Creating Sacred Communities Ron Wolfson, 2022-01-31 **The Justice Project (ēmerision: Emergent Village resources for communities of faith)** Brian McLaren, Elisa Padilla, Ashley Bunting Seeber, 2009-09-01 Justice and the call for change are in the air Whether it s extreme poverty human rights racism or the Middle East news outlets bombard us with stories about the need for justice in the world But how are Christians to respond to these stories and the conditions to which they refer Here s help Editors Brian McLaren Elisa Padilla and Ashley Bunting Seeber have amassed a collection of over 30 brief chapters by some of the most penetrating thinkers in the justice conversation including Ren Padilla Peggy Campolo Will and Lisa Samson Sylvia Keesmaat Bart Campolo Lynne Hybels Tony Jones and Richard Twiss Divided into sections God of Justice Book of Justice Justice in the USA Just World and Just Church The Justice Project invites readers to deepen their understanding of the pressures our world faces and to take up the challenge of alleviating them Never has the world been in greater need of Christians who do justice love mercy and walk humbly with God This resource will help them do just that

Re-Forming the Body MR Philip A Mellor, Philip A. Mellor Chris Shilling, Professor Chris Shilling, 1997-02-14 Enriches the concpetual arsenal for interdisciplinary analysis of political social and cultural change stimulates more nuanced thinking about the cultural and political legacy of the Reformation era manages both to clarify tensions surrounding cultural and social integration in the late 20th century while underscoring the real historical complexity of modern bodies American Journal of Sociology Through an analysis of successive re formations of the body this innovative and penetrating book constructs a fascinating and wide ranging account of how the creation and evolution of different patterns of human community are intimately related to the somatic experience of the sacred The book places the relationship between the embodiment and the sacred at the crux of social theory and casts a fresh light on the emergence and transformation of modernity It critically examines the thesis that the rational projects of modern embodiment have died and gone to cyberspace and suggests that we are witnessing the rise of a virulent effervescent form of the sacred which is changing how people see and keep in touch with the world around them **Christian History in Rural Germany** David

Mayes, 2022-11-14 Surely Christian history in Germany principally followed the outlines of a Catholic and Protestant narrative right On the contrary for Hesse Hanau and Fulda this dominant framework largely obscures the historical experience of most Christians specifically rural Christians The rural Christian narrative animated for more than a millennium by agricultural and communal forces principally followed an indigenous path characterized by long term surges and setbacks This path eventually bifurcated not in the 1517 1648 period but rather in the wake of the 1648 Peace of Westphalia and it did so not into Catholic and Protestant storylines but rather into those Christian corpora Gemeinden which maintained their local civil sacred unity into the twentieth century and those which lost that unity after succumbing to Westphalia s divisive effects

Hope and the Longing for Utopia Daniel Boscaljon, 2015-02-26 At present the battle over who defines our future is being waged most publicly by secular and religious fundamentalists Hope and the Longing for Utopia offers an alternative position disclosing a conceptual path toward potential worlds that resist a limited view of human potential and the gift of religion In addition to outlining the value of embracing unknown potentialities these twelve interdisciplinary essays explore why it has become crucial that we commit to hoping for values that resist traditional ideological commitments Contextualized by contemporary writing on utopia and drawing from a wealth of times and cultures ranging from Calvin's Geneva to early twentieth century Japanese children's stories to Hollywood cinema these essays cumulatively disclose the fundamental importance of resisting tantalizing certainties while considering the importance of the unknown and unknowable Beginning with a set of four essays outlining the importance of hope and utopia as diagnostic concepts and following with four concrete examples the collection ends with a set of essays that provide theological speculations on the need to embrace finitude and limitations in a world increasingly enframed by secularizing impulses Overall this book discloses how hope and utopia illuminate ways to think past simplified wishes for the future

Americans With African Roots Empowered El Piper, 2025-08-19 Americans With African Roots Empowered AWARE offers a grounded and insightful exploration of the history and identity of the Hebrew Israelites tracing their journey from biblical times through centuries of exile colonization and cultural erasure Beginning with King James VI and I the book examines how his influence shaped the Bible's translation and how this version was used to reinforce imperial agendas Through careful comparison with ancient texts such as the Ethiopian Bible and analysis of removed or suppressed scriptures the book reveals how religious doctrine was reshaped to justify colonization and slavery The transformation of the Hebrew Israelite faith into a tool of European dominance is laid bare showing how key elements of biblical history were distorted or omitted Spanning events from the founding of Jamestown to the transatlantic slave trade this work connects pivotal historical moments to the ongoing journey of a people whose story has often been hidden It also explores the cultural endurance and prophetic traditions of the Hebrew Israelites the evolving role of women and the spiritual impact of the King James Bible on African American communities This is both a historical reexamination and a call to

fakery in the guise of frauds charlatans inventions and simulations plays in creating religious experience His book is at once
an incisive analysis of the relationship between religion and popular culture and a celebration of the myriad ways in which
invention can stimulate the religious imagination Moving beyond American borders Chidester considers the religion of
McDonald s and Disney the discourse of W E B Du Bois and the American movement in Southern Africa the messianic
promise of Nelson Mandela s 1990 tour to America and more He also looks at the creative possibilities of the Internet in such
