Russian Housing In The Modern Age Design And Social History:

Russian Housing in the Modern Age William Craft Brumfield,1993 Explores the way in which Russians of the past century have provided housing **Modernity, Domesticity and Temporality in Russia** Rebecca Friedman,2020-07-09 Revolution war dislocation famine and rivers of blood these traumas dominated everyday life at turn of the century Russia As Modernity Domesticity and Temporality in Russia explains amidst such public turmoil Russians turned inwards embracing and carefully curating the home in an effort to express both personal and national identities From the nostalgic landed estate with its backward gaze to the present focused and efficient urban apartment to the utopian communal dreams of a Soviet future the idea of time was deeply embedded in Russian domestic life Rebecca Friedman is the first to weave together these twin concepts of time and space in relation to Russian culture and in doing so this book reveals how the revolutionary domestic experiments reflected a desire by the state and by individuals to control the rapidly changing landscape of modern Russia Drawing on extensive popular and literary sources both visual and textual this fascinating book enables readers to understand the reshaping of Russian space and time as part of a larger revolutionary drive to eradicate however ambivalently the 19th century gentrified sloth in favour of the proficient Soviet comrade **Gender and housing in Soviet Russia** Lynne Attwood,2013-07-19 This book explores the housing problem throughout the 70 years of Soviet history looking at changing political ideology on appropriate forms of housing under socialism successive government policies on housing and the meaning and experience of home for Soviet citizens She examines the use of housing to alter gender relations and the ways in which domestic space was differentially experienced by men and women Much of Attwood s material comes from Soviet magazines and journals which enables her to demonstrate how official ideas on housing and daily life changed during the course of the Soviet era and were propagandised to the population Through a series of in depth interviews she also draws on the memories of people with direct experience of Soviet housing and domestic life Attwood has produced not just a history of housing but a social history of daily life which will appeal both to scholars and those with a general interest in Soviet history *European Cities in the Modern Era, 1850-1914* Friedrich Lenger,2012-08-17 In *European Cities in the Modern Era 1850 80 1914* Friedrich Lenger offers an account of Europe s major cities in a period crucial for the development of much of their present shape and infrastructure *A History Of Russia Volume 2* Walter G. Khmelnitskaya,2016-04-29 Centering its study around three explanatory variables actors institutions and ideas this book argues that Russia s hybrid institutional environment reduces the competition of policy ideas both at the stage of policy elaboration by the community of state and non state policy experts and also at the stage of policy adoption by parliament

Stories of House and Home Christine Varga-Harris,2016-02-19 *Stories of House and Home* is a social and cultural history of the massive construction campaign that Khrushchev instituted in 1957 to resolve the housing crisis in the Soviet Union and to provide each family its own apartment Decent housing was deemed the key to a healthy productive home life which was essential to the realization of socialist collectivism Drawing on archival materials as well as memoirs fiction and the Soviet press Christine Varga Harris shows how the many aspects of this enormous state initiative from neighborhood planning to interior design sought to alleviate crowded undignified living conditions and sculpt residents into ideal Soviet citizens She also details how individual interests intersected with official objectives for Soviet society during the Thaw a period characterized by both liberalization and vigilance in everyday life Set against the backdrop of the widespread transition from communal to one family living *Stories of House and Home* explores the daily experiences and aspirations of Soviet citizens who were granted new apartments and those who continued to inhabit the old housing stock due to the chronic problems that beset the housing program Varga Harris analyzes the contradictions apparent in heroic advances and seemingly inexplicable delays in construction model apartments boasting modern conveniences and decrepit dwellings happy housewarmings and disappointing moves and new residents and individuals requesting to exchange old apartments She also reveals how Soviet citizens identified with the state and with the broader project of building socialism Hegel's Philosophy of Reality, Freedom, and God Robert M. Wallace,2005-04-04 Showing the relevance of Hegel s arguments this book discusses both original texts and their interpretations **Meanings and Values of Water in Russian Culture** Jane Costlow,Arja Rosenholm,2016-11-25 Bringing together a team of scholars from the diverse fields of geography literary studies and history this is the first volume to study water as a cultural phenomenon within the Russian Soviet context Water in this context is

both a cognitive and cultural construct and a geographical and physical phenomenon representing particular rivers the Volga the Chusovaia in the Urals the Neva and bodies of water from Baikal to sacred springs and the flowing water of nineteenth century estates but also powerful systems of meaning from traditional cultures and those forged in the radical restructuring undertaken in the 1930s Individual chapters explore the polyvalence and contestation of meanings dimensions and values given to water in various times and spaces in Russian history The reservoir of symbolic association is tapped by poets and film makers but also by policy makers the popular press and advertisers seeking to incite reaction or drive sales The volume s emphasis on the cultural dimensions of water will link material that is often widely disparate in time and space it will also serve as the methodological framework for the analysis undertaken both within chapters and in the editors introduction
