Sacred Land Sacred Sex Rapture Of The Deep Concerning Deep Ecology And Celebrating Life:

Sacred Land, Sacred Sex Dolores LaChapelle, 1988 **Deep Ecology and World Religions** David Landis Barnhill, Roger S. Gottlieb, 2010-03-29 Bringing together thirteen new essays on the important relationship between traditional world spirituality and the contemporary environmental perspective of deep ecology this landmark book explores parallels and contrasts between religious values and those proposed by deep ecology In examining how deep ecologists and the various religious traditions can both learn from and critique one another the following traditions are considered indigenous cultures Hinduism Buddhism Taoism Confucianism Judaism Catholicism Islam Protestantism Christian ecofeminism and New Age spirituality **Sacred Nature** Jerome A. Stone, 2017-06-26 Sacred Nature examines the crisis of environmental degradation through the prism of religious naturalism which seeks rich spiritual engagement in a world without a god Jerome Stone introduces students to the growing field of religious naturalism exploring a series of questions about how it addresses the environmental crises evaluating the merits of public prophetic discourse that uses the language of spirituality He presents and defends the concept of religious naturalism while drawing out the implications of religious naturalism for addressing some of the major environmental issues facing humans today This book is designed for undergraduate and graduate students as well as scholars specializing in contemporary religious thought or environmental studies **The Palgrave Environmental Reader** Richard Newman, Daniel Payne, 2016-04-30 The Palgrave Environmental Reader explores America s evolving fascination with nature and environmental concerns From the New England Transcendentalists to the UN convention on climate change this book includes works by Thomas Jefferson Henry David Thoreau Theodore Roosevelt Rachel Carson E O Wilson and others Consisting of thirty five important pieces covering a variety of issues this reader distinguishes itself from other writing on the subject by presenting more extensive excerpts and by emphasizing themes such as environmental activism racism and law **A Language Older Than Words** Derrick Jensen, 2004-03-01 At once a beautifully poetic memoir and an exploration of the various ways we live in the world A Language Older Than Words explains violence as a pathology that touches every aspect of our lives and indeed affects all aspects of life on Earth This chronicle of a young man s drive to transcend domestic abuse offers a challenging look at our worldwide sense of community and how we can make things better *Pagans & Christians* Gus DiZerega, 2001 Although Christianity is still a major religious force there are growing numbers of people in other faiths including the various Pagan traditions Some Christians have responded to this trend with fear and derision while some Pagans have reacted to that fear with anger and mistrust Much of the problem is due to misunderstandings and lack of communication This can change with Gus diZerega s Pagans Christians Here you will find a penetrating and illuminating comparison showing that neither path has the single correct approach to the Divine Rather either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All Pagans Christians is an ideal way to help bridge what at time seems a wide chasm

between Christian and Pagan beliefs By sharing core ideas of both paths this book provides a way to give deeper mutual understanding and unity among the religions of the world Although Pagans Christians accepts both paths as valid the book provides a more in depth explanation of Paganism the minority religion because in some ways Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings The author is a Third Degree Gardenerian Elder and in Pagans Christians has presented nothing less than a brilliant defense of Paganism clearly showing how it should stand beside all of the major religions of the world as an equal As part of this defense diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack and will help any Christian to view his or her religion as a way not the way Winner of the 2001 Coalition of Visionary Resources COVR Award for Best Non fiction Book The Intellectual Legacy of Victor and Edith Turner Frank A.
