Gaff,2023-02-28 November 4 1791 was a black day in American history General Arthur St Clair s army had been ambushed by Native Americans in what is now western Ohio In just three hours St Clair s force sustained the greatest loss ever inflicted on the United States Army by Native Americans a total nearly three times larger than what incurred in the more famous Custer fight of 1876 It was the greatest proportional loss by any American army in the nation s history By the time this fighting ended over six hundred corpses littered an area of about three and one half football fields laid end to end Still more bodies were strewn along the primitive road used by hundreds of survivors as they ran for their lives with Native Americans in hot pursuit It was a disaster of cataclysmic proportions for George Washington s first administration which had been in office for only two years **Black Redcoats** Matthew Taylor,2024-05-30 Tells the story of the thousands of enslaved African Americans who fled to British forces during the war in what became the largest emancipation of enslaved Americans until the abolition of slavery in the United States During the Anglo American War of 1812 British forces launched hundreds of amphibious raids on the United States The richest parts of the United States were slave states and thousands of enslaved African Americans fled to British forces in what was to be the largest emancipation of enslaved Americans until the abolition of slavery in the USA From these refugees from slavery the British built a force the Corps of Colonial Marines Black redcoats they were a fusion of two great American fears the return of the British King and an uprising by their own oppressed slaves The Corps of Colonial Marines turned Britain s campaign on America s coasts from one of harassment to one of existential threat to the new nation Although small in number the Colonial Marines fighting to liberate their own families as much as for Great Britain exerted a massive psychological impact on the United States which paralysed American resistance with fear of a widespread slave uprising and allowed British forces in the Chesapeake to burn down Washington DC As well as examining this little remembered part of British military and African American history this book will also look to the post war history of the Colonial Marines their continued survival as a unique ethnic group in the Caribbean today and their involvement in the largest act of armed African American resistance to slavery The Battle of Negro Fort in 1816 was the only time American forces left American territory to destroy a fugitive slave community a community led by former Colonial Marines who when faced with American attack raised the British flag This book brings black history to the fore of the War of 1812 and gives a voice to those enslaved people who amidst great power competition between a slave holding Republic and a slave holding Empire demonstrated exceptional bravery and initiative to gain precious freedom for themselves and their descendants
