Russian Fascism:

Russian Fascism Stephen Shenfield, 2016-07-08 First Published in 2001 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society **Russian Fascism: Traditions, Tendencies and Movements** Stephen Shenfield, 2015-02-12 This study presents a thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society **Is Russia Fascist?** Marlene Laruelle, 2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin s regime has increasingly been accused of embracing fascism supposedly evidenced by Russia s annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world s preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin s foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe s future **Russian Radical Right in Exile, 1918-1945** Zbyněk Vydra, 2025-06-30 This book examines the development of the Russian radical right in exile between 1918 and 1945 The radical right which represented one of the most prominent groups of Russian political exiles both continued its pre revolutionary activities and at the same time was inspired by new ideologies of the interwar period primarily fascism Offering a comprehensive comparative analysis of the political activities and political thinking of individual groups of the radical right this book shows the groups political connections and radical right activities Groups included monarchists new groups founded by the younger generation of political for example the so called Mladorossy Young Russians Fascists Russian military migr s and the Russian Orthodox Church Abroad The biographical chapter examines leading ideologist of the monarchist right wing emigration philosopher Ivan Alexandrovich Ilyin This book demonstrates that the radical right represented one of the prominent political currents of Russian emigration This book is especially important in that contemporary right wing radicalism in Russia draws on the thinking of these right wing exiles very extensively It will be of interest to researchers in modern Russian history Russian emigration and right wing radicalism as well as 20th century history *Russian Nationalism* Marlene Laruelle, 2018-10-10 This book by one of the foremost authorities on the subject explores the complex nature of Russian nationalism It examines nationalism as a multilayered and multifaceted repertoire

displayed by a myriad of actors It considers nationalism as various concepts and ideas emphasizing Russia's distinctive national character based on the country's geography history Orthodoxy and Soviet technological advances It analyzes the ideologies of Russia's ultra nationalist and far right groups explores the use of nationalism in the conflict with Ukraine and the annexation of Crimea and discusses how Putin's political opponents including Alexei Navalny make use of nationalism Overall the book provides a rich analysis of a key force which is profoundly affecting political and societal developments both inside Russia and beyond **Russian Nationalism and the National Reassertion of Russia** Marlene

Laruelle, 2009-05-07 This book considers a wide range of aspects of Russian nationalism focussing on the Putin period It discusses the development of Russian nationalism including in the Soviet era examines how it relates to ideology culture racism religion and intellectual thinking and its affects on Russian society politics and foreign policy **Putinism -**

Post-Soviet Russian Regime Ideology Mikhail Suslov, 2024-02-23 A key question for the contemporary world What is Putin's ideology This book analyses this ideology which it terms Putinism It examines a range of factors that feed into the ideology conservative thought in Russia from the nineteenth century onwards Russian and Soviet history and their memorialisation Russian Orthodox religion and its political connections a focus on traditional values and Russia's sense of itself as a unique civilisation different from the West and due a special respected place in the world The book highlights that although the resulting ideology lacks coherence and universalism comparable to that of Soviet era Marxism Leninism it is nevertheless effective in aligning the population to the regime and is flexible and applicable in different circumstances And that therefore it is not attached to Putin as a person is likely to outlive him and is potentially appealing elsewhere in the world outside Russia especially to countries that feel belittled by the West and let down by the West's failure to resolve problems of global injustice and inequality **Russian Fascism** Stephen Shenfield, 2016-07-08 First Published in 2001 This study presents a

thorough analysis of facism its manifestations in Russian political and cultural history and facist tendencies and movements in contemporary Russian society Russian Society and the Orthodox Church Zoe Knox, 2004-06-02 Russian Society and the Orthodox Church examines the Russian Orthodox Church's social and political role and its relationship to civil society in post Communist Russia It shows how Orthodox prelates clergy and laity have shaped Russians attitudes towards religious and ideological pluralism which in turn have influenced the ways in which Russians understand civil society including those of its features pluralism and freedom of conscience that are essential for a functioning democracy It shows how the official church including the Moscow Patriarchate has impeded the development of civil society while on the other hand the non official church including nonconformist clergy and lay activists has promoted concepts central to civil society *Russian*

Conservatism Paul Robinson, 2019-10-15 Russian Conservatism examines the history of Russian conservative thought from the beginning of the nineteenth century to the present Robinson charts the contributions made by philosophers politicians and others during the Imperial Soviet and post Soviet periods Looking at cultural political and social economic conservatism

in Russia Russian Conservatism demonstrates that such ideas are helpful in interpreting Russia's present as well as its past and will be influential in shaping Russia's future for better or for worse in the years to come
