Pro Choice Movement Organization And Activism In The Abortion Conflict:

The Pro-choice Movement Suzanne Staggenborg, 2023 Abortion rights are a contentious issue in American politics and the cause of great debate and controversy This study traces the creation and development of the American pro choice movement whose members demand the freedom of choice over these rights

Research in Social Movements, Conflicts and Change Patrick G. Coy, 2008-06-16 Presents a series of papers focused on the complex dynamics of coalitions and the interorganizational relations within social movements This volume includes a section which focuses on strategic decision making in social movements including with regard to strategic alliances

Media, Movements, and Political Change Jennifer S. Earl, Deana A. Rohlinger, 2012-05-18 This volume explores the relationship between media movements and political change through analyses of how actors use print media and the Internet to achieve their goals The chapters examine the role of media in the Anti Abortion Globalization Labor Townsend and White Power movements as well as Barack Obama s 2008 campaign

Abortion-- Murder Or Mercy? François B. Gérard, 2001 This book is meant to provide an overview of and gather the literature on abortion one of the most divisive issues of our times Honest women and men the world over must deal with this issue in their hearts and minds whether or not they ever face the issue personally It is hard to conceive of a single thinking person who doesn t have an opinion on abortion usually strongly held The arguments are cogent on both sides of the issue We hope that this collection will bring to the attention of readers the publications which shed light on the fundamental issues involved

Revolutionizing Women's Healthcare Hannah Dudley-Shotwell, 2020-03-13 Revolutionizing Women s Healthcare is the story of a feminist experiment the self help movement Tired of doctors who saw them as silly little girls shame over birth control abortions in back alleys and little control over their reproductive lives feminists created the self help movement In an effort to revolutionize women s healthcare they founded clinics created books and movies raided medical institutions performed abortions and created national organizations

[An Equal Place](#) Scott L. Cummings, 2021-01-04 An Equal Place is a monumental study of the role of lawyers in the movement to challenge economic inequality in one of America s most unequal cities Los Angeles Breaking with the traditional focus on national civil rights history the book turns to the stories of contemporary lawyers on the front lines and behind the scenes who use law to reshape the meaning of low wage work in the local economy Covering a transformative period of L A history from the 1992 riots to the 2008 recession Scott Cummings presents an unflinching account of five pivotal campaigns in which lawyers ally with local movements to challenge the abuses of garment sweatshops the criminalization of day labor the gentrification of downtown retail the incursion of Wal Mart groceries and the misclassification of port truck drivers Through these campaigns lawyers and activists define the city as a space for redefining work in vital industries transformed by deindustrialization outsourcing and immigration Organizing arises outside of traditional labor law powered by community labor and racial justice groups using levers of local government to ultimately change the nature of labor law itself Cummings shows that

sophisticated legal strategy engaging yet extending beyond courts in which lawyers are equal partners in social movements is an indispensable part of the effort to make L A a more equal place Challenging accounts of lawyers negative impact on movements Cummings argues that the L A campaigns have achieved meaningful reform while strengthening the position of workers in local politics through legal innovation Dissecting the reasons for failure alongside the conditions for success this groundbreaking book illuminates the crucial role of lawyers in forging a new model of city building for the twenty first century

Encyclopedia of Privacy Alexander J. Myers, 2006-11-30 Writing in their famous Harvard Law Review article of 1890 Louis Brandeis and Samuel Warren asserted what many have considered one of the most cherished American values the right to be let alone Yet in this post 9 11 world personal privacy is more threatened than ever This book provides students and general readers a comprehensive overview of privacy in contemporary America Included are some 225 alphabetically arranged entries written by more than 100 expert contributors Entries cover such topics as the USA PATRIOT act abortion rights wiretapping telemarketing identity theft DNA databases Internet and email privacy and numerous other concerns Entries cite works for further reading and the Encyclopedia closes with a bibliography of books websites organizations and films New threats to privacy have arisen in the face of competing social political and economic demands rapid technological change and an intrusive and voyeuristic mass media Citizens are barraged on a daily basis with stories of corporate data mining government surveillance programs identity theft and computer hacking of personal information As a result citizens are becoming increasingly concerned about their personal privacy as well as their privacy rights This encyclopedia the first of its kind comprehensively overviews various aspects of privacy throughout U S history including significant legal cases events laws organizations individuals technology and terms With some 225 alphabetically arranged entries written by more than 100 leading scholars and experts in the field this inclusive and authoritative work will appeal to those interested in both historical and contemporary notions of privacy in the United States Readers will learn of the significance of technology in today s society its helpful and harmful effects on citizens privacy and what to expect in the future Entries cite print and electronic resources and the Encyclopedia closes with a listing of books organizations websites films and other sources of information

Political Violence in America Lori Cox Han, Tomislav Han, 2022-03-29 This multivolume encyclopedia surveys America s long and troubled history of political violence from the colonial era to the present with a particular emphasis on factors driving political violence and intimidation in the United States in the 21st century Americans like to think of their nation as one grounded in high minded democratic ideals and peaceful transitions of power In reality though American politics has been heavily laced with expressions of violence and intimidation since the nation s very inception which saw a campaign of violent rebellion against British rule Since then America has endured the deaths of four presidents from assassination a four year civil war racist attacks on civil rights activists and ordinary citizens deadly clashes between protesting citizens and law enforcement sustained campaigns of violence against marginalized populations seeking greater

political or economic equality politically motivated mass shootings and on January 6 2021 the shocking spectacle of a politically motivated mob attack on the U S Capitol How and why did these events transpire What were the root causes What factors are driving political violence and intimidation in America today And are there changes that we could make to our country s political discourse that would reduce such outbreaks of bloodshed This authoritative multivolume encyclopedia provides answers to all these questions and more **Contemporary American Politics and Society** Robert

Singh,2003-02-24 For those who still believe that politics is normally naturally about economics Rob Singh has gathered the evidence and dialed the wake up call seven major instances of an ongoing culture war meet a common analytic framework here in a lively and informative fashion Byron E Shafer University of Wisconsin Power in Movement Sidney G.

Tarrow,2011-02-04 Social movements have an elusive power but one that is altogether real From the French and American revolutions to the post Soviet ethnic and terrorist movements of today contentious politics exercises a fleeting but powerful influence on politics society and international relations This study surveys the modern history of the modern social movements in the West and their diffusion to the global South through war colonialism and diffusion and it puts forward a theory to explain its cyclical surges and declines It offers an interpretation of the power of movements that emphasizes effects on the lives of militants policy reforms political institutions and cultural change The book focuses on the rise and fall of social movements as part of contentious politics in general and as the outcome of changes in political opportunities and constraints state strategy the new media of communication and transnational diffusion Intended Consequences Donald T. Critchlow,2001-05-10 After World War II U S policy experts convinced that unchecked population growth threatened global disaster successfully lobbied bipartisan policy makers in Washington to initiate federally funded family planning In Intended Consequences Donald T Critchlow deftly chronicles how the government s involvement in contraception and abortion evolved into one of the most bitter partisan controversies in American political history The growth of the feminist movement in the late 1960s fundamentally altered the debate over the federal family planning movement shifting its focus from population control directed by established interests in the philanthropic community to highly polarized pro abortion and anti abortion groups mobilized at the grass roots level And when the Supreme Court granted women the Constitutional right to legal abortion in 1973 what began as a bi partisan quiet revolution during the administrations of Kennedy and Johnson exploded into a contentious argument over sexuality welfare the role of women and the breakdown of traditional family values Intended Consequences encompasses over four decades of political history examining everything from the aftermath of the Republican moral revolution during the Reagan and Bush years to the current culture wars concerning unwed motherhood homosexuality and the further protection of women s abortion rights Critchlow s carefully balanced appraisal of federal birth control and abortion policy reveals that despite the controversy the family planning movement has indeed accomplished much in the way of its intended goal the reduction of population growth in many parts of the world Written with authority

fresh insight and impeccable research *Intended Consequences* skillfully unfolds the history of how the federal government found its way into the private bedrooms of the American family **The Canadianization Movement** Jeffrey

Cormier, 2004-01-01 In *The Canadianization Movement* Jeffrey Cormier examines the Canadianization of the Canadian intellectual and cultural communities from the 1960s to the 1980s The author documents the efforts of cultural nationalists as they struggled to build a strong vibrant Canadian cultural community Cormier asks four questions to guide his analysis First why did the Canadianization movement emerge when it did Second how did the movement transform itself for long term survival Third what kinds of mobilizing structures did the movement make use of and what influence did these structures have on the movement's activities And finally how did the movement maintain itself in times when the political and media climate was unsupportive Using data collected from archival sources as well as twenty two in depth interviews with participants Cormier documents the actions that organizational intellectuals took in pushing for social and cultural change an aspect of social movements literature that until now has largely been only theorized about **How Social Movements**

Matter Marco Giugni, Doug McAdam, Charles Tilly, 1999 Bringing together several well known scholars this volume offers an assessment of the consequences of social movements in Western countries Policy institutional cultural short and long term and intended and unintended outcomes are among the types of consequences the authors consider in depth They also compare political outcomes of several contemporary movements specifically women's peace ecology and extreme right wing movements in different countries Book jacket Moral Controversies in American Politics Raymond Tatalovich, This popular book impartially examines eight hotly contested current political issues in which one or both sides seeks to use government authority to enforce certain norms of behavior in chapters that are **Breaking the Wave: Women, Their**

Organizations, and Feminism, 1945-1985 Kathleen A. Laughlin, Jacqueline Castledine, 2012-12-06 *Breaking the Wave* is the first anthology of original essays by both younger and established scholars that takes a long view of feminist activism by systematically examining the dynamics of movement persistence during moments of reaction and backlash Ranging from the civic feminism of white middle class organizers and the womanism of Harlem consumers in the immediate postwar period to the utopian feminism of Massachusetts lesbian softball league founders and environmentally minded feminists in the 1970s and 1980s *Breaking the Wave* documents a continuity of activism in both national and local organizing that creates a new discussion and a new paradigm for twentieth century women's history Contributors Jacqueline L Castledine Susan K Freeman Julie A Gallagher Marcia Gallo Sally J Kenney Rebecca M Kluchin Kathleen A Laughlin Lanethea Mathews Catherine E Rymph Julia Sandy Bailey Jennifer A Stevens Janet Weaver and Leandra Zarnow Inventing the Modern American Family Isabel Heinemann, 2012-05-14 Die USA durchliefen im 20 Jahrhundert einen enormen sozialen Wandel im Zuge dessen auch Familienwerte und Geschlechternormen neu ausgehandelt wurden Die Autorinnen und Autoren analysieren die damit einhergehende Veränderung von Weiblichkeits und Männlichkeitskonzepten sowie von Mutter und Vaterrollen Am

Beispiel von Immigration Jugendkriminalität Wohlfahrtspolitik Reproduktion und Medien liefern die Beiträge ein anschauliches Bild von der Bedeutung der Familie als nationaler Kerneinheit **Family Values** Isabel

Heinemann, 2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning Isabel Heinemann's groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship between social change normative shifts and the counter movements spawned in response to them **Routledge Revivals: Encyclopedia of American Civil Liberties (2006)** Paul

Finkelman, 2018-04-17 Originally published in 2006 the Encyclopedia of American Civil Liberties is a comprehensive 3 volume set covering a broad range of topics in the subject of civil liberties in America The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The Encyclopedia also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book's multidisciplinary approach will make it an ideal library reference resource for lawyers scholars and students Social Movements David S. Meyer, Nancy

Whittier, Belinda Robnett, 2002-06-27 Why do social movements take the forms they do How do activists' efforts and beliefs interact with the cultural and political contexts in which they work Why do activists take particular strategic paths and how do their strategies affect the course and impact of the movement Social Movements aims to bridge the gap between political opportunities theorists who look at the circumstances and effects of social movement efforts and collective identity theorists who focus on the reconstruction of meaning and identity through collective action The volume brings together scholars from a variety of perspectives to consider the intersections of opportunities and identities structures and cultures in social movements Representing a new generation of social movement theory the contributors build bridges between political opportunities and collective identity paradigms between analyses of movements' internal dynamics and their external contexts between approaches that emphasize structure and those that emphasize culture They cover a wide range of case studies from both the U.S. and Western Europe as well as from less developed countries Movements include feminist organizing in the U.S. and India lesbian gay movements revolutionary movements in Burma the Philippines and Indonesia labor campaigns in England and South Africa civil rights movements community organizing political party organizing in Canada student movements of the left and right and the Religious Right Many chapters also pay explicit attention to the dynamics of gender race and class in social movements Combining a variety of perspectives on a wide range of topics the contributors' synthetic approach shifts the field of social movements forward in important new directions *The U.S.*

Women's Movement in Global Perspective Lee Ann Banaszak, 2006 This ambitious volume brings together original essays on

the U S women s movement with analyses of women s movements in other countries around the world A comparative perspective and a common theme feminism in social movement action unite these voices in a way that will excite students and inspire further research From the grassroots to the global the significance of the U S women s movement in the international arena cannot be denied At the same time the way in which international feminism has developed in Asia in Latin America in Europe has altered and expanded the landscape of the U S women s movement forever These distinguished authors show us how Visit our website for sample chapters
