Russias Engagement With The West:

Russia's Engagement with the West: Alexander J. Motyl, Blair A. Ruble, Lilia Shevtsova, 2016-07-22 The Putin and Bush presidencies the 9 11 attack and the war in Iraq have changed the dynamics of Russian European US relations and strained the Western alliance Featuring contributions by leading experts in the field this work is the first systematic effort to reassess the status of Russia s modernization efforts in this context Part I examines political economic legal and cultural developments in Russia for evidence of convergence with Western norms In Part II the contributors systematically analyze Russia s relations with the European Union Eastern Europe Central Asia and the United States in light of new security concerns and changing economic and power relationships **Russias Engagement with the West** Alexander J. Motyl, Blair A.

Ruble, Lilia Shevtsova, 2005 The Putin and Bush presidencies the 9 11 attack and the war in Iraq have changed the dynamics of Russian European US relations and strained the Western alliance Featuring contributions by leading experts in the field this work is the first systematic effort to reassess the status of Russia s modernization efforts in this context Part I examines political economic legal and cultural developments in Russia for evidence of convergence with Western norms In Part II the contributors systematically analyze Russia s relations with the European Union Eastern Europe Central Asia and the United States in light of new security concerns and changing economic and power relationships Russia and the West

from Alexander to Putin Andrei P. Tsygankov, 2012-06-28 Covering two centuries of Russian history this book shows how a sense of honor has affected Russia s foreign policy decision making Russia's Foreign Policy Andrei P.

Tsygankov, 2010-03-16 A third edition of this book is now available Now fully updated and revised this clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Putin and Medvedev Drawing on an impressive mastery of both Russian and Western sources Andrei P Tsygankov shows how Moscow s policies have shifted with each leader s vision of Russia s national interests He evaluates the successes and failures of Russia s foreign policies explaining its many turns as Russia s identity and interaction with the West have evolved The book concludes with reflections on the emergence of the post Western world and the challenges it presents to Russia s enduring quest for great power status along with its desire for a special relationship with Western nations **The "Russian Idea" in International Relations** Andrei P. Tsygankov, 2023-06-16 The Russian

Idea in International Relations identifies different approaches within Russian Civilizational tradition Russia s nationally distinctive way of thinking by situating them within IR literature and connecting them to practices of the country s international relations Civilizational ideas in IR theory express states cultural identification and stress religious traditions social customs and economic and political values This book defines Russian civilizational ideas by two criteria the values they stress and their global ambitions The author identifies leading voices among those positioning Russia as an exceptional and globally significant system of values and traces their arguments across several centuries of the country s development In

addition the author explains how and why Russian civilizational ideas rise fall and are replaced by alternative ideas The book identifies three schools of Russian civilizational thinking about international relations Slavophiles Communists and Eurasianists Each school focuses on Russia's distinctive spiritual social and geographic roots respectively Each one is internally divided between those claiming Russia's exceptionalism potentially resulting in regional autarchy or imperial expansion and those advocating the Russian Idea as global in its appeal Those favoring the latter perspective have stressed Russia's unique capacity for understanding different cultures and guarding the world against extremes of nationalism and hegemony in international relations This book will be of interest to students and scholars of Russian foreign policy Russia Western relations IR theory diplomatic studies political science and European history including the history of ideas

U.S.-Russian Relations United States. Congress. House. Committee on International Relations. Subcommittee on Europe, 2002 **Russia Engages the World, 1453-1825** Cynthia H. Whittaker, Edward Kasinec, Robert H. Davis, 2003
Russia Engages the World 1453 1825 an elegant new book created by a team of leading historians in collaboration with The New York Public Library traces Russia's development from an insular medieval liturgical realm centered on Old Muscovy into a modern secular world power embodied in cosmopolitan St Petersburg Featuring eight essays and 120 images from the Library's distinguished collections it is both an engagingly written work and a striking visual object Anyone interested in the dramatic history of Russia and its extraordinary artifacts will be captivated by this book Before the late fifteenth century Europeans knew virtually nothing about Muscovy the core of what would become the Russian Empire The rare visitor merchant adventurer diplomat described an exotic alien place Then under the powerful tsar Peter the Great St Petersburg became the architectural embodiment and principal site of a cultural revolution and the port of entry for the Europeanization of Russia From the reign of Peter to that of Catherine the Great Russia sought increasing involvement in the scientific advancements and cultural trends of Europe Yet Russia harbored a certain dualism when engaging the world outside its borders identifying at times with Europe and at other times with its Asian neighbors The essays are enhanced by images of rare Russian books illuminated manuscripts maps engravings watercolors and woodcuts from the fifteenth to the nineteenth centuries as well as the treasures of diverse minority cultures living in the territories of the Empire or acquired by Russian voyagers These materials were also featured in an exhibition of the same name mounted at The New York Public Library in the fall of 2003 to celebrate the tercentenary of St Petersburg [The Routledge Handbook of Russian International Relations Studies](#) Maria Lagutina, Natalia Tsvetkova, Alexander Sergunin, 2023-02-27 This handbook examines the study of international relations IR in Russia giving a comprehensive analysis of historical theoretic conceptual geographical and institutional aspects It identifies the place and role of Russia in global IR and discusses the factors that facilitate or impede the development of Russian IR studies The contributors represent diverse Russian regions and IR schools and offer an overview of different intellectual traditions and key IR paradigms in the post Soviet era Filling the vacuum in international

understanding of the Russian perspective on pivotal international issues they demonstrate the continuity and change in Russia's international policy course over the past three decades and explain how different foreign policy schools and concepts have affected Russian foreign policy making and the decision making process Providing a unique contribution to the discussion on non Western IR theory this handbook will appeal to scholars and students of international relations Russian studies world politics and international studies

How the EU and Russia Narrate the World Mario Baumann, 2025-07-25 In times of increasing challenges to the Western idea this book illuminates how Russian and EU foreign policy discourses interact While official Russian and EU articulations on issues of sovereignty human rights and the shared neighbourhood diverge greatly they are not articulated in isolation but are entangled and condition each other To understand this entanglement this book approaches the relationship between Russia and the EU as an intersubjective one a social context where diverging interpretations of the world struggle for hegemony Its theoretical framework marries poststructuralist thought with insights from critical approaches to Hegelian recognition dialectics Based on an extensive and systematic empirical discourse analysis of Russian and EU foreign policy texts this study draws a detailed picture of the intensifying discursive dynamics accompanying the deteriorating relationship between Brussels and Moscow It shows how neither the EU nor Russia's foreign policy articulation has changed substantially The interaction pattern continues to be an asymmetrical one with Russia's articulations much more conditioned by the EU's discourse than vice versa The book thus argues that the EU is more independent in sovereignly articulating an interpretation of the world whereas Russia continues to face constraints in the formulation of an autonomous political project With its novel and innovative conceptual framework this book furthers the theoretical scholarship on poststructuralism in international relations It addresses all scholars interested in poststructuralist enquiries and will be of great value to students and scholars of Russian foreign policy and the EU

Russia-China Relations in the Post-Crisis International Order Marcin Kaczmarski, 2015-03-24 The book explores developments in Russia China relations in the aftermath of the global economic crisis arguing that the crisis transformed their bilateral affairs regional liaisons and crucially altered the roles both states play on the international arena Discussing how Russo Chinese cooperation has accelerated in energy trade arms sales and in the Russian Far East the focus is on how the still mutually advantageous relationship has become more asymmetric than ever reflecting China's meteoric rise and Russia's decline These dynamics are explored through three perspectives domestic regional and global Domestically the book traces the role of political coalitions and key interest groups involved in how the two states shape their reciprocal policies Changes in the regional dimension are examined with particular reference to a new status quo emerging in Central Asia The book concludes by explaining how the changing relationship is affecting the international order including the balance of power vis vis the United States as well as Russia and China's changing attitudes towards global governance
