Sacred Birthing:

Sacred Birthing Sunni Karll, 2003 Sacred Birthing allows birth to step into the Sacred birth without trauma uplifts the life of your baby and the evolution of humanity *Sacred Birthing*, Sunni Karll, 2020-07-20 Sacred Birthing Birthing A New Humanity book is my journey as a midwife and how I was shown that there was more to birthing babies than just that tiny beautiful baby It is really all about consciousness not only for the baby but also for the parents In the first edition published in 2003 I just had to write down all the stories realizations and understanding that was inside me Then I had to grow up and come of age As I grew What about the baby was always my question as I heard birth becoming more and more about medical procedures technology drugs and pain But I kept thinking what must it feel like to the baby We need to think about the pristine delicate sensitive baby who is experiencing her out of the belly life for the first time And so Soul Needs that which upholds a baby's radiance were honored and highlighted to enunciate this Babies Soul Needs turned everything around and placed the priorities correctly This makes it clear for its the baby's birth Not the moms We had our own birth This is our baby's birth and we are here to do all we can for their birth to be its best Sacred Birthing Insights are the principles for parent's actions to support their baby's highest birth These bring parents into coherence with their baby's needs If we wish to go into a new direction new choices must be made in order to turn the corner away from the old loop and into new possibilities This can only be created when we jump out of the box of birth as it is Are we able to let go of all its outdated stories If it is true that there is a new kind of birth for the Master Souls coming then we wish to do all we can to implement the softest birth for our baby By refining our understanding of what each soul needs from us to anchor rightly into life we can offer what they need by the way we give birth Our goal is to honor and protect a baby's energetic excellence so that each is well born and a pristine newborn is received This is a stepping stone into that new paradigm of birth Instead of being birthed into pain what if a baby were born into rushes of bliss What if joy and gratitude were the feelings mom authentically expresses What if mom could sing out her baby as a gift to the Earth There are so many options of love that can cradle your baby on her journey What it takes is for us to shift the way we think and feel Our baby's highest birth will take our willingness and the absolute strength of intention Are we ready to trust that there is a delicious way to give birth that better supports this baby's life Are we willing to be in the place of not knowing how it will happen but trusting it will Our Wise Self and Guardians have been waiting for our request to determine our own higher paradigm of birth Then as we stand back expectantly nature will lead the way And when one of us and then another and another creates this higher paradigm of birth then the hundredth monkey jumps in and it's real for everyone It's already happening *Manifest Sacred Birth* Ishtara Blue, 2013-11-26 Intuitive Birthing a term coined by Ishtara is not about right and wrong ways of birthing but to help you access your intuition easily in order to birth how it is right for you to birth By following the Manifest Sacred Birth Programme you can birth connected and tuned in to follow your unique body signals and intuition so that your birth can be blissful and pain free If you are in a sacred

place you hear your intuition easily so you can open your light womb up wide When you cannot hear the inner voice you act from a place of fear you are scared It is this fear which blocks the birth hormones from being released and prevents you from opening up your womb easily and without pain The key intuitive birthing techniques which are an integral part of the 40 day programme include visualisation mantra meditation ceremony and more and are designed for regular practise from around week twenty of the pregnancy but to familiarise yourself with from before that time then to use during the actual birth itself You can use the Intuitive Birthing techniques contained within this programme for many other birthing and pregnancy issues resolve conception difficulties release heal and forgive past birth trauma or use them to connect to your intuition as a parent Packed full of birthing visualisations this is the ultimate book in Spiritual Birth I followed the programme in 2011 and used it to deal with issues that arose during my meditations and unexpectedly healed old wounds as well as my relationship then went onto have an even more beautiful and wonderful birth than the one I imagined and asked for Thank you Ishtara for these tools to joyfully birth our beautiful baby girl Christa Rose therapist This is a beautiful and intuitive book exploring the spiritual approach to birth preparation Connection with your baby is the primary focus of this gentle programme by Ishtara Blue encouraging each mother to envision and create her ideal birth using visualisation and empowerment techniques drawing wisdom from a variety of traditional and New Age sources Claire Arnold doula
