Sacrifice On The Somme Island Pamphlets S:

Ghosts of the Somme Jonathan Evershed, 2018-05-30 Once assumed to be a driver or even cause of conflict commemoration during Ireland's Decade of Centenaries came to occupy a central place in peacebuilding efforts The inclusive and cross communal reorientation of commemoration particularly of the First World War has been widely heralded as signifying new forms of reconciliation and a greater maturity in relationships between Ireland and the UK and between Unionists and Nationalists in Northern Ireland In this study Jonathan Evershed interrogates the particular and implicitly political claims about the nature of history memory and commemoration that define and sustain these assertions and explores some of the hidden and countervailing transcripts that underwrite and disrupt them Drawing on two years of ethnographic fieldwork conducted in Belfast Evershed explores Ulster Loyalist commemoration of the Battle of the Somme its conflicted politics and its confrontation with official commemorative discourse and practice during the Decade of Centenaries He investigates how and why the myriad social political cultural and economic changes that have defined postconflict Northern Ireland have been experienced by Loyalists as a culture war and how commemoration is the means by which they confront and challenge the perceived erosion of their identity He reveals the ways in which this brings Loyalists into conflict not only with the politics of Irish Nationalism but with the peacebuilding state and crucially with each other He demonstrates how commemoration works to reproduce the intracommunal conflicts that it claims to have overcome and interrogates its nuanced and perhaps counterintuitive function in conflict transformation

Sacred and Secular Martyrdom in Britain and Ireland since 1914 John Wolffe,2019-11-28 During and immediately after the First World War there was a merging of Christian and nationalist traditions of martyrdom expressed in the design of war cemeteries and war memorials and the state funeral of the Unknown Warrior in 1920 John Wolffe explores the subsequent development of these traditions of sacred and secular martyrdom analysing the ways in which they operated sometimes in parallel sometimes merged together and sometimes in conflict with each other Particular topics explored include the Protestant commemoration of Marian and missionary martyrs and the Roman Catholic campaign for the canonization of the saints and martyrs of England Secular martyrdom is discussed in relation to military conflicts especially the Second World War and the Falklands In Ireland there was a particularly persistent merging of sacred and secular martyrdom in the wake of the Easter Rising of 1916 although by the time of the Northern Ireland Troubles in the later twentieth century these traditions diverged In covering these themes the book also offers historical and comparative context for understanding present day acts of martyrdom in the form of suicide attacks *Cross-border Reflections on 1916* ,2001
