Tricksters of Gotham Robert E. Terrill, 2025-08-08 *Tricksters of Gotham* explores the trickster tale through an in depth look at Christopher Nolan s Batman trilogy *Batman Begins* *The Dark Knight* and *The Dark Knight Rises* The trickster figure is

an ancient and variable figure versions of which populate the myths and folklore of many human cultures worldwide Conceptualising the trilogy as a single aggregate text with a clear narrative arc the author explores the variety of trickster figures present in the films and draws clear parallels with the surrounding social and political context Departing from the central argument that the Batman trilogy shows a variety of trickster characters even Batman himself this book shows contemporary trickster figures to be rich and relevant cultural resources that can focus our attention on those elements of the social order that have become too rigid hierarchical or exclusionary The author argues that they can model tactics for engaging with tricksters when they inevitably arise in civic culture offering insights about how to manage interactions with these figures who can be both productively disruptive and potentially destructive This book pays close attention to the characters portrayed in the Nolan Batman trilogy not only the Batman and the Joker but the more minor characters as well to discover what trickster like tactics they may offer In this way the book intends to render these films as a sort of equipment for civic life and to encourage similar analyses of other contemporary cultural artifacts Through close readings of these films the book renders the Nolan Batman trilogy as what rhetorical theorist Kenneth Burke refers to as equipment for living This book will interest scholars and students of rhetoric and public culture film studies and communication

Rabi'a From Narrative to Myth
Rkia Elaroui Cornell, 2019-01-03 Rabi'a al Adawiyya is a figure shrouded in myth Certainly a woman by this name was born in Basra Iraq in the eighth century but her life remains recorded only in legends stories poems and hagiographies The various depictions of her as a deeply spiritual ascetic an existentialist rebel and a romantic lover seem impossible to reconcile and yet Rabi'a has transcended these narratives to become a global symbol of both Sufi and modern secular culture In this groundbreaking study Rkia Elaroui Cornell traces the development of these diverse narratives and provides a history of the iconic Rabi'a's construction as a Sufi saint Combining medieval and modern sources including evidence never before examined in novel ways Rabi'a From Narrative to Myth is the most significant work to emerge on this quintessential figure in Islam for more than seventy years

Exploding the Western Sara L. Spurgeon, 2005 The frontier and Western expansionism are so quintessentially a part of American history that the literature of the West and Southwest is in some senses the least regional and the most national literature of all The frontier the place where cultures meet and rewrite themselves upon each other's texts continues to energize writers whose fiction evokes destroys and rebuilds the myth in ways that attract popular audiences and critics alike Sara L Spurgeon focuses on three writers whose works not only exemplify the kind of engagement with the theme of the frontier that modern authors make but also show the range of cultural voices that are present in Southwestern literature Cormac McCarthy Leslie Marmon Silko and Ana Castillo Her central purposes are to consider how the differing versions of the Western mythic tales are being recast in a globalized world and to examine the ways in which they challenge and accommodate increasingly fluid and even dangerous racial cultural and international borders In Spurgeon's analysis the spaces in which the works of these three writers collide offer some sharply differentiated visions but also create new and unsuspected forms providing the most startling insights Sometimes beautiful sometimes tragic the new myths are the expressions of the larger culture from which they spring both a projection onto a troubled and troubling past and an insistent prophetic vision of a shared future
