Sacred Voices Essential Womens Wisdom Through The Ages:

Sacred Voices Mary Ford-Grabowsky, 2002-03-05 Moving chronologically through millennia of women's history from the earliest times to the present this unique collection contains writings from over 173 of the world's women sages and saints. Containing poetry, prayers, chants, meditations, and contemplative prose from all great religious traditions, this treasure trove gathers together for the first time the best of women's spiritual wisdom. Women's spiritual experience has been suppressed through much of modern history and is only now being recovered in its full richness. This anthology contains writings from hundreds of women from the past five millennia and a wide range of cultures. The collection encompasses all areas of women's sacred experience from the most radically mystical encounters with the divine, including visions, locutions, and auditions, to simply daily awareness of the holy in all things. *The Sacred Feminine Through The Ages* Paula Marvelly, 2024-06-11 Explore feminine spirituality from the beginning of recorded history to the present day through the works of 23 extraordinary women. These extraordinary women have expressed their experiences of the agony and ecstasy of pursuing spiritual enlightenment through their poetry and prose, which is beautiful, inspirational, and very moving. In this completely revised and updated edition of *Women of Wisdom*, Paula Marvelly has selected powerful and evocative words from an array of female voices of widely differing ages, faiths, and ethnicities: Jewish, Christian, Sufi, Hindu, Buddhist, Taoist, Platonic, revealing the common and overriding theme between them, which can be expressed as non-duality, the experience of losing one's individuality and becoming one with the universe. The audiobook is narrated by award-winning British actor Polly Lee. Whether you are interested in reviving lost and misunderstood women of history or you are looking to find new ways to understand the many ancient questions that generations before us have been asking, you will discover a wealth of wisdom and inspiration from these women of wisdom. Read the musings of the ancient priestess Enheduanna on her beloved goddess of the moon. Decode ancient Egyptian inscriptions to reveal Hatshepsut, a powerful female pharaoh whose rule was almost deleted from history. Revel in the immortal beauty of Sappho's poetry on the divine bounty of Mother Nature. Emily Dickinson's words on love or Virginia Woolf's prose on female expression. Uncover the cosmic life force with polymath Hildegard of Bingen. Dwell on the revelations of divine love with anchoress Julian of Norwich and so much more. *Women of Wisdom* Paula Marvelly, 2012-01-01 An inspiring collection of writings from women visionaries and mystics from an array of religious faiths and traditions. **Fulbright Labyrinths** Virginia Hall-Milhouse, 2011-11-28 In this provocative work, Virginia Milhouse demonstrates how autoethnography combines creative and analytical practices to help bring to consciousness some complex social and political agendas hidden in narratorial writings. It demonstrates how an arts-based qualitative research method, narrative inquiry, can be fused with a scientific-based quantitative method, DMIS IDI, and complement, support, and/or correct each other. It also demonstrates how writing as a method of inquiry can be a viable way for researchers to learn about themselves and their research, as well as features standards for evaluating creatively and analytically constructed text.

Further the author's examination of the aesthetics of inner readiness and in betweenness will be very helpful to people doing this kind of self reflexive fieldwork The reader will also appreciate this author's recognition of the importance of combining qualitative and quantitative methodologies something not many writers can do with great success Also this book will be a real contribution to sojourners and others traveling or living abroad The work is very smart and is beautifully and clearly written The labyrinth quote at the beginning of her work is very fitting and certainly promises to illustrate those words
