Landscape as Sacred Space Steven Lewis, 2005-07-15 Steven Lewis's *Landscape as Sacred Space* Metaphors for the Spiritual Journey invites new discussions about our spiritual journeys and allows seekers to rethink approaches to Christian spirituality and theology in light of postmodernity Landscape metaphors provide a common and accessible language to articulate one's spiritual journey Spiritual mountains deserts and valleys are dominant landscapes on our journey through life Most people have experienced the joy of a mountaintop spiritual experience the pain of spiritual deserts or perhaps the dreariness too often associated with spiritual valleys There is a tendency however to highlight spiritual mountaintops while avoiding spiritual deserts and ignoring spiritual valleys This leaves many Christians ill equipped either to deal with crises or to integrate God into ordinary life Each landscape offers rich lessons that when combined together lead us toward a maturing faith and into a deeper relationship with God *Landscape as Sacred Space* is intended to aid those who search for more meaningful ways to articulate their faith journey The book grants permission to struggle with life's landscapes provides safe spaces to reflect on the journey and introduces language that enables exploration and discovery

Sacred Space for the Missional Church William R. McAlpine, 2011-02-14 *Sacred Space for the Missional Church* examines the strong link between the theology and mission of the Church and the spaces in which and from which that theology and mission are lived out The author demonstrates that the built environment is not incidental or even subservient to mission Rather it is a key player in the fulfillment and the communication of that mission The book begins with a working definition of the missional church underscoring the connection between God's mission *missio Dei* and the Church's

mission The reader is presented with historical and theological frameworks for sacred space and reminded of the pivotal role of the built environment in the fulfillment of the mission of the Church The design and construction of sacred spaces are shown to be fundamentally a theological exercise and not solely a matter of function pragmatics and fiscal astuteness The author questions the uncritical application of blanket statements such form must follow function and challenges the conviction that it does not matter where worship occurs only that it occurs The book addresses genuine concerns such as legitimizing the cost of church buildings and concludes with practical suggestions and essential questions that must be considered in posturing the built environment within the missional praxis of the Church

The Mysticism of Ordinary and Extraordinary Experience Harry L. Serio, 2021-04-12 We are so much more than we appear to be The why of our existence is far more complex than the how of our being Mysticism probes the hidden nature of who we are why we are and our relationship to our Creator We catch glimpses of this not only in the ordinary experiences of life but also through extraordinary and unusual encounters with mystery Mysticism is the awareness of our reality

Teaching Interreligious Encounters Marc A. Pugliese, Alexander Y. Hwang, 2017 Divided into five components of teaching interreligious encounters Theory Design Textual Analysis Practice and Formation this volume guides both new teachers and seasoned scholars in addressing the sometimes challenging questions raised by contact between divergent faiths

Borderlands Mark Brickman, 2018-06-21 Change carries us into uncharted territory We can often feel adrift in such borderlands Scripture however offers rich resources for navigating these times The biblical narrative of the great fifty days from Easter to Pentecost forms a map for the adventure of spiritual growth Tracking the tumultuous and deeply human journey of the disciples through these days *Borderlands* is for all who are experiencing periods of transition or who seek to progress in their faith Poetic and passionate in language and authentic about the challenges posed by change this frank book aims to inspire and stir our appetite for passing from one life stage to another Combining revealing insights from literature psychology and other fields Mark Brickman offers an incisive reading of Scripture that can enrich life in flux Be equipped for a transformative journey into deeper identification with Christ and the fullness of life that he brings
