Sacred Time A Novel:

In Search of Sacred Time Jacques Le Goff, 2014-02-23 How The Golden Legend shaped the medieval imagination It is impossible to understand the late Middle Ages without grasping the importance of The Golden Legend the most popular medieval collection of saints lives Assembled for clerical use in the thirteenth century by Genoese archbishop Jacobus de Voragine the book became the medieval equivalent of a best seller By 1500 there were more copies of it in circulation than there were of the Bible itself Priests drew on The Golden Legend for their sermons the faithful used it for devotion and piety and artists and writers mined it endlessly in their works In Search of Sacred Time is the first comprehensive history and interpretation of this crucial book Jacques Le Goff one of the world s most renowned medievalists provides a lucid compelling and unparalleled account of why and how The Golden Legend exerted such a profound influence on medieval life In Search of Sacred Time explains how The Golden Legend an encyclopedic work that followed the course of the liturgical calendar and recounted the life of the saint for each feast day worked its way into the fabric of medieval life Le Goff describes how this ambitious book was carefully crafted to give sense and shape to the Christian year underscoring its meaning and drama through the stories of saints miracles and martyrdoms Ultimately Le Goff argues The Golden Legend influenced how medieval Christians perceived the passage of time Christianizing time itself and reconciling human and divine temporality Authoritative eloquent and original In Search of Sacred Time is a major reinterpretation of a book that is central to comprehending the medieval imagination

The Novels of Oe Kenzaburo Yasuko Claremont, 2008-12-01 e Kenzabur was awarded the Nobel Prize for Literature in 1994 This critical study examines e s entire career from 1957 2006 and includes chapters on e s later novels not published in English Through close readings at different points in e s career Yasuko Claremont establishes the spiritual path that he has taken in its three major phases of nihilism atonement and salvation all highlighted against a background of violence and suicidal despair that saturate his pages e uses myth in two distinct ways to link mankind to the archetypal past and as a critique of contemporary society Equally he depicts the great themes of redemption and salvation on two levels that of the individual atoning for a particular act and on a universal level of self abnegation dying for others In the end it is e s ethical concerns that win out as he turns to the children the inheritors of the future new men in a new age who will have the power and desire to redress the ills besetting the world today Essentially e is a moralist a novelist of ideas whose fiction is densely packed with references from Western thought and poetry This book is an important read for scholars of e Kenzabur s work and those studying Japanese Literature and culture more generally

Feeling Time Amit S. Yahav, 2018-03-19 Literary historians have tended to associate the eighteenth century with the rise of the tyranny of the clock the notion of time as ruled by mechanical chronometry The transition to standardized scheduling and time discipline the often told story goes inevitably results in modernity s time keeper societies and the characterization of modern experience as qualitatively diminished In Feeling Time Amit Yahav challenges this narrative of the triumph of

chronometry and the consequent impoverishment of individual experience She explores the fascination eighteenth century writers had with the mental and affective processes through which human beings come not only to know that time has passed but also to feel the durations they inhabit Yahav begins by elucidating discussions by Locke and Hume that examine how humans come to know time noting how these philosophers often consider not only knowledge but also experience She then turns to novels by Richardson Sterne and Radcliffe attending to the material dimensions of literary language to show how novelists shape the temporal experience of readers through their formal choices Along the way she considers a wide range of eighteenth century aesthetic and moral treatises finding that these identify the subjective experience of duration as the crux of pleasure and judgment described more as patterned durational activity than as static state Feeling Time highlights the temporal underpinnings of the eighteenth century s culture of sensibility arguing that novelists have often drawn on the logic of musical composition to make their writing an especially effective tool for exploring time and for shaping durational experience
