Russian Entrepreneur Charles A. Ruud,1990-08-01 Only in the 1960s did the Soviet government begin to praise Sytin as an important figure in the publishing industry He is still virtually unknown in the West Ruud brings Sytin to the forefront of the enterprising capitalists of his time a group that significantly influenced the degree to which the modernization of methods and technology transformed Russia before the Revolution **Russian Defense Business Directory** ,1993 **The Russian Economic Grip on Central and Eastern Europe** Ognian Shentov,2018-10-08 This book is about the use of economic and state capture levers for achieving political clout It details how Moscow has been able to exploit governance deficits and influence decision making in the countries of Central and Eastern Europe through a range of economic means The comparative country by country perspective on Russia s corporate presence trade and investment in particular sectors of the region especially energy shows the patterns of the Kremlin s use of economic presence and state capture tactics to amplify political and social leverage By collating economic data with an analysis of governance loopholes and the political process the authors reveal the Kremlin s methods for swaying national policies especially through the exploitation of governance failures in these countries The book thereby highlights how Russia s economic power is related to its wider strategic goals It concludes that Russia s economic grip both direct and indirect is tighter than official statistics imply

Corruption and the Russian Economy Yulia Krylova,2018-04-17 Corruption and the Russian Economy examines why the number of entrepreneurs is declining so rapidly in contemporary Russia how many economic opportunities are being irrevocably lost each year because of administrative corruption and why entrepreneurship has become one of the most dangerous occupations in the country over the last decade Based on extensive research including in depth interviews with entrepreneurs and case studies it reveals a corrupt system of government agencies at both the regional and local levels and the increasing involvement of public officials in unlawful seizures of businesses One major conclusion is that the vast majority of informal payments by entrepreneurs to regulatory agencies are made not to achieve illegal advantages but rather to secure the property rights that they are entitled to under the law **Essays in Russian and Soviet History in Honor of Geroid Tanquary Robinson** Curtiss,2023-04-17 **Russian-Arab Worlds** Eileen M. Kane,Masha Kirasirova,Margaret Litvin,2023 When the Cold War ended the long history of Russian and then Soviet engagement with Arab countries was largely forgotten so the dominant role of Vladimir Putin s Russia in the region appeared to come out of nowhere The thirty four expertly introduced primary sources in this book recover a complex history of Russian Arab ties and illuminate some of its most fascinating aspects Russian Orthodox missionaries in Palestine Arab communists traveling to the USSR and more surprising Arabic legal documents written by Russian Muslims Russian Jewish migrants to Palestine decades before Zionism and 1940s Armenians repatriated from Arab countries to the USSR **Smart Technologies and Innovations in Design for Control of Technological Processes and Objects: Economy and Production** Denis B. Solovev,2019-04-10 This book
