David Prior

North Of Reconstruction Ohio Politics 1865 1870:

North of Reconstruction Felice A. Bonadio, 1970 **Religion and the Radical Republican Movement** Victor B. Howard, 2021-03-17 A distinctive contribution on the influence of Christians on Union politics during the Civil War era Ohio History Religion and the Radical Republican Movement 1860 1870 is a study of the interplay of religion and politics during the Civil War era More specifically it examines the extent to which religion set the moral tone of the North during the period of 1860 through 1870 Howard focuses on the growing influence of the evangelical and liberal churches during the period This influence was largely exerted through the agency of the radical Republicans a faction that took an extreme position on war measures and on reconstruction after the war This book examines the degree to which radicalism was inspired by moral motivation and the action that followed the moral commitment The author's prodigious research and stacks of quotations convincingly display the northern church's commitment to black suffrage and to the era's important congressional legislation bearing on black rights and other central Reconstruction issues Choice [Historical Dictionary of the Civil War and Reconstruction](#) William L. Richter, 2004-05-17 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North While not always a period to be proud of it did have higher goals and compelling ends This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history Substantial coverage is given to the time that followed the Civil War Reconstruction This was a period construed in many different ways by the individuals involved many of whom had little concern for the impact of their acts on others and even fewer who were interested in the plight of the newly enfranchised blacks for whom the war had supposedly been fought While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government No matter how one looks at it the Civil War continues to affect the politics constitutionalism and societal norms of the United States in an irrevocable way and it probably always will It was a very personal war not fought by machines but by men affecting countless Americans who have one or more Civil War veterans hidden in their family trees It's a war modern enough to be relevant to today's military interests yet gentlemanly enough to be **The A to Z of the Civil War and Reconstruction** William L. Richter, 2009-07-24 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a

very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North Following the end of the war the period of American history known as Reconstruction followed This was a period construed in many different ways While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history

Retreat from Reconstruction, 1869-1879 William Gillette, 1982-01-01 According to William Gillette recent reinterpretation of Reconstruction by revisionist historians has often tended to overemphasize idealistic motivations at the expense of assessing concrete achievements of the era Thus he maintains the failure of both the purpose and the promise of Reconstruction has not been deeply enough analyzed Retreat from Reconstruction is the first and most comprehensive analysis yet published on the course of the development decline and disintegration of Reconstruction during the decade of the 1870s Gillette sets forth the idea that these years provided the true test of the effectiveness of Reconstruction By using the primary sources to back up and amplify his premise he offers a detailed thoroughly convincing study of Reconstruction and a significant interpretation of why the political programs of the Republicans ended in failure Focusing on Reconstruction as national policy and how it was made and administered Gillette s study interweaves local developments in the South with political developments in the North that resulted in the withdrawal of support of that policy His broadly based work includes an examination of federal election enforcement in the South the southern policies of the Grant and Hayes administrations the presidential elections of 1872 and 1876 the congressional election of 1874 and the Civil Rights Act of 1875 In addition to political developments Gillette touches on the social economic intellectual educational and racial facets of Reconstruction and by demonstrating how they bore on the political processes of the era he deepens our understanding of a crucial but controversial period in American history and the workings of the American political system

The History of Ohio Law Michael Les Benedict, John F. Winkler, 2004 In The Two Volume The History of Ohio Law distinguished legal historians practicing Ohio attorneys and judges present the history of Ohio law and the interaction between law and society in the state The first history of Ohio law in nearly seventy years and the most comprehensive compilation of essays on any state s law its twenty two topics range from the history of Ohio s constitutional conventions and legal institutions to the history of civil procedure evidence land use civil liberties and utility regulation The essays describe Ohio s legal institutions legal procedures and the substance of Ohio law as it has changed over time institutions have affected Ohio law and how the law has affected them The essays provide important

information to practitioners and offer attorneys legal scholars historians and the public a broad understanding of the relationship between law and society in Ohio intersections between law and race gender and labor Insightful essays also discuss the development of Ohio's legal literature the impact of federal courts and Ohio's most important contributions to American constitutional development Written by twenty two leading lawyers and historians *The History of Ohio Law* will be the indispensable reference and invaluable first source for learning about law and society in Ohio

Reconstruction in the United States David Lincove, 2000-01-30 The only comprehensive bibliography on Reconstruction this book provides the definitive guide to literature published from 1877 to 1998 In over 2 900 entries the work covers a broad range of topics including politics agriculture labor religion education race relations law family gender studies and local history It encompasses the years of the Civil War through the conclusion of the 1876 election and the end of the federal government's official role in reforming the postwar South and protecting the rights of Black citizens In detailed annotations the book covers a range of literature from scholarly and popular studies to published memoirs letters and documents as well as reference sources and teaching tools The issues of Reconstruction civil rights states rights and federal state relations racism nationalism government aid to individuals continue to be relevant today and the literature on Reconstruction is large This book provides a systematic and comprehensive bibliographic guide to that literature It is organized by topics and geographical regions and states thereby emphasizing the local diversity in the South In addition to a variety of literature it covers the relevant Supreme Court cases through 1883 provides full citations to federal acts and cases cited and includes the texts of the 13th 14th and 15th Amendments to the Constitution The book will be useful to scholars and students researching a wide range of topics in Southern history constitutional history and national politics in post Civil War United States

Civil War Dynasty Kenneth J Heineman, 2023-11-21 For years the Ewing family of Ohio has been lost in the historical shadow cast by their in law General William T Sherman In the era of the Civil War it was the Ewing family who raised Sherman got him into West Point and provided him with the financial resources and political connections to succeed in war The patriarch Thomas Ewing counseled presidents and clashed with radical abolitionists and southern secessionists leading to the Civil War Three Ewing sons became Union generals served with distinction at Antietam and Vicksburg marched through Georgia and fought guerrillas in Missouri The Ewing family stood at the center of the Northern debate over emancipation fought for the soul of the Republican Party and waged total war against the South In *Civil War Dynasty* Kenneth J Heineman brings to life this drama of political intrigue and military valor wars and all This work is a military political religious and family history told against the backdrop of disunion war violence and grief

Politics and Ideology in the Age of the Civil War Eric Foner, 1980-10-02 Insisting that politics and ideology must remain at the forefront of any examination of nineteenth century America Foner reasserts the centrality of the Civil War to the people of that period The first section of this book deals with the causes of the sectional conflict the second with the antislavery movement and a final group of essays treats land and

labor after the war Taken together Foner s essays work towards reintegrating the social political and intellectual history of the nineteenth century **The Radical Republicans and Reform in New York during Reconstruction** James C. Mohr,2019-06-30 New insights into the politics of the Reconstruction era are offered in this study Contending that the North as well as the South underwent reconstruction after the Civil War the author examines the kinds of legislation the Radical Republicans tried to enact when they gained control in New York Reform is the central theme of the book fire protection public health labor education and voting are some of the areas covered White reaction to black suffrage the author maintains brought dissension to and meant defeat for a political coalition that had begun to launch a reform program with profound implications **Reconstruction in a Globalizing World** David Prior,2018-01-02 As one of the most complexly divisive periods in American history Reconstruction has been the subject of a rich scholarship Historians have studied the period s racial views political maneuverings divisions between labor and capital debates about woman suffrage and of course its struggle between freed slaves and their former masters Yet on each of these fronts scholarship has attended overwhelmingly to the eastern United States especially the South thereby neglecting important transnational linkages This volume the first of its kind will examine Reconstruction s global connections and contexts in ways that while honoring the field s accomplishments move it beyond its southern focus The volume will bring together prominent and emerging scholars to showcase the deepening interplay between scholarships on Reconstruction and on America s place in world history Through these essays Reconstruction in a Globalizing World will engage two dynamic fields of study to the benefit of them both By demonstrating that the South and the eastern United States were connected to other parts of the globe in complex and important ways the volume will challenge scholars of Reconstruction to look outwards Likewise examining these same connections will compel transnationally minded scholars to reconsider Reconstruction as a pivotal era in the shaping of the United States relations with the rest of the world *Religion, Race, and Reconstruction* Ward M. McAfee,1998-07-10 Religion Race and Reconstruction simultaneously resurrects a lost dimension of a most important segment of American history and illuminates America s present and future by showing the role religious issues played in Reconstruction during the 1870s The Workshop of Democracy, 1863-1932 James MacGregor Burns,2012-04-10 DIVDIVThe second volume of Burns s acclaimed history of America from the end of the Civil War to the beginning of the Great Depression divDIV divDIVAbraham Lincoln s Gettysburg Address pointed to a new way to preserve an old hope that democracy might prove a vibrant and lasting form of government for people of different races religions and aspirations The scars of the Civil War would not soon heal but with that one short speech the president held out the possibility that such a nation might not simply survive but flourish The Workshop of Democracy explores more than a half century of dramatic growth and transformation of the American landscape through the addition of dozens of new states the shattering tragedy of the First World War the explosion of industry and in the end the emergence of the United States as an new global power divDIV divDIV divDIV div div **Gold and Freedom**

Nicolas Barreyre, 2015-12-15 Historians have long treated Reconstruction primarily as a southern concern isolated from broader national political developments Yet at its core Reconstruction was a battle for the legacy of the Civil War that would determine the political fate not only of the South but of the nation In *Gold and Freedom* Nicolas Barreyre recovers the story of how economic issues became central to American politics after the war The idea that a financial debate was as important for Reconstruction as emancipation may seem remarkable but the war created economic issues that all Americans not just southerners had to grapple with including a huge debt an inconvertible paper currency high taxation and tariffs Alongside the key issues of race and citizenship the struggle with the new economic model and the type of society it created pervaded the entire country Both were legacies of war Both were fought over by the same citizens in a newly reunited nation It was thus impossible for such closely related debates to proceed independently A truly groundbreaking work *Gold and Freedom* shows how much the fate of Reconstruction and the political world it ultimately created owed to northern sectional divisions revealing important links between race and economy as well as region and nation not previously recognized [German Immigrants, Race, and Citizenship in the Civil War Era](#)

Alison Clark Efford, 2013-05-20 This study reframes Civil War era history arguing that the Franco Prussian War contributed to a dramatic pivot in Northern commitment to African American rights

The Facts of Reconstruction Eric Anderson, Alfred A. Moss, Jr., 1991-05-01 Thirty years after the publication of John Hope Franklin's influential interpretative essay *Reconstruction After the Civil War* ten distinguished scholars have contributed to a new appraisal of Reconstruction scholarship Recognizing Professor Franklin's major contributions to the study of the Reconstruction era their work of analysis and review has been dedicated to him Although most of the contributors studied with John Hope Franklin *The Facts of Reconstruction* is not a festschrift at least not the conventional sense The book does not offer a comprehensive assessment of Franklin's remarkably wide ranging work in southern and Afro American history but instead engages his influential interpretation of Reconstruction The essays in *The Facts of Reconstruction* focus upon questions raised in *Reconstruction After the Civil War* Was southern white intransigence the decisive influence in Presidential Reconstruction What as the role of violence in southern redemption How successful were the educational experiments of the Reconstruction era Why did southern Republicans fail to build an effective coalition capable of surviving the pressure of racism In addition several essays discuss questions not directly addressed in Franklin's book since his pathbreaking work indirectly stimulated study in a variety of new areas For example contributors to *The Facts of Reconstruction* examine the ante bellum origins of Reconstruction evaluate the development of racial segregation during the late nineteenth century analyze the political and legal ideas behind the Reconstruction debates and study the prospering minority among blacks Representing a variety of perspectives the authors have sought to follow John Hope Franklin's admonition that Reconstruction should not be used as a mirror of ourselves If they have succeeded this book in honor of a profound scholar and inspiring teacher will provoke new discussion about the facts of Reconstruction *Politics & Peril*

Lorle Porter, 2005 *As America stumbled toward its worst domestic crisis civil war political tradition took on the garb of national issues* This is the story of that volatile century and the people locally well known or those forgotten who made it happen This charming study of an Ohio county seat in the nineteenth century might well be described as a microcosm of the American experience The author gives a clear exposition of how an Ohio town responded to the sectional controversy that led to civil war and the lingering bitterness that plagued Mount Vernon in the aftermath of the war an excellent example of how a professional historian can reclaim local history from the sentimentality of local antiquarians William L Fisk Ph D Muskingum College Professor Emeritus detailed and fascinating the text enables me to more accurately interpret Mount Vernon history and appreciate the rich and diverse background of our community Dr E LeBron Fairbanks President Mount Vernon Nazarene University Politics Peril paints a wonderful picture of the big names of the area and the influence they had on local state and national politics and sheds light onto the influential people of the 1800s that are now immortalized and forever remembered in street names and buildings Fred Main City Editor Mount Vernon News Master oral presenter of history Lorle Porter has made one thing after another interesting and suspenseful her treatment of the Peace Democrats during the Civil War does not hide their racism but makes clear and vivid their abhorrence of the wholesale killing in warfare of people of both sides Tony Stoneburner Ph D Denison University Professor Emeritus *"Heaven Will Frown on Such a Cause as This"* Joanna Dunlap Cowden, 2001 *Antiwar protest has long been an under reported component of the Civil War story Heaven Will Frown on Such a Cause as This* traces the life stories of six men in northern states who denounced the war against the Confederacy These men were called copperheads by their opponents but they labeled themselves Peace Democrats

Reconstructing Appalachia Andrew L. Slap, 2010-05-28 Excellent readable and absorbing history gives us a better understanding of this compelling aspect of the Civil War Library Journal Families communities and the nation itself were irretrievably altered by the Civil War and the subsequent societal transformations of the nineteenth century The repercussions of the war incited a broad range of unique problems in Appalachia including political dynamics racial prejudices and the regional economy This anthology of essays reveals life in Appalachia after the ravages of the Civil War an unexplored area that has left a void in historical literature Addressing a gap in the chronicles of our nation this vital collection explores little known aspects of history with a particular focus on the Reconstruction and post Reconstruction periods Acclaimed scholars John C Inscoe Gordon B McKinney and Ken Fones Wolf are joined by up and comers like Mary Ella Engel Anne E Marshall and Kyle Osborn in a unique volume investigating postwar Appalachia with clarity and precision Featuring a broad geographic focus the compelling essays cover postwar events in Georgia Kentucky North Carolina Tennessee West Virginia and Pennsylvania This approach provides an intimate portrait of Appalachia as a diverse collection of communities where the values of place and family are of crucial importance Highlighting a wide array of topics including racial reconciliation tension between former Unionists and Confederates the evolution of post Civil War memory and altered

perceptions of race gender and economic status *Reconstructing Appalachia* is a timely and essential study of a region rich in heritage and tradition *Outstanding North Carolina Historical Review* Black Judas John David Smith, 2019-11-15 William Hannibal Thomas 1843 1935 served with distinction in the U S Colored Troops in the Civil War in which he lost an arm and was a preacher teacher lawyer state legislator and journalist following Appomattox In many publications up through the 1890s Thomas espoused a critical though optimistic black nationalist ideology After his mid twenties however Thomas began exhibiting a self destructive personality one that kept him in constant trouble with authorities and always on the run His book *The American Negro* 1901 was his final self destructive act Attacking African Americans in gross and insulting language in this utterly pessimistic book Thomas blamed them for the contemporary Negro problem and argued that the race required radical redemption based on improved character not changed color Vague in his recommendations Thomas implied that blacks should model themselves after certain mulattoes most notably William Hannibal Thomas *Black Judas* is a biography of Thomas a publishing history of *The American Negro* and an analysis of that book s significance to American racial thought The book is based on fifteen years of research including research in postamputation trauma and psychoanalytic theory on selfhatred to assess Thomas s metamorphosis from a constructive race critic to a black Negrophobe John David Smith argues that his radical shift resulted from key emotional and physical traumas that mirrored Thomas s life history of exposure to white racism and intense physical pain
