrimage E. Moore Quinn, Alison T. Smith, 2022-03-08

Women and Pilgrimage presents scholarly essays that address the lacunae in the literature on this topic. The content includes well-trodden domains of pilgrimage scholarship like sacred sites and holy places. In addition, the book addresses some of the less well-known dimensions of pilgrimage such as the performances that take place along pilgrims' paths, the ephemeral nature of identifying as a pilgrim and the economic, social and cultural dimensions of migratory travel. Most importantly, the book's feminist lens encourages readers to consider questions of authenticity, essentialism and even what it means to be a woman pilgrim. The volume's six sections are entitled: Questions of Authenticity, Performances and Celebratory Reclamations, Walking Out, Women Forging Their Own Paths, Women Saints, Their Influence and Their Power, Sacred Sites, Their Lineages and Their Uses, and Different Migratory Paths. Each section will enrich readers' knowledge of the experiences of pilgrim women. The book will be of interest to scholars of pilgrimage studies in general as well as those interested in women travel, tourism and the variety of religious experiences.

Virginia Woolf and the Bloomsbury Avant-garde Christine

Froula, 2006-09-22 *Virginia Woolf and the Bloomsbury Avant Garde* traces the dynamic emergence of Woolf's art and thought against Bloomsbury's public thinking about Europe's future in a period marked by two world wars and rising threats of totalitarianism. Educated informally in her father's library and in Bloomsbury's London extension of Cambridge, Virginia Woolf

came of age in the prewar decades when progressive political and social movements gave hope that Europe might really be on the brink of becoming civilized as Leonard Woolf put it For pacifist Bloomsbury heir to Europe s unfinished Enlightenment project of human rights democratic self governance and world peace and in E M Forster s words the only genuine movement in English civilization the 1914 civil war exposed barbarities within Europe belligerent nationalisms rapacious racialized economic imperialism oppressive class and sex gender systems a tragic and unnecessary war that mobilized sixty five million and left thirty seven million casualties An avant garde in the twentieth century struggle against the violence within European civilization Bloomsbury and Woolf contributed richly to interwar debates on Europe s future at a moment when democracy s triumph over fascism and communism was by no means assured Woolf honed her public voice in dialogue with contemporaries in and beyond Bloomsbury John Maynard Keynes and Roger Fry to Sigmund Freud published by the Woolfs Hogarth Press Bertrand Russell T S Eliot E M Forster Katherine Mansfield and many others and her works embody and illuminate the convergence of aesthetics and politics in post Enlightenment thought An ambitious history of her writings in relation to important currents in British intellectual life in the first half of the twentieth century this book explores Virginia Woolf s narrative journey from her first novel *The Voyage Out* through her last *Between the Acts* **Forever fluid** Hanneke Canters, Grace M. Jantzen, 2018-02-28 *Forever Fluid* is a rich feast of literary and philosophical insight It provides the first English commentary on Luce Irigaray s poetic text *Elemental Passions* setting it within its context within continental thought It explores Irigaray s images and intentions developing the gender drama that takes place within her book and draws the reader into the conversation in the text between I woman and you man But the book is also much more than this as it uses the exploration of sexual difference as a means to challenge the system of binary logic which has pervaded western thought since Aristotle It develops the exciting idea of a fluid logic which can move beyond oppositions to multiple subjects and creativity of thought and action While challenging Irigaray s refusal to move beyond sexual difference the book shows how her representation of sexual difference enables appreciation of difference of all kinds **The Routledge Companion to Cinema & Gender** Kristin Hole, Dijana Jelača, E. Kaplan, Patrice Petro, 2016-11-10 Comprised of 43 innovative contributions this companion is both an overview of and intervention into the field of cinema and gender The essays included here address a variety of geographical contexts from an analysis of cinema Islam and women and television under Eastern European socialism to female audience reception in Nigeria to changing class and race norms in Bollywood dance sequences A special focus is on women directors in a global context that includes films and filmmakers from Asia Africa Australia Europe North and South America The collection also offers a solid overview of feminist contributions to thinking on genre from the chick flick to the action or Western film to film noir and the slasher Readers will find contributions on a variety of approaches to spectatorship reception studies and fandom as well as transnational approaches to star studies and essays addressing the relationship between feminist film theory and new media Other topics include queer and trans cinema eco cinema and the

post human Finally readers interested in the history of film will find essays addressing the methodological dimensions of feminist film history essays on silent and studio era women in film and histories of female filmmakers in a variety of non Western contexts *Rewriting American Identity in the Fiction and Memoirs of Isabel Allende* B. Craig, 2013-08-20 Moving away from territorially bound narratives toward a more kinetic conceptualization of identity this book represents the first analysis of the politics of American identity within the fiction and memoirs of Isabel Allende Craig offers a radical transformation of societal frameworks through revised notions of place temporality and space *Mapping the Posthuman* Grant Hamilton, Carolyn Lau, 2023-12-22 This book works to delineate some of the major routes by which science and art intersect Structured according to the origin myths of the posthuman that continue to shape the idea of the human in our technological modernity this volume gives space to narratives of alter modernity that resonate with Ursula K Le Guin's call for a new kind of story which exposes the violence and exploitation driven by a sustained belief in human exceptionalism anthropocentrism and cultural superiority In this context the posthuman myths of multispecies flourishing given in this collection which are situated across a range of historical times and locations and media and modalities are to be thought of as kernels of possible futures that can only be realized through collective endeavour **Deleuze and the Schizoanalysis of Feminism** Cheri Carr, Janae Sholtz, 2019-10-21 The schizoanalytic method and the lines of flight that it has inspired align with contemporary feminist concerns and practices in productive and revealing ways in this ground breaking collection To address the relevance of schizoanalysis for contemporary developments in new materialism affect theory transnational feminism political ontology feminist critiques of globalization and capitalism feminist pedagogy and ethics the overarching questions explored are What can schizoanalysis do for feminist theory What would a feminist schizoanalysis look like Is it possible to perform a schizoanalysis of feminism How do schizoanalytic feminist alliances create new ways of understanding the future sexuality and bodily transformation political resistance new subjectivities and ethical relationships Highlighting the strength richness and diversity of feminist perspectives this collection shows how issues of re conceiving desire theorizing embodiment and materiality interrogating the status of sexuality and difference decentring feminist practice to be inclusive of transnational and de colonial concerns critiques of binary logic and gender transversal politics and the need for new political visions in light of advanced capitalism are all enhanced by this alliance **Modernism and the Architecture of Private Life** Victoria Rosner, 2005 In the late 19th century the conventions of domesticity came under scrutiny by British writers others intent on bringing a modern spirit into the home Rosner reveals the connections between those who elegantly synthesized modernist literature with architectural plans room designs decorative art **Maternal Desire** Teresa L. Picarazzi, 2002 She argues that Ginzburg adopted a distinct aesthetic by allowing her family stories to be narrated through a female narrating I This volume focuses on the broad theme of the maternal by tracing the development of the voices of Ginzburg's narrating daughters mothers and sisters Their texts read as auto biographies that is they are narratives about

both the self and the other **BOOK JACKET** **Human Rights Discourse in a Global Network** Lena Khor, 2016-05-13 In her innovative study of human rights discourse Lena Khor takes up the prevailing concern by scholars who charge that the globalization of human rights discourse is becoming yet another form of cultural legal and political imperialism imposed from above by an international human rights regime based in the Global North To counter these charges she argues for a paradigmatic shift away from human rights as a hegemonic immutable and ill defined entity toward one that recognizes human rights as a social construct comprised of language and of language use She proposes a new theoretical framework based on a global discourse network of human rights supporting her model with case studies that examine the words and actions of witnesses to genocide Paul Rusesabagina and humanitarian organizations Doctors Without Borders She also analyzes the language of texts such as Michael Ondaatje's *Anil's Ghost* Khor's idea of a globally networked structure of human rights discourse enables actors textual and human who tap into or are linked into this rapidly globalizing system of networks to increase their power as speaking subjects and in so doing to influence the range of acceptable meanings and practices of human rights in the cultural sphere Khor's book is a unique and important contribution to the study of human rights in the humanities that revitalizes viable notions of agency and liberatory network power in fields that have been dominated by negative visions of human capacity and moral action **Posthuman Glossary** Rosi Braidotti, Maria Hlavajova, 2018-02-22 If art science and the humanities have shared one thing it was their common engagement with constructions and representations of the human Under the pressure of new contemporary concerns however we are experiencing a posthuman condition the combination of new developments such as the neoliberal economics of global capitalism migration technological advances environmental destruction on a mass scale the perpetual war on terror and extensive security systems with a troublesome reiteration of old unresolved problems that mean the concept of the human as we had previously known it has undergone dramatic transformations The *Posthuman Glossary* is a volume providing an outline of the critical terms of posthumanity in present day artistic and intellectual work It builds on the broad thematic topics of Anthropocene Capitalocene eco sophies digital activism algorithmic cultures and security and the inhuman It outlines potential artistic intellectual and activist itineraries of working through the complex reality of the posthuman condition and creates an understanding of the altered meanings of art vis vis critical present day developments It bridges missing links across disciplines terminologies constituencies and critical communities This original work will unlock the terms of the posthuman for students and researchers alike *Debates in Nordic Gender Studies* Cecilia Asberg, Malin Ronnblom, 2016-03-22 Celebrating more than two decades of feminist theory and gender research this book provides an essential overview of current theoretical positions hot topics and state of the art perspectives in the field of Nordic Gender Studies an area currently facing the challenges of internationalization and destabilized well fare states intersectionality materiality and academic transformation Forming an overview the introductory texts collected here are intended for Nordic
