Russian Subjects:

Spiritual Subjects Lale Can, 2020-03-10 At the turn of the twentieth century thousands of Central Asians made the annual pilgrimage to Mecca Traveling long distances many lived for extended periods in Ottoman cities dotting the routes Though technically foreigners these Muslim colonial subjects often blurred the lines between pilgrims and migrants Not quite Ottoman and not quite foreign Central Asians became the sultan's spiritual subjects Their status was continually negotiated by Ottoman statesmen as attempts to exclude foreign Muslim nationals from the body politic were compromised by a changing international legal order and the caliphate's ecumenical claims Spiritual Subjects examines the paradoxes of nationality reform and pan Islamic politics in late Ottoman history Lale Can unravels how imperial belonging was wrapped up in deeply symbolic instantiations of religion as well as prosaic acts and experiences that paved the way to integration into Ottoman communities A complex system of belonging emerged one where it was possible for a Muslim to be both by law a foreigner and a subject of the Ottoman sultan caliph This panoramic story informs broader transregional and global developments with important implications for how we make sense of subjecthood in the last Muslim empire and the legacy of religion in the Turkish Republic

The Russian Year-book Howard Percy Kennard, Netta Peacock, 1916

Iran and Russian Imperialism Moritz Deutschmann, 2015-12-22 Rather than a centralized state Iran in the nineteenth century was a delicate balance between tribal groups urban merchant communities religious elites and an autocratic monarchy While Russia gained an increasingly dominant political role in Iran over the course of this century Russian influence was often challenged by banditry on the roads riots in the cities and the seeming arbitrariness of the Shah Iran and Russian Imperialism develops a comprehensive picture of Russia's historical entanglements with one of its most important neighbours in Asia It recounts how the Russian Empire strived to gain political influence at the Persian court promote Russian trade and secure the enormous southern

borders of the empire Using hitherto often neglected documents from archives in Russia and Georgia and reading them against the grain this book reveals the complex reactions of different groups in Iranian society to Russian imperialism As it turns out the Iranians were in the words of the Russian orientalist Konstantin Smirnov ideal anarchists whose resistance to imperial domination as well as to centralized state institutions more generally impacted developments in the region in the century to come Iran s troubled relationship with the wider world continues to be a topic of considerable interest to historians yet little focus has been given to Russia s historical connections to Iran This book thus represents a valuable contribution to Iranian and Russian History as well as International Relations **The Japan Daily Mail** ,1889 **Russia in Central Asia in 1889 & the Anglo-Russian Question** Marquess George Nathaniel Curzon Curzon of Kedleston,1889
