Noparty Parliamentary Democracy The Ideal Politi:

No-party Parliamentary Democracy Samuel E. Bassey, 2005 Political scientists and constitution drafting experts have continually relied on the party system of government as the only means of practicing democracy. They have never thought of a no party system. But the long experience with party politics has revealed that the party system has inherent faults and disadvantages. It engenders hatred, struggles, violence, election rigging and insincere political decisions which people have been forced to put up with in the absence of a better system. Numerous coups have been caused by the difficulty of changing unwanted stay put government by accepted constitutional process. The no party system is a God sent remedy for all these unwanted situations. By a country adopting the no party system, people will be elected and appointed into government positions based on merit, resulting in efficient government, peace and progress. For those who nurse the idea that a no party government is not feasible, the mere perusal of this book will help them to change their minds and to realize that true democracy started with a no party system in Greece, Athens during the golden age of Greece in the age of Aries which lasted from 2300 to 150 B C. The no party system is therefore the ideal system for the present Aquarian age. *Africa's Political Wastelands: The Bastardization of Cameroon* Fru Doh, 2008-09-15 Africa's Political Wastelands explores and confirms the fact that because of irresponsible, corrupt, selfish and unpatriotic kleptocrats parading as leaders, the ultimate breakdown of order has become the norm in African nations, especially those south of the Sahara. The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches, vagrants and in the extreme, refugees. Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa. Ultimately in the hope of jumpstarting the process, he makes pertinent suggestions on turning the tide on the continent. **Africa's Political Wastelands: The Bastardization of Cameroon** Emmanuel Fru Doh, 2008 Africa's Political Wastelands explores and confirms the fact that because of irresponsible, corrupt, selfish and unpatriotic kleptocrats parading as leaders, the ultimate breakdown of order has become the norm in African nations, especially those south of the Sahara. The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches, vagrants and in the extreme, refugees. No-party Democracy? Giovanni M. Carbone, 2008 Are political parties an essential element of democracy? Or can a no party system constitute a viable democratic alternative? Giovanni Carbone examines the politics of Museveni's Uganda to illustrate the achievements, contradictions and limitations of participatory politics in the absence of partisan organizations. At a time when multiparty reforms were sweeping the globe, Uganda opted for a controversial no party democratic model. The country's politics over the past two decades thus provide the perfect opportunity for addressing the many questions.
