Iraqi Resistance to the Coalition Invasion was So Weak Stephen T. Hosmer, 2007 Research brief summarizes an analysis of information derived from interviews with former senior Iraqi officials to determine factors contributing to the rapid collapse of Iraqi resistance to the Coalition invasion of Iraq in March and April 2003 *Saddam's War of Words* Jerry M.

Long, 2009-08-17 From a Western perspective the Persian Gulf War of 1990 1991 largely fulfilled the first President Bush's objective In out do it do it right get gone That's the message But in the Arab world the causes and consequences of Saddam

Hussein's invasion of Kuwait and his subsequent defeat by a U.S.-led coalition were never so clear-cut. The potent blend of Islam and Arab nationalism that Saddam forged to justify his invasion of a Muslim state gained remarkable support among both Muslims and Arabs and continued to resonate in the Middle East long after the fighting ended. Indeed, as this study argues, in passing it became a significant strand in the tangled web of ideologies and actions that led to the attacks of 9/11. This landmark book offers the first in-depth investigation of how Saddam Hussein used Islam and Arab nationalism to legitimate his invasion of Kuwait in the eyes of fellow Muslims and Arabs while delegitimizing the actions of the U.S.-led coalition and its Arab members. Jerry M. Long addresses three fundamental issues: how extensively and in what specific ways Iraq appealed to Islam during the Kuwait crisis; how elites, Islamists, and the elusive Arab street both in and out of the coalition responded to that appeal; and why they responded as they did and the longer-term effects that resulted from Saddam's strategy.

Second Chances Susan Reynolds Whyte, 2015-02-15 During the first decade of this millennium, many thousands of people in Uganda who otherwise would have died from AIDS got second chances at life. A massive global health intervention, the scaling up of antiretroviral therapy (ART), saved them and created a generation of people who learned to live with treatment. As clients, they joined programs that offered free antiretroviral medicine and encouraged positive living. Because ART is not a cure but a lifelong treatment regime, its consequences are far-reaching for society, families, and individuals. Drawing on personal accounts and a broad knowledge of Ugandan culture and history, the essays in this collection explore ART from the perspective of those who received second chances. Their concerns about treatment, partners, children, work, food, and bodies reveal the essential sociality of Ugandan life. The collection is based on research undertaken by a team of social scientists, including both Western and African scholars. Contributors: Phoebe Kajubi, David Kyaddondo, Lotte Meinert, Hanne O. Mogensen, Godfrey Etyang, Siu Jenipher Twebaze, Michael A. Whyte, Susan Reynolds Whyte. Update on the Situation in the Persian Gulf United States. Congress. House. Committee on Foreign Affairs, 1991

Saddam's Bombmaker Khidhir Hamza, Jeff Stein, 2001-10-09 The author who spent twenty years developing Iraq's atomic weapon recounts his life in Saddam Hussein's inner circle and his daring flight to the West. The book delves into the darkest corners of a regime ruled by a volatile, brutal leader. Dr. Hamza, the only defector who has lived to write a firsthand portrait of Iraq, also presents an unprecedented portrait of Saddam: his drunken rages, his women, his cold-blooded murder of underlings, and his unrivaled power. If pushed to the wall, Saddam will use the bomb that Dr. Hamza helped create. This is an account of what he endured in Iraq, his harrowing flight across three continents, and his first encounter with skeptical CIA agents who turned him away.

Saddam's Generals: Perspectives of the Iran-Iraq War National Intelligence Council, Kevin M. Woods, Williamson Murray, Elizabeth A. Nathan, Laila Sabara, Ana M. Venegas, 2013-05-23 This study was inspired by post-World War II efforts of U.S. Army historians and intelligence officers to gather and preserve insights and perspectives of the German General Staff. This is the second volume in a series of studies sponsored by the National Intelligence Council.

designed to cast light on issues involving Saddam's Iraq by interviewing former Iraqi officials. The first volume, *Saddam's War: An Iraqi Military Perspective of the Iran Iraq War*, contained interviews with Lieutenant General Ra'ad Hamdani, a former Iraqi Republican Guard Corps commander. This second volume includes an additional interview with Hamdani along with four additional senior officers who discuss issues including Iraqi naval operations, airpower, military intelligence, and capability development.

Dancing with the Devil Michael Rubin, 2015-03-10. The world has seldom been as dangerous as it is now. Rogue regimes, governments, and groups that eschew diplomatic normality, sponsor terrorism, and proliferate nuclear weapons threaten the United States around the globe. Because sanctions and military action are so costly, the American strategy of first resort is dialogue on the theory that it never hurts to talk to enemies. Seldom is conventional wisdom so wrong. Engagement with rogue regimes is not cost-free, as Michael Rubin demonstrates by tracing the history of American diplomacy with North Korea, Iran, Iraq, Libya, the Taliban in Afghanistan, and Pakistan. Further challenges to traditional diplomacy have come from terrorist groups such as the PLO in the 1970s and 1980s, or Hamas and Hezbollah in the last two decades. The argument in favor of negotiation with terrorists is suffused with moral equivalence: the idea that one man's terrorist is another man's freedom fighter. Rarely does the actual record of talking to terrorists come under serious examination. While soldiers spend weeks developing lessons learned after every exercise, diplomats generally do not reflect on why their strategy toward rogues has failed or consider whether their basic assumptions have been faulty. Rubin's analysis finds that rogue regimes all have one thing in common: they pretend to be aggrieved in order to put Western diplomats on the defensive. Whether in Pyongyang, Tehran, or Islamabad, rogue leaders understand that the West rewards bluster with incentives, and that the U.S. State Department too often values process more than results.
