Sacred Game Provincialism And Frontier Consciousness In American Literature 1630 1860:

The Sacred Game Albert J. von Frank, 1985-06-30 Examines a variety of works created in frontier circumstances from the mid 17th to the mid 19th century Reveals how being removed from the center of conventional culture affected literary expression as American civilization moved westward The Cambridge Companion to Early American Literature Bryce Traister, 2021-11-25 This book introduces readers to early American literary studies through original readings of key literary texts

Mark Twain and the Feminine Aesthetic Peter Stoneley, 1992-03-05 In this 1992 book Peter Stoneley analyzes Mark Twain's preoccupation with the nature and value of the feminine

Nathaniel Hawthorne Charles Swann, 1991-06-28 This is the first analysis of the fiction of Nathaniel Hawthorne and his perception of history In his study Charles Swann examines the whole of Hawthorne's literary career and gives proper weight to the unfinished work Hawthorne saw history as a struggle between the authoritative claims of tradition on the one hand and the conflicting but equally valid claims of the desires for revolutionary transformation on the other To evaluate Hawthorne's view of history Swann provides close readings of such key shorter works as Alice Doane's Appeal and Main Street as well as the most detailed analysis to date of the unfinished works The American Claimant Mss and The Elixir of Life Mss two works which exemplify the temptations of tradition and the exhilaration of the revolutionary moment This study asks us to explore how Hawthorne presents and interprets history through his fiction for example the history of crucial sins of the past and the contemporary placing of such sins in Alice Doane's Appeal the problematic nature of the American Revolution in The Elixir of Life Mss and the role of society in The Scarlet Letter Swann's innovative study will be of interest to students and scholars of American literature history cultural studies and literary criticism

American Studies Jack Salzman, 1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology

Modernism, Mass Culture and Professionalism Thomas F. Strychacz, 1993-07-30 A study of four modernist writers and their relationship to their critics and era

Harriet Jacobs and Incidents in the Life of a Slave Girl Deborah M. Garfield, Rafia Zafar, 1996 Harriet Jacobs has not until recently enjoyed sustained scholarly analysis This anthology presents a far ranging compendium of literary and cultural scholarship taking its place as the primary resource for students and teachers

Sublime Enjoyment Dennis A. Foster, 1997-11-13 Linking classic American literature to contemporary popular culture Sublime Enjoyment argues that the rational systems of normal social life are motivated and sustained by perverse desires This perversity arises from the failure of symbolic satisfactions love work success to make us happy and from our refusal to accept that failure Hoping to achieve satisfaction we respond ultimately to situations that evoke older more primary drives and their attendant emotions But while a conventional pervert knows exactly what to want

the healthy pervert must find enjoyment inadvertently in the object of the sublime in duty and reason and in the obligations of a fun morality Examining the ways in which this inadvertence is represented in American literature and culture Dennis Foster identifies ways in which longings are linked to social forces *The Drama of the American Short Story, 1800-1865* Michael J. Collins, 2016-10-20 A new history of the origins of the American short story and its relationship to theatrical performance culture *Novel Arguments* Richard Walsh, 1995-09-29 Novel arguments argues that innovative fiction by which is meant writing that has been variously labeled postmodern metafictional experimental extends our ways of thinking about the world and rejects the critical consensus that under the rubrics of postmodernism and metafiction homogenizes this fiction as autonomous and self absorbed Play self consciousness and immanence supposed symptoms of innovative fiction s autonomy are here reconsidered as integral to its means of engagement The book advances a concept of the argument of fiction as a construct wedding structure and content into a highly evolved and expressive experimental form Close readings of five important innovative novels by Donald Barthelme Ishmael Reed Robert Coover Walter Abish and Kathy Acker show how they articulate matters of substance social engagement and ideological currency by virtue of the act of innovation Walsh deftly argues for a new understanding of fictional cognition at the theoretical level and in an act of great critical creativity discards altogether the flattening totalities of received postmodern formulations
