life shown by astrology created within me an avid interest in researching women's unsung heroism throughout history. It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi-layered lives. I based my theory on the lunar cycle which is eternally linked to women's menstrual, emotional, and psychic cycles. With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals. Yet for various reasons my book manuscript remained in my own bookshelf, never getting published. Until now the times again call for women to claim their autonomy and gain equality in an overly male-dominated and viciously callous world. I am blessed to find in Xlibris a publisher ready to take on the project with me. I am thrilled to finally see my *Life's Masterwork* in print. You will find many divergent ideas in these two volumes. No single woman encompasses all that are described, but as you read and recognize these characters in yourselves and your friends, I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers. *Put On Your Owl Eyes* Devin Franklin, 2019-05-28. Children will see the natural world around them with brand new eyes as they learn to follow its signs, hear its language, and understand its secrets. With this unique and compelling book written by expert environmental educator Devin Franklin, kids aged 8 to 13 will build their own relationship with nature through finding a Sit Spot, an outdoor space in the backyard, in a field, or in the woods in a vacant lot or a city park where they can stop, observe, and become familiar with the flora and fauna that live there. From the Six Arts of Tracking: Who, What, Where, When, Why, and How, and making a habitat map to walking in smooth silence like a fox and learning the basics of bird language, exploration exercises lead young readers on a fascinating journey of discovery as they watch, listen, map, interpret, and write about the sounds, sights, scents, and patterns they encounter. With prompts and write-in spaces for journaling, map-making activities, and observational tracking throughout, *Put On Your Owl Eyes* is an interactive and thought-provoking guidebook. **Consumerism and the Emergence of the Middle Class in Colonial America** Christina J. Hodge, 2014-07-14. This study examines the emergence of the middle class and consumerism in colonial America. **The Reader's Digest** DeWitt Wallace, Lila Acheson Wallace, 1985. **Unlearning the Language of Conquest** Four Arrows (Don Trent Jacobs), 2010-01-01. Responding to anti-Indianism in America, the wide-ranging perspectives culled in *Unlearning the Language of Conquest* present a provocative account of the contemporary hegemony still at work today, whether conscious or unconscious. Four Arrows has gathered a rich collection of voices and topics, including Waziyatawin Angela Cavender Wilson's *Burning Down the House*, Laura Ingalls Wilder and *American Colonialism*, which probes the mentality of hatred woven within the pages of this iconographic children's literature. Vine Deloria's *Conquest*, *Masquerading as Law*, examining the effect of anti-Indian prejudice on decisions in U.S. federal law; David N. Gibb's *The Question of Whitewashing in American History and Social Science*, featuring a candid discussion of the spurious relationship between sources of academic funding and the types of research allowed or discouraged; Barbara Alice Mann's *Where Are Your Women Missing in Action*, displaying the exclusion of Native American

women in curricula that purport to illuminate the history of Indigenous Peoples Bringing to light crucial information and perspectives on an aspect of humanity that pervades not only U S history but also current sustainability sociology and the ability to craft accurate understandings of the population as a whole Unlearning the Language of Conquest yields a liberating new lexis for realistic dialogues
