Choice of Evil Andrew Vachss, 2000-05-16 When his girlfriend Crystal Beth is gunned down at a gay rights rally in Central Park Burke the underground man for hire and expert hunter of predators vows vengeance But someone beats him to the task a shadowy killer who calls himself Homo Erectus and who seems determined to wipe gay bashers from the face of the earth As the killer's body count rises most citizens are horrified but a few see him as a hero and they hire Burke to track him down and help him escape In Choice of Evil Burke is forced to confront his most harrowing mystery the mind of an obsessive serial killer And soon the emotionally void method behind the killer's madness becomes terrifyingly familiar

reminding Burke of his childhood partner Wesley the ice man assassin who never missed even when the target was himself Has Wesley come back from the dead The whisper stream says so And the truth may just challenge Burke s very sense of reality Expertly plotted addictive enthralling Choice of Evil is Andrew Vachss most haunting tale to date [Safe Computing for Emerging Economies](#) Longy O. Anyanwu,2019-01-17 This book highlights the predicaments of the emerging economies of developing countries in the light of the digital divide between these countries and the more developed economies Particularly it underscores the dangers these economies face and how those assets may be secured or securely operated The book delineates the present insecurities in e business and e commerce as these emerging economies expand As such it will be of interest to governmental entities businesses researchers economists computer and Internet operatives and indeed all participants in this technological world [Imperial Benevolence](#) Scott Laderman,2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy Imperial Benevolence shows that American popular culture continuously suppresses awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it [Mailing List \(Infantry School \(U.S.\)\)](#),2000 **Through the Crosshairs** Roger Stahl,2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper s gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon s eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence **Inside the Crosshairs** Col. Michael Lee Lanning,2013-06-19 The American sniper could be regarded as the greatest all around rifleman the world has ever known At the start of the war in Vietnam the United States had no snipers by the end of the war Marine and army precision marksmen had killed more than 10 000 NVA and VC soldiers the equivalent of an entire division at the cost of under 20 000 bullets proving that long range shooters still had a place in the battlefield Now noted military historian Michael Lee Lanning shows how U S snipers in Vietnam combining modern technology in weapons

ammunition and telescopes used the experience and traditions of centuries of expert shooters to perfect their craft To provide insight into the use of American snipers in Vietnam Lanning interviewed men with combat trigger time as well as their instructors the founders of the Marine and U S Army sniper programs and the generals to whom they reported Backed by hard information and firsthand accounts the author demonstrates how the skills these one shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada the Gulf War and Somalia and continues to this day with American troops in Bosnia

Kill Or Be Killed Robert Scott,2014-11-14 In May 1998 in the small northern California town of Cottonwood Norman Daniels 28 opened a wax sealed envelope given to him by friend Todd Garton 27 who claimed to be a paid assassin for an elite organization called the Company Now the Company was recruiting Daniels His initiation would be to kill the person named inside the envelope Carole Garton 28 Todd Garton s pregnant wife On May 16 1998 Daniels shot Carole Garton five times killing her and her unborn child But police launched an intense investigation that revealed the sordid story behind the murder In a dramatic trial the depths of Garton s depravity and Daniels s desperation would be revealed and justice would finally be served

Blackmail Rick Campbell,2017-06-27 As in Tom Clancy s technothrillers the war maneuvers feel authentic and are described in stellar detail Booklist on Blackmail In Rick Campbell s new thriller Blackmail a bold military and political strike by the Russian government leaves the U S reeling crippled and vulnerable with only a desperate long shot chance to avoid a devastating world war The U S aircraft carrier patrolling the Western Pacific Ocean is severely damaged by a surprise salvo of cruise missiles While the Russian government officially apologizes claiming it was the result of fire control accident during a training exercise it was instead a calculated provocation With the U S Pacific fleet already severely under strength the Russian President decides that the US response is a clear indication of their weakness militarily and politically and initiates a bold plan Political unrest is spreading through the Eastern European states The Russian Northern Fleet moves swiftly in the Mediterranean Sea the Russian army is moving west to the border and Russian Baltic and Black Sea Fleets are mobilized In one bold strike the Russian army moves to reoccupy a large number of the industrialized areas of the former USSR while blockading the vital sea passages through which the world s oil and natural gas transit To make matters worse Russia s Special Forces have wired every major oil and natural gas pipeline with explosives If the U S makes one move to thwart Russia they ll destroy them all The U S is risking disaster if it acts but the alternative is quite possibly worse Torn between the unthinkable and the impossible the only possible move to launch an attack on all fronts simultaneously *Flash Point* Matt Croucher GC,2013-03-15 Dan Coldrain is a former elite Royal Marine Commando haunted by the death of his best mate Reese killed in action by enemy forces Coldrain used to believe in honour service and the call of duty but haunted by

Reese's death he drops out of service and instead seeks the lucrative pay cheques on the private military contractor's circuit. Soon the Sandman, a shadowy figure with connections to the political underworld, lurks into view with a proposal for Coldrain to find a man called Dogan, a terrorist responsible for a slew of lethal IED attacks in both Iraq and Afghanistan, detain him and hand him over to the Sandman. For this simple task, Coldrain will be granted a four-man team, access to high-grade weapons and explosives, and vehicles, and a cool 1 million per head once the mission is completed. And so the hunt begins with the contractors dragged through hell and back in search of their deadly suspect. Will Coldrain and his team complete their mission successfully? And most importantly, will Coldrain battle the demons which so haunt him over his friend's death?

The Ryan Lock Series: Books 4-6 Sean Black, 2024-09-30 Follow Ryan Lock as he hunts a serial rapist in Mexico. **THE DEVIL'S BOUNTY** confronts a dark conspiracy in a remote college town. **THE INNOCENT** goes after a cult snatching young women from the streets of Los Angeles. **FIRE POINT** and in an exclusive free bonus novella **BUDAPEST 48** brokers a kidnapping deal in Eastern Europe. This series is ace. There are deservedly strong Lee Child comparisons as the author is also a Brit; his novels US-based, his character appealing, and his publisher the same, Sarah Broadhurst Bookseller. This is a writer and a hero to watch. Geoffrey Wansell, *The Daily Mail*; Black's style is supremely slick. Jeremy Jehu, *The Daily Telegraph*. The pace of Lee Child and the heart of Harlan Coben. Joseph Finder, *New York Times* Bestseller. **Paranoia**, **Buried Secrets**. The heir apparent to Lee Child. Ken Bruen, internationally bestselling author of *The Guards*. Ryan Lock is a protagonist tough enough to take on the Jacks of this world that's Bauer and Reacher. Russel McLean, Black's star, just keeps on rising. *Evening Telegraph*. **Shreds of Humanity** Phillip Carpenter, 2006-05 A NEW NOVEL FROM PHILLIP E CARPENTER THE AUTHOR OF ELEPHANT GUN AND ARABIAN ASSIGNMENT Refugees of ravaged planet Earth are caught in a war between the Host of Jesus and the Nomad Nation. The small number of humans left alive must face truths about themselves, choose sides and form bonds to survive this strange new world. The earth suffers a stellar calamity that reduces the world population to less than a million people. Without electricity, internal combustion engines, or government, the remnants of humanity flee to Mexico from the encroaching northern hemisphere ice age. Returning to the ways of the early native Americans is not easy as old prejudices and political ambitions cause groups to splinter. Follow the story of a group of such refugees thrown together during their escape from the frozen north. Experience their personal trials, stormy relationships, and Herculean efforts to survive in a harsh new world of altered topography, rapidly propagating free-roaming wild animals, and a vicious medieval war between strange new cultures. Normals, the pre-cataclysm generation, find nature has accelerated evolution to prevent species extinction by giving the new children extra sensory powers to help them assure a future for the human race. Like all human stories, this one includes the best and the worst of human nature and a strong dose of action and excitement. Take this unforgettable journey into a world of tomorrow with these brave adventurers; you won't regret it. **FORT APACHE**: Rory J McMahon, CLI CFE CCDI, 2025-01-27 Fort Apache is structured in a way that intersperses McMahon's personal reflections and professional

experiences with the broader narrative of Miami's crime scene and notorious American criminals. This duality effectively sets the stage for understanding the chaotic environment that fostered the likes of Ben Kramer, a figure within the drug smuggling and powerboat racing communities. McMahon's narrative is both engaging and informative, filled with historical context that enriches the reader's understanding of the events and characters involved. Events that were relayed to the public in news media and Hollywood movies are seen through the lens of a hardworking federal probation officer and investigator, giving the reader an inside view of the American Justice System and true crime history.

George Gergis, National Director of the National Association of Legal Investigators, says, "Investigators are not born. They evolve. They all start somewhere different but end up in this incredible profession that helps people solve problems and saves lives." Rory McMahon's new book **FORT APACHE** tells the story of one man's journey to that goal. From New York's probation department to Florida's organized crime-ridden streets, this is a tale of perseverance and guile. It is a testimony to his dedication, resolve, and determination that brought him to that end. In spite of having to work with notorious criminals and against corrupt systems, McMahon has forged ahead to become a well-reputed and celebrated professional. I am proud to call him a colleague.

Kitty Hailey, CLI, says, "It is a difficult task to venture into the world of Private Investigations when you have worked for many years in law enforcement. Rory McMahon, a former Federal Probation Officer, knows that the facts are all that matter, no matter which team you choose. In my almost 40 years as a PI, I have worked alongside many investigators, those wearing white hats and some not. Rory is one of the good guys I have known and worked with for well over twenty years. Rory's hat has always been white, never blemished. When he says it happened, it did, and that's that." In his book **Fort Apache**, Rory takes the reader with him as he doggedly pursues his offenders and then transitions into a career as a Private Investigator and educator. The book is a fascinating read, authored by nothing less than a remarkable investigator.

Diane L. Cowan, CLI, CCDI, says, "In **Fort Apache**, Rory McMahon takes the reader on a ride deep into the dark heart of the Sunshine State. A private detective and former federal probation officer, McMahon was in the room with notorious smugglers like Barry Seal and Ben Kramer, whose Miami powerboat company lends this book its title. Even more compelling are some of the lesser-known but equally mind-blowing cases, like that of Hilmer Sandini, the homicidal federal informant who commandeered one of the most corrupt FBI operations in American history. McMahon seems drawn to the gray area between the bad guys and the good, but it's never in doubt that the author himself is one of the latter."

Journalist BOB NORMAN **THE DUKE'S COVERT MISSION** Kumi Himeno, JULIE MILLER, 2022-11-11

A humble secretary's dreams are shattered by a masked nobleman. Ellie, a secretary to the king of Korosol, is known for her earnestness but not for her looks. Despite that, she's had a dream since she was a little girl of dancing the waltz like Cinderella, if only for one night. One day that dream is on the verge of coming true after she borrows a dress from Princess Lucia and heads to the ball. But on the way, she is mistaken for the princess and kidnapped. Ellie finds herself trapped in a filthy hut, surprised to see that one of her kidnappers appears to be protecting her.

Pro Sniper Introduction

In the digital age, access to information has become easier than ever before. The ability to download Pro Sniper has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Pro Sniper has opened up a world of possibilities. Downloading Pro Sniper provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Pro Sniper has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Pro Sniper. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Pro Sniper. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Pro Sniper, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Pro Sniper has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
