Roberts, 2023-11-03 With contributions from over 30 international legal scholars this topical Research Handbook on International Food Law provides a crucial and reflective examination of the rules power dynamics legal doctrines societal norms and frameworks that govern the modern global food system The Research Handbook analyses the interlinkages between producers and consumers of food as well as the environmental effects of the global food network and the repercussions on human health

An Opportunity Lost Virgil W. Dean, 2006 Examines Charles Brannan s agricultural plan the farm policy debate and Harry S Truman s quest for a long range agricultural program Assesses Truman s relationships with farmers and with politicians and the search for a workable peacetime program especially as it related to the parity price foundation and price supports Provided by publisher

Cultivating Congress William Paul Browne, 1995 The American Congress in the mid 1990s remains the object of voter discontent Public outcries against special interests and unresponsive incumbents have amplified an already pervasive scepticism towards Beltway politics The book covers policy towards agricultural issues in particular

Family Agriculture David G. Francis, 2023-07-26 Originally published in 1994 this book examines the importance of family agricultural systems in both the developed and the developing worlds Throughout the world and throughout history the family unit has been at the heart of agricultural systems Working together families not only furnish their own needs but form the basis for society itself they provide the labour population resources and the market to maintain much of the world s economic and social development But the global race for financial prosperity with its large scale intensive farming techniques is increasingly undermining the family s role in food production and social cohesion This book explores both traditional and modern farming techniques and looks at their different consequences for national agricultural resources and for rural societies Finally it suggests ways in which technology can be harnessed to meet the needs of the family rather than

undermine it in order to achieve a viable and sustainable agriculture for the future *Food in the USA* Carole Counihan, 2013-10-18 From Thanksgiving to fast food to the Passover seder *Food in the USA* brings together the essential readings on these topics and is the only substantial collection of essays on food and culture in the United States Essay topics include the globalization of U S food the dangers of the meatpacking industry the rise of Italian American food the meaning of Soul food the anorexia epidemic the omnipotence of Coca Cola and the invention of Thanksgiving Together the collection provides a fascinating look at how and why we Americans are what we eat
