HISTORIC HIGH SPACE OF WILSON IN THE CITY OF ANGELES

Sacred Spaces Historic Houses Of Worship In The City Of Angels

Karin Nielsen-Saines

Sacred Spaces Historic Houses Of Worship In The City Of Angels:

Sacred Spaces Robert Berger, 2003 *An Architecture of Immanence* Mark A. Torgerson, 2007-01-22 Torgerson begins by discussing God's transcendence and immanence and showing how church architecture has traditionally interpreted these key concepts. He then traces the theological roots of immanence's priority from liberal theology and liturgical innovation to modern architecture. Next, Torgerson illustrates this new architecture of immanence through particular practitioners focusing especially on the work of theologically savvy architect Edward Anders Svik. Finally, he addresses the future of church architecture as congregations are buffeted by the twin forces of liturgical change and postmodernism. **Los Angeles Magazine**, 2005-08 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art, and architecture and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian. **Sacred Spaces**, 2003-11-10 Over 100 vivid color images by architectural photographer Robert Berger record the spectacular, sumptuous, and often inspirational interiors of forty of Los Angeles' most historic religious structures. A melting pot of immigrants from the world over, LA reflects in its religious buildings the diversity of its ethnic groups. Known as a mecca to the offbeat, LA is also home to a wide variety of spiritual groups whose buildings add flavor to the architectural landscape, including many by well-known architects such as Rudolph Schindler and Wallace Neff. *Golden Dreams* Kevin Starr, 2011-09-09 A narrative tour de force that combines wide-ranging scholarship with captivating prose, Kevin Starr's acclaimed multi-volume *Americans and the California Dream* is an unparalleled work of cultural history. In this new volume, Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence. In a powerful blend of telling events, colorful personalities, and insightful analyses, he brilliantly illuminates the dominant economic, social, and cultural forces in California in these pivotal years. *Redemptive Dreams* Jason S. Sexton, 2023-11-10 An essential piece in California Studies, *Redemptive Dreams* Engaging Kevin Starr's California offers the first critical engagement with the vision of California's most ambitious interpreter. While Starr's multifaceted and polymathic vision of California offered a unique gaze synthesizing central features, big themes, and incredible problems with the propitious golden dream, his eight-volume California Dream series, along with several other books and thousands of published articles and essays, often puzzled historians and other scholars. Historians in the contemporary school of critical historiography often found Starr's narrative approach seeking to tell the internal drama of the California story to be less attuned to the most important work happening in the field. Such a perspective fails to acknowledge key developments in historical subfields like Black and African American Studies, Chicana/o Studies, Asian Studies, Native Studies, and others that draw from the narrative in their critical work and how this relates to

Starr's contribution But it also neglects Starr as a theological interpreter Along with being a major figure in California institutional life with literary output spanning genres from journalism to critical cultural and political commentary to history and memoir Starr's unique contribution to California Studies as a distinctly Catholic historian has yet to be adequately understood Through his lived experience as a devout Catholic to the particular theological features of this faith tradition that animated his views this critical sociological perspective sheds new light on his project With contributions from sociology history and theology akin to investigations appearing in *Theology and California* Theological Refractions on California's Culture Routledge *Redemptive Dreams* offers interdisciplinary perspectives that highlight key features inherent in interdisciplinary theological reflection on place and illuminates these diverse disciplinary discourses as they appear in Starr's articulation of the California Dream Such a vision remains important for reckoning with California's place in the world

Arizona's Sanctuaries, Retreats, and Sacred Places, 2003 With ancient ruins sacred to Native Americans historic Catholic churches Buddhist hideaways and the New Age mecca of Sedona Arizona offers an unmatched variety of destinations for both the spiritually curious and those seeking religious affirmation Through written profiles regional maps and color photographs this book profiles 100 of the state's best Sanctuaries perfect for day visits retreats that accommodate overnight guests and sacred places that capture the glory of nature and ancient human history inspire soul stirring journeys for the mind and spirit *Los Angeles Magazine*, 2005-05 **Southern California Quarterly**, 2004 **Art Now Gallery Guide**, 2005-05
